### Kymate FBA-P115-PM01A-G5-S

## Instruction Manual for HKLN4604 Earpiece with Mic

Brand: Kymate | Model: FBA-P115-PM01A-G5-S

### PRODUCT OVERVIEW

The Kymate HKLN4604 Swivel Earpiece with In-line Microphone and Push-to-talk (PTT) Switch is designed for use with Motorola two-way radios. This accessory provides discreet communication, making it suitable for various professional environments. It is a direct replacement for the RLN6423 headset.

## KEY FEATURES

- **Swivel Earpiece:** Designed for extended wear, the earbud swivels to fit comfortably on either the right or left ear and adjusts vertically for a proper fit.
- **In-line Microphone and PTT:** Features an integrated microphone and a Push-to-Talk (PTT) button for convenient communication.
- **Durable Metal Clip:** The PTT unit includes a metal clip on the back, allowing for secure attachment to a lapel, collar, or tie.
- **Lightweight Design:** Weighing approximately 1.41 ounces (40 grams), it is designed for comfortable use over long periods.
- **Sound Isolation:** Provides sound isolation for clear communication in various environments.

## SETUP AND INSTALLATION

- 1. Identify Radio Port:** Locate the two-pin audio accessory port on your compatible Motorola two-way radio.
- 2. Connect Earpiece:** Align the two-pin connector of the HKLN4604 earpiece with the radio's port and firmly insert it. Ensure a secure connection.

Image: A close-up of the two-pin connector, which plugs into the radio.

3. **Position Earpiece:** Place the earhook over your ear. The earbud can be swiveled and adjusted vertically to achieve a comfortable and secure fit for either ear.
4. **Secure PTT Unit:** Use the metal clip on the back of the PTT unit to attach it to your lapel, collar, or other convenient location for easy access.

## OPERATING INSTRUCTIONS

Once connected, the HKLN4604 earpiece allows for discreet and clear communication.

- **Receiving Communication:** Audio from the radio will be transmitted directly to the earpiece.
- **Transmitting Communication:** To speak, press and hold the Push-to-Talk (PTT) button on the in-line unit. Speak clearly into the microphone. Release the PTT button when you are finished speaking to return to receive mode.

## MAINTENANCE

To ensure the longevity and hygiene of your HKLN4604 earpiece, follow these simple maintenance guidelines:

- **Cleaning:** The earpiece can be easily cleaned with an alcohol wipe. Gently wipe down the earbud and earhook, especially if shared among multiple users, to maintain hygiene.
- **Storage:** When not in use, store the earpiece in a clean, dry place away from extreme temperatures and direct sunlight.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cables to prevent internal damage.

## TROUBLESHOOTING

---

If you experience issues with your HKLN4604 earpiece, consider the following:

- **No Audio/Intermittent Audio:**
  - Ensure the two-pin connector is fully and securely inserted into the radio's port.
  - Check the radio's volume level.
  - Inspect the cable for any visible damage or kinks.
- **Microphone Not Transmitting:**
  - Confirm the PTT button is being pressed firmly and held down during transmission.
  - Ensure the microphone is positioned correctly and not obstructed.
- **Poor Sound Quality:**
  - Verify the earpiece is clean and free of debris, especially around the speaker area.
  - Check the radio's settings for any audio adjustments.

If problems persist after attempting these steps, please contact Kymate customer support for further assistance.

## SPECIFICATIONS

---

Feature	Detail
Model Name	HKLN4604 Walkie talkies Swivel Earpiece
Connectivity Technology	Wired
Headphones Jack	3.5 mm Jack
Control Type	PTT Control
