Key Features:

- **Easy Trigger, Easy Win:** Allows for simultaneous movement, aiming, and shooting. Features a 75mAh battery with ultra-low power consumption for extended use.
- **Performance-X Turbo Function:** Records double and triple click frequencies for rapid firing. Customize shooting rates (2x/3x speed) with a single click.
- **Built-in Vibration Motor:** Provides immediate, intensive vibration feedback for an immersive FPS gaming experience.
- **Wide Device Compatibility:** Compatible with iPhone and Android phones with screen sizes up to 6.5 inches, maximum width of 89mm, and thickness of 18mm.
- **Ergonomic Design:** Streamlined structure and trigger-type fire button ensure comfortable use for both left and right hands.

2. SETUP AND INSTALLATION

Follow these steps to properly install and set up your BIGBIG WON M1 Mobile Gaming Trigger:

1. **Prepare Your Phone:** Before installation, ensure your phone's screen is locked or turned off. This

prevents accidental touches and ensures proper trigger response.

2. **Adjust the Trigger:** The trigger features an adjustable head structure. Gently pull out the lever to extend the grip.
3. **Attach to Phone:** Carefully place the trigger onto your phone. The rotary electrode design ensures stable attachment without damaging the screen or screen protector.
4. **Customize In-Game Controls:** Access your game's settings (e.g., PUBG Mobile, Call of Duty Mobile, Fortnite Mobile) and customize the button layout to align with the trigger's physical buttons.

3. OPERATING INSTRUCTIONS

Turbo Function:

The M1 trigger features a Performance-X Turbo Function to enhance your firing rate. Use the dedicated Turbo switch to select between different speeds:

- **Default Mode:** 1 click = 1 shot.
- **Turbo-Normal:** 6 clicks/second.
- **Turbo-X2:** 12 clicks/second.
- **Turbo-X3:** 24 clicks/second.

4. MAINTENANCE

Charging:

The M1 trigger is equipped with a 75mAh battery. For optimal performance, ensure the device is charged regularly. The ultra-low power consumption design allows for extended gaming sessions.

Cleaning:

To maintain the longevity and responsiveness of your trigger, wipe it with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.

5. TROUBLESHOOTING

- **Keys Not Sensitive:** If the trigger keys are not responding or are insensitive, turn off your phone screen and then turn it back on to reset the connection.
- **Compatibility Issues:** Ensure your phone's screen size is within 4.7-6.5 inches, maximum width is 89mm, and thickness is 18mm for proper fit and function.
- **Vibration Not Working:** Check if the vibration motor is enabled by simultaneously pressing the "Trigger" and "FN" buttons. For PUBG Mobile, prioritize in-game vibration settings.

6. SPECIFICATIONS

Feature	Detail
