AMAFACE ZY-K72

AMAFACE K72 Milk Cat Wireless Stereo Earbuds User Manual

Model: ZY-K72

1. Introduction

Thank you for choosing the AMAFACE K72 Milk Cat Wireless Stereo Earbuds. These earbuds combine a unique, cute design with advanced Bluetooth 5.1 technology, offering a stable connection and high-fidelity stereo sound. Designed for comfort and durability, they are IPX5 sweat-resistant, making them suitable for various activities. This manual provides detailed instructions to help you get the most out of your new earbuds.

3. Setup Guide

3.1 Charging the Earbuds and Case

Before first use, ensure both the earbuds and the charging case are fully charged. Connect the provided charging cable to the charging port on the case and a compatible USB power source. The indicator lights on the case will show the charging status.

3.2 One-Step Pairing

The K72 earbuds feature one-step pairing for quick and easy connection to your device.

1. Ensure Bluetooth is enabled on your smartphone or other Bluetooth-enabled device.
2. Open the lid of the Milk Cat charging case. The earbuds will automatically power on and enter pairing mode.
3. On your device, search for Bluetooth devices and select **"K72"** from the list.
4. Once connected, you will hear a confirmation prompt, and the earbuds will be ready for use.

After the initial pairing, the earbuds will automatically connect to the last paired device when removed from the charging case, provided Bluetooth is active on your device.

4. Operating Instructions

4.1 Touch Controls

The K72 earbuds are equipped with intuitive touch controls for easy management of music playback and calls. The touch sensitive area is located on the outer surface of each earbud.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold either earbud for 2 seconds.
- **Activate Voice Assistant (Siri/Google Assistant):** Triple tap on either earbud.

4.2 Single/Dual Earbud Mode

You can use both earbuds together for a stereo experience or use a single earbud independently. If you only want to use one earbud, simply leave the other in the charging case. The active earbud will continue to function normally without needing to reconnect Bluetooth.

4.3 Sound Quality and Comfort

The K72 earbuds deliver **HiFi Stereo Sound Quality** for a crystal-clear audio experience. Their lightweight and ergonomic design ensures a comfortable fit, even during extended use. Multiple eartip sizes are provided to help you find the perfect seal for optimal sound and comfort.

5. Maintenance and Care

5.1 IPX5 Water Resistance

The K72 earbuds feature an **IPX5 waterproof design**, protecting them from sweat and light rain. This makes them ideal for workouts and outdoor activities. *Note: The charging case is not waterproof. Do not submerge the earbuds or case in water.*

5.2 Cleaning and Storage

To maintain optimal performance and hygiene, regularly clean your earbuds and charging case. Use a soft, dry, lint-free cloth to wipe surfaces. For the eartips, you may gently remove them and clean with a damp cloth, ensuring they are completely dry before reattaching. Store the earbuds in their charging case when not in use to protect them and keep them charged.

6. Troubleshooting

If you encounter any issues with your AMAFACE K72 earbuds, please refer to the following common solutions:

Problem	Possible Solution
Earbuds not pairing/connecting	Ensure earbuds are charged. Turn off and on Bluetooth on your device. Forget "K72" from your device's Bluetooth list and re-pair. Place earbuds back in case, close lid, wait a few seconds, then open again.

Problem	Possible Solution
Only one earbud working	Ensure both earbuds are charged. Place both earbuds back in the charging case, close the lid, and then open it again to reset their connection. Clean the charging contacts on both earbuds and inside the case.
Low volume or poor sound quality	Adjust volume on your connected device. Ensure eartips are properly sealed in your ear. Try different sizes. Clean any debris from the earbud speaker mesh.
Charging case not charging	Try a different charging cable and power adapter. Ensure the charging cable is securely connected.

If the issue persists, please contact customer support.

7. Specifications

Feature	Detail
Model Name	ZY-K72
Connectivity Technology	Wireless (Bluetooth)
Bluetooth Version	5.0 (Note: Product title mentions 5.1, but specifications list 5.0. Following specifications for technical detail.)
