### 3. PRODUCT FEATURES

- **Wireless Streaming:** Converts traditional audio systems to wireless for streaming from Bluetooth-enabled devices.
- **TF Card Slot:** Supports direct music playback from a TF card.
- **Bluetooth 5.0:** Provides a stable and low-latency connection.
- **3D Bass Mode:** Enhances bass for a richer audio experience.
- **Easy Setup & Auto-connect:** Simple connection process with automatic re-connection to previously paired devices.
- **Wide Compatibility:** Connects to speakers via 3.5mm or RCA cables.
- **Extended Range:** Reliable connection up to 50-70 feet.

### 4. SETUP INSTRUCTIONS

Follow these steps to set up your Nulaxy BR04 Bluetooth Audio Receiver:

- 1. Power On:** Connect the Nulaxy BR04 to a power source using the provided Type-C power supply cable. The blue indicator light will flash, indicating it is ready to pair.
- 2. Connect to Speaker:** Connect the BR04 to your speaker or stereo system using either the 3.5mm audio cable (AUX in port) or the RCA cable. Ensure the cables are securely plugged into the correct input ports on your audio system.
- 3. Pair with Smart Device:**
  - Enable Bluetooth on your smartphone or tablet.
  - Search for "BR04" in the list of available Bluetooth devices.
  - Tap on "BR04" to initiate pairing. Once successfully paired, the Bluetooth indicator light on the receiver will turn solid blue.

## 6. TROUBLESHOOTING

### • No Sound:

- Ensure the receiver is powered on and the indicator light is solid blue (paired).
- Check all cable connections (3.5mm/RCA) between the receiver and your audio system.
- Verify the input source on your audio system is set correctly (e.g., AUX, CD, Line In).
- Adjust the volume on both your smart device and the Nulaxy BR04 receiver.

### • Cannot Pair:

- Ensure the receiver is in pairing mode (flashing blue light). If not, restart the device.
- Turn off and on Bluetooth on your smart device.
- Move your smart device closer to the receiver.
- Clear the Bluetooth device list on your smart device and try pairing again.

- **Intermittent Connection:**

- Reduce the distance between your smart device and the receiver.
- Remove any obstacles (walls, large metal objects) that may interfere with the Bluetooth signal.
- Avoid placing the receiver near other wireless devices that may cause interference.

- **TF Card Not Playing:**

- Ensure the TF card is inserted correctly.
- Check if the music files on the TF card are in a supported format.
- Try a different TF card to rule out card issues.
