YEELIGHT YLCT01YL

YEELIGHT Smart Table Lamp YLCT01YL User Manual

Model: YLCT01YL

1. Product Overview

The YEELIGHT Smart Table Lamp YLCT01YL is a versatile smart lighting device designed for various indoor environments such as bedrooms and living rooms. It offers a wide range of customizable lighting options and smart control features.

Image: The YEELIGHT Smart Table Lamp YLCT01YL in operation, showing its blue light and the accompanying mobile application interface.

Key Features:

- **Customizable Lighting:** Offers over 16 million colors and adjustable white light (1700K warm white to 6500K cool daylight). Features a smart color picking function from images.
- **Voice & App Control:** Compatible with Apple HomeKit, Siri, Amazon Alexa, Google Assistant, and SmartThings. Control the lamp via voice commands or the YEELIGHT/Apple Home app.
- **Music Synchronization:** Built-in microphone allows the lamp to sync with music, movies, and video games, creating dynamic lighting effects.
- **Touch Interaction:** Features a sensitive touch sensor for easy control. Double-tap the top to turn on/off (when gesture function is enabled in the app) and use the side slider to adjust color and brightness.
- **Timer and Schedule:** Set daily schedules for automatic on/off, brightness adjustments, and color changes to integrate into your routine.

2. What's in the Box

Carefully unpack the contents of your YEELIGHT Smart Table Lamp package. The box should contain the following items:

- YEELIGHT Smart Table Lamp YLCT01YL
- USB Cable (Type-A to Type-C)
- User Manual

3. Setup

Follow these steps for the initial setup of your YEELIGHT Smart Table Lamp:

1. **Power On:** Connect the provided USB cable to the lamp's USB-C port and plug the other end into a compatible USB power adapter (not included). The lamp will light up.
2. **Download the App:** Download the official YEELIGHT app from the App Store (for iOS) or Google Play Store (for Android). Search for "YEELIGHT".
3. **Create an Account:** If you are a new user, create a Xiaomi account within the YEELIGHT app. Follow the on-screen instructions for registration, including country selection and phone number verification.
4. **Add Device:** Open the YEELIGHT app. Tap the "+" icon in the upper right corner to add a new device. The app may automatically scan for nearby devices. If not, manually select "Desk lamp/floor lamp" then "Yeelight Bedside Lamp 2".
5. **Reset Device (if needed):** If the lamp does not appear, you may need to reset it. With the lamp powered on, press and hold the power button and slide your finger along the brightness adjustment slider for 5 seconds simultaneously. The lamp will display a color cycle effect, indicating a successful reset. Release the buttons.
6. **Connect to Wi-Fi:** Follow the in-app instructions to connect your lamp to your 2.4GHz Wi-Fi network. (5GHz Wi-Fi networks are not supported).
7. **Complete Setup:** Once connected, you can name your lamp and assign it to a room within the app.

4. Operating Instructions

4.1 Manual Control

- **Power On/Off:** Tap the circular power button on the front of the lamp. If the gesture function is enabled in the app, you can also double-tap the top surface of the lamp.
- **Adjust Brightness/Color:** Slide your finger along the touch-sensitive strip on the side of the lamp to adjust brightness or cycle through colors.

4.2 App Control (YEELIGHT App)

The YEELIGHT app provides comprehensive control over your lamp:

- **Presets:** Select from various pre-defined lighting scenes like Sunrise, Sunset, Night Mode, Reading, Birthday Party, Movie, etc.
- **White Mode:** Adjust the color temperature from warm white to cool daylight and control brightness.
- **Color Mode:** Choose from over 16 million colors using a color wheel or slider.
- **Flow Mode:** Create dynamic lighting effects by selecting multiple colors that the lamp will cycle through. Adjust speed and brightness.
- **Music Mode:** Enable the music mode to synchronize the lamp's lighting effects with audio captured by your smartphone's microphone or internal audio.
- **Color Picker:** Use your phone's camera to pick a color from your surroundings, and the lamp will mimic it.
- **Schedules & Timers:** Set specific times for the lamp to turn on/off, change colors, or adjust brightness.

4.3 Voice Control Integration

The YEELIGHT Smart Table Lamp can be integrated with various smart home platforms for hands-free voice control:

- **Apple HomeKit / Siri:** Open the Apple Home app, tap the "+" icon, and select "Add Accessory". Scan the HomeKit code found on the lamp or in the user manual. Follow the prompts to add the lamp. You can then use Siri

commands like "Hey Siri, turn on the bedside lamp" or "Hey Siri, change the bedside lamp to blue."

- **Amazon Alexa:** Open the Alexa app, go to "Skills & Games", search for "YEELIGHT", and enable the skill. Link your Xiaomi/YEELIGHT account. Once linked, you can use commands like "Alexa, turn on the table lamp" or "Alexa, dim the table lamp to 50%."
- **Google Assistant:** Open the Google Home app, tap "+" then "Set up device" > "Works with Google". Search for "YEELIGHT" and link your Xiaomi/YEELIGHT account. Use commands such as "Hey Google, set the table lamp to red" or "Hey Google, turn off the table lamp."
- **SmartThings:** Follow similar steps within the SmartThings app to add the YEELIGHT service and link your account for integration.

5. Maintenance

To ensure the longevity and optimal performance of your YEELIGHT Smart Table Lamp, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the lamp's surface. Avoid abrasive cleaners, solvents, or harsh chemicals, as

these can damage the finish.

- **Placement:** Place the lamp on a stable, flat surface. Avoid areas with excessive heat, humidity, or direct sunlight.
- **Power Supply:** Always use the provided USB cable. Ensure the power adapter meets the lamp's voltage requirements (5V).
- **Internal Components:** Do not attempt to disassemble or repair the lamp yourself. This may void the warranty and could lead to electric shock or damage.

6. Troubleshooting

If you encounter issues with your YEELIGHT Smart Table Lamp, refer to the following common problems and solutions:

- **Lamp Not Responding:**
  - Ensure the lamp is properly connected to a power source.
  - Check your Wi-Fi connection. The lamp requires a stable 2.4GHz Wi-Fi network.
  - Try restarting the lamp by unplugging it for 10 seconds and plugging it back in.
  - Perform a factory reset (see Setup section for instructions).
- **Cannot Connect to App:**
  - Verify your phone is connected to a 2.4GHz Wi-Fi network during setup.
  - Ensure Bluetooth is enabled on your phone.
  - Move the lamp closer to your Wi-Fi router.
  - Reset the lamp and try the setup process again.
- **Voice Control Not Working:**
  - Confirm that the YEELIGHT skill/service is enabled and linked to your smart assistant app (Alexa, Google Home, Apple Home).
  - Check if your smart assistant device (Echo, Google Home speaker) is online and functioning correctly.
  - Ensure the lamp is named appropriately and recognized by your smart assistant.
- **Touch Controls Unresponsive:**
  - Ensure your fingers are clean and dry when using the touch controls.
  - If double-tap on top is not working, verify the gesture function is enabled in the YEELIGHT app settings.

7. Specifications

Specification	Value
Model Name	YLCT01YL
Brand	YEELIGHT
Lamp Type	Table Lamp
Light Source Type	LED
Light Color	RGB, RGBW (16 Million Colors)
Color Temperature	1700K - 6500K

Brightness	40 Lumens (Min) - 240 Lumens (Max)
Wattage	5 watts (LED module) + 6 x 0.5W (RGB)
Voltage	120 Volts
Power Source	Corded Electric
Wireless Connectivity	Wi-Fi IEEE 802.11 b/g/n 2.4GHz, Bluetooth 4.2 BLE
Control Method	Voice, App, Touch
