## SMALLRIG 3260

# SmallRig 3260 Push-Button Rotating NATO Handle User Manual

Model: 3260 | Brand: SMALLRIG

## INTRODUCTION

This manual provides comprehensive instructions for the proper setup, operation, and maintenance of your SmallRig 3260 Push-Button Rotating NATO Handle. Please read this manual thoroughly before using the product to ensure optimal performance and longevity.

## PRODUCT OVERVIEW

The SmallRig 3260 Push-Button Rotating NATO Handle is designed to provide a comfortable and versatile grip for your camera cage setup. It features a quick-release NATO clamp for easy attachment and detachment, a push-button mechanism for 360-degree rotation, and multiple mounting points for accessories.

## WHAT'S IN THE BOX

---

- 1 x NATO rotating handle (left)
- 1 x NATO rail (ID: BUN2468)
- 1 x Hex Wrench

# Package Includes:

- 1 x 46mm Safety Rail
- 1 x Hex Spanner
- 2 x 1/4"-20 Screw
- 1 x Spanner (built-in)

## Product Specifications

Brand	Product Weight	Material
SmallRig	310±5g	AL6061+ Silicone

ID	Product Dimensions
3260	112 x 64.5 x 77.3 mm

Image: The package contents of the SmallRig 3260, showing the NATO rotating handle, NATO rail, and hex wrench.

## SETUP INSTRUCTIONS

- Attach NATO Rail to Camera Cage:** If your camera cage does not have a built-in NATO rail, use the provided NATO rail (ID: BUN2468) and hex wrench to securely attach it to the side of your camera cage. Ensure it is firmly tightened to prevent movement.
- Mount the Handle:** Align the NATO clamp on the handle with the NATO rail on your camera cage. Slide the handle onto the rail.
- Secure the Handle:** Tighten the locking knob on the NATO clamp to secure the handle firmly in place. Ensure there is no wobble.

# Quick Assembly for Efficient Creation

Fully compatible with cages by different brands and models

With a NATO rail for quick release

## OPERATING INSTRUCTIONS

### Rotating the Handle

The handle features a push-button mechanism for 360-degree rotation. To adjust the grip angle:

1. Press the inner unlock button located on the side of the handle.
2. Rotate the handle to your desired angle.
3. Release the button to automatically lock the handle in the new position.

*Note: A clicking sound when rotating the handle is a normal mechanical movement.*

# 360°-Degree Adjustment

Press the inner unlock button lightly to adjust the grip angle

Image: Demonstrates the 360-degree adjustment feature of the SmallRig 3260 NATO Handle by pressing the unlock button.

## Attaching Accessories

The handle is equipped with multiple mounting points for various accessories:

- **1/4"-20 & 3/8"-16 Threaded Holes:** Located on the top of the handle for attaching items like magic arms, monitors, or other threaded accessories.
- **Cold Shoe Mount:** Positioned on the top for attaching accessories such as LED lights or microphones.
- **Strap Holes:** Built-in holes for attaching a hand strap (e.g., Hand Strap PAC2456, not included) to enhance grip security.

# Features Multiple Threaded Holes to Attach Accessory

## MAINTENANCE

- Cleaning:** Wipe the handle with a soft, dry cloth to remove dust and debris. For the silicone grip, a slightly damp cloth can be used, then dry thoroughly.
- Tightening:** Periodically check all screws and connections, especially the NATO clamp and any attached accessories, to ensure they remain tight. Use the built-in hex wrench for adjustments.
- Storage:** Store the handle in a dry, clean environment away from extreme temperatures and direct sunlight.

# Built-In Tool for Anti-Lose

Built-in magnetic spanner at the bottom for always-ready use and anti-lose

Image: The SmallRig 3260 NATO Handle featuring a built-in magnetic hex wrench at the bottom for convenient adjustments and maintenance.

## TROUBLESHOOTING

- **Handle feels loose:** Ensure the NATO clamp's locking knob is fully tightened. If the handle still feels loose, check the NATO rail attachment to the cage.
- **Rotation mechanism is stiff:** Ensure the unlock button is fully depressed when attempting to rotate. Avoid forcing the rotation without pressing the button.
- **Accessories not secure:** Verify that all threaded accessories are properly screwed into the 1/4"-20 or 3/8"-16 holes and tightened. For cold shoe accessories, ensure they are fully inserted and locked.

## SPECIFICATIONS

Feature	Detail
---------	--------

Product Dimensions	2.54 x 3.04 x 4.41 inches (112 x 64.5 x 77.3 mm)
