## Instiwitt YG-K81

# Instiwitt K81 True Wireless Bluetooth Earphones User Manual

Model: YG-K81 | Brand: Instiwitt

## INTRODUCTION

---

Welcome to the user manual for your Instiwitt K81 True Wireless Bluetooth Earphones. These earphones are designed to provide a high-quality audio experience with features such as noise reduction, waterproofing, and extended battery life. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your new earphones.

## WHAT'S IN THE BOX

---

Please ensure all the following items are included in your package:

- 1 x Wireless Earbuds (Left and Right)
- 1 x Charging Case
- 1 x USB-C Charging Cable
- 1 x Instruction Manual
- 1 x Package Box
- 3 pairs of rubber ear tips of different sizes (included with earbuds)

## SETUP

### 1. Charging the Earphones and Case

Before first use, fully charge the earphones and the charging case.

- Place the earbuds into the charging case. Ensure they are properly seated; the red light on the earbuds will indicate they are charging.
- Connect the USB-C charging cable to the charging case and a power source. The charging case has a 350mAh battery capacity and can provide up to 5 full charges for the earbuds.
- A full charge for the case and earbuds takes approximately 1.5 hours. Each earbud provides up to 4 hours of continuous usage on a single charge, with a total of 40 hours of music time when utilizing the charging case.

### 2. Pairing with Your Device

The Instiwitt K81 earphones feature one-click pairing for convenience.

1. Open the charging case and take out both wireless Bluetooth earphones. They will automatically power on and attempt to pair with each other.
2. On your mobile phone or Bluetooth-enabled device, go to the Bluetooth settings and enable the Bluetooth function.
3. Search for available devices and select "K62" (or "K81" depending on the specific model identifier) from the

list.

4. Once connected, you will hear a confirmation prompt, and the earphones are ready for use.

# ONE STEP PAIRING

Pick up the earphone and it will automatically pair

## Wearing Modes

The Instiwitt K81 earphones support both single-ear and dual-ear modes for flexible usage.

- **One Ear Mode:** Use a single earbud to listen to audio while remaining aware of your surroundings. This is ideal for situations where you need to hear ambient sounds.
- **Binaural Mode:** Use both earbuds for a full stereo sound experience, providing immersive audio for music, movies, and calls.

## One ear mode

Listen to the surrounding sounds  
Can work from

## Binaural mode

Achieve the best sense of presence  
Stereo

## MAINTENANCE

---

### Waterproofing (IPX5)

The Instiwitt K81 earphones have an IPX5 waterproof rating. This means they are resistant to splashes and sweat, making them suitable for sports and exercise.

- The nano-coating on the surface of the earbuds prevents water and sweat from penetrating.
- While they are waterproof for daily use and light rain, avoid submerging them in water or exposing them to high-pressure water jets.
- Always dry the earbuds thoroughly before placing them back into the charging case to prevent damage.

Image: Two Instiwitt K81 earbuds shown with water splashing around them, illustrating their IPX5 waterproof design suitable for use in various conditions.

## Cleaning

Regular cleaning helps maintain sound quality and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- For ear tips, remove them from the earbuds and clean with mild soap and water if necessary. Ensure they are completely dry before reattaching.
- Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab to remove any dust or debris.

## TROUBLESHOOTING

Problem	Solution
Earbuds not pairing with each other or device.	<ul style="list-style-type: none"> <li>◦ Ensure both earbuds are fully charged.</li> <li>◦ Place both earbuds back into the charging case, close the lid, wait a few seconds, then open and remove them again to re-initiate pairing.</li> <li>◦ On your device, forget the "K62" or "K81" Bluetooth connection and try pairing again.</li> </ul>
Only one earbud is working.	<ul style="list-style-type: none"> <li>◦ Ensure both earbuds are charged.</li> <li>◦ Place both earbuds back into the charging case, close the lid, and then open it again. This often resets the connection between the two earbuds.</li> <li>◦ If the issue persists, try resetting the earbuds (refer to manufacturer's website for specific reset instructions if not covered here).</li> </ul>
Earbuds not charging in the case.	<ul style="list-style-type: none"> <li>◦ Ensure the charging case itself is charged.</li> <li>◦ Check that the earbuds are correctly seated in their charging slots.</li> <li>◦ Clean the charging contacts on both the earbuds and inside the case with a dry cotton swab to remove any dust or debris.</li> </ul>

Problem	Solution
Poor sound quality or intermittent connection.	<ul style="list-style-type: none"> <li>◦ Ensure the earbuds are within the 10-meter Bluetooth range of your device.</li> <li>◦ Check for obstructions between the earbuds and your device.</li> <li>◦ Try disconnecting and reconnecting the Bluetooth connection on your device.</li> <li>◦ Ensure the ear tips are properly fitted to your ears for optimal sound.</li> </ul>
