

Portronics My Buddy D

Portronics My Buddy D Multipurpose Adjustable Laptop Table User Manual

Model: My Buddy D (POR-1376)

INTRODUCTION

This manual provides essential instructions for the assembly, operation, and maintenance of your Portronics My Buddy D Multipurpose Adjustable Laptop Table. Please read this manual thoroughly before use to ensure proper setup and safe operation. Keep this manual for future reference.

PRODUCT OVERVIEW

The Portronics My Buddy D is a versatile and adjustable laptop table designed for various uses, including working, studying, and leisure. It features a robust construction and user-friendly design for enhanced convenience.

Key Features:

- **High-Quality Construction:** Made with strong metal pipes and a pre-laminated particle board, capable of supporting up to 10 kg.
- **Adjustable Height:** Easily adjust the table height from 52 cm to 80 cm to suit various user requirements and preferences.
- **Effortless Mobility:** Equipped with four caster wheels for easy movement across different surfaces.
- **Integrated Safety Wheel Locks:** Two wheels include safety locks to secure the table in place, preventing unintended movement.
- **Multipurpose Design:** Suitable for use as a laptop stand, study table, or for other activities like reading and drawing.

SETUP AND ASSEMBLY

The Portronics My Buddy D table is designed for easy assembly. All necessary tools and screws are included in the package. Assembly typically takes 10-20 minutes.

Included Components:

- 1N Laptop Table (components)
- 1N Screwdriver
- Set of screws

Assembly Steps:

1. Unpack all components and verify against the included parts list.
2. Attach the base frames to the vertical support poles using the provided screws. Ensure all connections are secure but do not overtighten initially.
3. Install the caster wheels into the designated slots on the base frames. Ensure the two wheels

with locking mechanisms are placed on the same side for easier access.

4. Connect the tabletop support arms to the vertical poles.
5. Secure the pre-laminated particle board tabletop to the support arms.
6. Once all parts are assembled, gently tighten all screws. Avoid excessive force to prevent damage to the metal frame.

OPERATING INSTRUCTIONS

Adjusting Height:

To adjust the table's height, locate the adjustment knobs on the vertical support poles. Loosen the knobs, raise or lower the tabletop to your desired height (between 52 cm and 80 cm), and then securely tighten the knobs to lock the table in position.

Sit at your own convenience
Adjustable Height

Effortless Mobility

Swiftly relocate your workspace with ease, ensuring productivity wherever you go, thanks to its convenient mobility

Image: Diagram illustrating the adjustable height mechanism of the table, showing the range of vertical movement.

Moving the Table:

The table is equipped with four caster wheels for easy mobility. To move the table, ensure the safety wheel locks are disengaged. Once moved to the desired location, engage the safety wheel locks to stabilize the table.

Enhanced Protection with Integrated Safety Wheel Lock

MAINTENANCE

To ensure the longevity and optimal performance of your Portronics My Buddy D table, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the tabletop and metal frame with a dry cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the laminated finish or metal.
- **Screw Tightness:** Periodically check all screws and connections to ensure they remain tight. Retighten any loose screws gently to maintain stability.
- **Wheel Care:** Keep the caster wheels free from dust and debris to ensure smooth movement.
- **Weight Limit:** Do not exceed the maximum weight recommendation of 10 kg to prevent structural damage.

TROUBLESHOOTING

If you encounter any issues with your Portronics My Buddy D table, refer to the following common solutions:

- **Table Wobbles:** Ensure all assembly screws are securely tightened. Check that the table is on a flat, even surface. If the issue persists, verify that the vertical poles are correctly inserted and locked at the desired height.
- **Difficulty Moving Wheels:** Check if the safety wheel locks are engaged. Ensure no debris is obstructing the wheels. Clean the wheels if necessary.
- **Height Adjustment Issues:** Loosen the adjustment knobs sufficiently before attempting to change the height. Ensure the poles slide smoothly and are not obstructed.

If these steps do not resolve the issue, please contact Portronics customer support for further assistance.

SPECIFICATIONS

Feature	Detail
Brand	Portronics
Model Name	My Buddy D
Item Model Number	POR-1376
Product Dimensions	61D x 44W x 7H Centimeters
Adjustable Height Range	52 cm to 80 cm
Maximum Weight Recommendation	10 Kilograms
