## Q Acoustics WB75

# Q Acoustics WB75 Tilt and Turn Speaker Wall Mount Instruction Manual

Model: WB75

## 1. INTRODUCTION

This manual provides essential information for the safe and correct installation and use of your Q Acoustics WB75 Tilt and Turn Speaker Wall Mount. Please read these instructions thoroughly before proceeding with installation.

## 2. PRODUCT OVERVIEW

The Q Acoustics WB75 is a versatile wall mount designed to securely hold compatible Q Acoustics speakers. It features a tilt and turn mechanism, allowing for optimal speaker positioning to enhance your audio experience.

### 3. WHAT'S IN THE Box

Carefully unpack the contents and ensure all items are present:

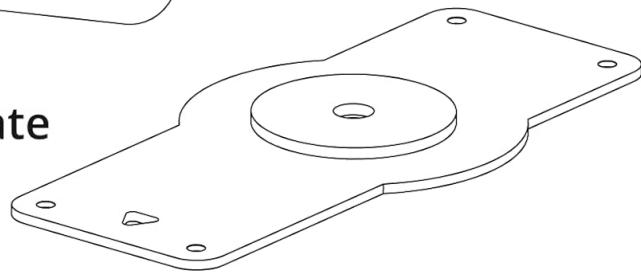

- 1 x WB75 Wall Bracket
- 1 x Speaker Plate
- 6 x Plate screws (4 for speaker attachment, 2 spare)

**Note: Wall fixing screws are not included and must be sourced separately, appropriate for your wall type.**

6 x Plate screws to  
attach the speaker

**(Wall fixing screws are not included)**

Image 2: Diagram illustrating the components included with the WB75 wall mount: one WB75 wall bracket, one speaker plate, and six plate screws.

## 4. FEATURES

### 4.1 Tilt and Turn Mechanism

The WB75 mount incorporates a 'tilt and turn' mechanism, providing flexibility in speaker positioning. This allows you to mount your speaker flat against the wall or angle it downwards or sideways to direct sound precisely where needed.

# Tilt & Turn

The 'tilt and turn' mechanism allows you to mount your speaker flat to the wall or angled down or sideways.

## 4.2 Finish Options

The sturdy wall bracket is available in black and white finishes to complement various home decors and Q Acoustics speaker models.

# Choice of Finish

The sturdy wall bracket comes in black and white to suite your home and your Q Acoustic speaker.

## 6. SETUP AND INSTALLATION

Installation of the WB75 wall mount requires careful attention to detail and appropriate tools. It is recommended to have two people for installation to ensure safety and proper alignment.

## 6.1 Required Tools (Not Included)

- Drill
- Drill bits appropriate for wall material
- Screwdriver (Phillips head recommended)
- Level
- Pencil
- Measuring tape
- Appropriate wall plugs and screws for your wall type (e.g., plasterboard, brick, wood stud)

## 6.2 General Installation Steps

1. **Choose Location:** Select a suitable wall location, ensuring it can support the weight of the mount and speaker. Consider optimal listening height and distance.
2. **Mark Drilling Points:** Hold the WB75 wall bracket against the wall at the desired height and use a level to ensure it is straight. Mark the drilling points with a pencil.
3. **Drill Holes:** Drill pilot holes at the marked points using an appropriate drill bit for your wall material. Insert wall plugs if necessary.
4. **Attach Wall Bracket:** Secure the WB75 wall bracket to the wall using suitable screws (not included). Ensure it is firmly attached.
5. **Attach Speaker Plate to Speaker:** Align the speaker plate with the mounting points on the bottom or back of your compatible Q Acoustics speaker. Use the provided plate screws to securely attach the speaker plate to the speaker.
6. **Mount Speaker to Bracket:** Carefully slide the speaker (with the attached speaker plate) onto the wall bracket. Ensure it clicks securely into place.
7. **Adjust Position:** Utilize the tilt and turn mechanism to adjust the speaker's angle for optimal sound dispersion.

**Always consult the detailed installation guide provided with your specific Q Acoustics speaker model for precise mounting instructions and safety warnings.**

## 7. MAINTENANCE

To maintain the appearance and functionality of your WB75 wall mount:

- Clean the mount with a soft, dry cloth.
- Avoid using abrasive cleaners or solvents, as these can damage the finish.
- Periodically check all screws and connections to ensure they remain tight and secure.

## 8. TROUBLESHOOTING

If you encounter any issues with your WB75 wall mount, consider the following:

- **Speaker not secure:** Ensure all screws are tightened correctly and that the speaker plate is properly engaged with the wall bracket. Verify compatibility with your speaker model.
- **Mount feels loose:** Re-check the wall fixing screws. Ensure they are appropriate for your wall type and securely fastened. If the wall material is compromised, professional assistance may be required.
- **Difficulty adjusting tilt/turn:** Ensure no cables are obstructing the mechanism. Apply gentle, even pressure when adjusting.

For further assistance, please contact Q Acoustics customer support.

## 9. SPECIFICATIONS

Attribute	Value
Product Dimensions	9.09 x 4.02 x 4.69 inches
Item Weight	4.73 pounds
Item Model Number	WB75 Wall bracket
Special Features	Tilt Head
Manufacturer	Q Acoustics
Brand	Q Acoustics
Mounting Type	Wall Mount
Material	Plastic

## 10. WARRANTY AND SUPPORT
