Tribesigns 94.5 inch Two Person Desk

Tribesigns 94.5 Inch Two-Person Desk with Tilttable Tabletop Instruction Manual

Model: 94.5 inch Two Person Desk

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Tribesigns 94.5 inch Two-Person Desk. Please read all instructions carefully before beginning assembly and retain this manual for future reference. This desk is designed to provide a spacious and functional workspace for two individuals, featuring integrated storage shelves and a tilttable tabletop for various activities.

SAFETY INFORMATION

Always assemble and use this desk with care. Keep away from heat sources and moisture. Do not place heavy objects on the adjustable parts. Always follow the assembly instructions carefully to ensure stability and safety. It is recommended that two people assemble this product to ensure safety and ease of construction.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Desk Panels (Main tabletops, tilttable section, shelves)
- Metal Frame Components (Legs, support bars)
- Assembly Hardware (Screws, bolts, nuts, washers)
- Adjustable Foot Pads
- Sheet Stopper for Tilttable Tabletop
- Assembly Tools (Hex key, screwdriver)

SETUP AND ASSEMBLY

Assembly requires two people. Please lay out all parts on a soft, clean surface to prevent scratches. Refer to the included diagram for part identification.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Compare them against the parts list provided in your package to ensure everything is present.
2. **Assemble Side Frames:** Attach the metal leg frames to the corresponding desk panels. Ensure all screws are finger-tightened initially.
3. **Construct Central Storage Unit:** Assemble the central multi-tier storage unit by attaching the shelves to its metal frame. This unit connects the two main desk sections.
4. **Attach Main Desk Sections:** Connect the two primary desk sections to the central storage unit. Ensure proper alignment before tightening screws.
5. **Install Tiltable Tabletop:** Secure the tiltable tabletop mechanism to its designated section of the desk. Ensure it operates smoothly and the sheet stopper can be properly engaged.
6. **Install Under-Desk Shelves:** Attach any additional under-desk shelves to their respective positions.
7. **Final Tightening:** Once all components are in place and aligned, systematically tighten all screws and bolts using the provided tools. Do not overtighten.
8. **Adjust Leveling Feet:** Place the desk in its desired location. Adjust the leveling foot pads at the bottom of each leg to ensure the desk is stable and level on uneven floors.

OPERATING INSTRUCTIONS

Tilttable Tabletop

The left section of the desk features a tiltable tabletop, ideal for drawing, reading, or using a laptop at an ergonomic angle.

- **Adjusting the Angle:** Gently lift the edge of the tiltable section. The mechanism allows for adjustment up to 80 degrees. Select your desired angle and ensure it locks securely into place.
- **Using the Sheet Stopper:** A built-in sheet stopper is located at the bottom edge of the tiltable surface. Pull it up to prevent papers, books, or devices from sliding off when the tabletop is angled. Push it down when not in use for a flat surface.
- **Anti-Pinch Design:** The tabletop incorporates an anti-pinch design to protect fingers during adjustment. Exercise caution when lowering the tabletop.

Multi-purpose Tilttable Tabletop

Figure 4: Close-up of the anti-pinch design integrated into the tilttable tabletop for user safety.

Storage Shelves

The desk includes a central multi-tier storage unit and additional under-desk shelves for organizing books, office supplies,

and computer components.

- **Central Unit:** Utilize the central shelves for items like books, binders, or a computer tower.
- **Under-Desk Shelves:** These provide convenient access to frequently used items without cluttering the main desktop surface.

Figure 6: Example of an under-desk shelf providing additional storage space.

MAINTENANCE

Proper care will extend the life and appearance of your desk.

- **Cleaning:** Wipe the desk surfaces with a dry cloth. For stubborn marks, use a slightly damp cloth and immediately dry the surface. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** The desk surface is water and dust resistant. Promptly wipe up any spills to prevent potential damage.
- **Inspection:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.

TROUBLESHOOTING

If you encounter issues during assembly or use, refer to the following common solutions:

- **Difficulty with Assembly:** Ensure you are following the instructions precisely. Pay close attention to the orientation of parts and the location of screw holes, as some pieces may appear similar but have specific alignments. If parts do not fit, re-check the diagram for correct placement.
- **Desk is Unstable/Wobbly:** Verify that all screws and bolts are securely tightened. Adjust the leveling foot pads on each leg to compensate for uneven flooring.
- **Tiltable Tabletop Not Functioning:** Check that the mechanism is free of obstructions and properly installed according to the assembly steps. Ensure the locking mechanism engages correctly.
- **Missing or Damaged Parts:** If any components are missing or damaged upon arrival, contact Tribesigns customer support immediately for assistance.
