UPBRIGHT HY840-1000

UpBright 8.4V AC/DC Adapter User Manual

Compatible with Cotsoco M679 Series Massage Guns

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your UpBright 8.4V AC/DC Adapter. This power supply is specifically designed to charge Cotsoco m679, M679-S, M679-B, and M679-G handheld deep tissue muscle massagers that utilize a 2200mA Lithium-ion battery.

Image 1.1: The UpBright AC Adapter shown with a compatible Cotsoco massage gun. Please note, the massage gun is not included with the adapter.

2. SAFETY INFORMATION

Please read and understand all safety instructions before using the adapter. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- **Input Voltage:** The adapter supports a wide input voltage range of 100-240VAC, 50/60Hz, making it suitable for worldwide use.
- **Protection Features:** The adapter is equipped with OVP (Over Voltage Output Protection), OCP (Over Current Output Protection), and SCP (Short Circuit Output Protection) to ensure safe operation and protect your device.
- **Environmental Conditions:** Use the adapter in a dry environment. Avoid exposure to water, moisture, or extreme temperatures.
- **Ventilation:** Ensure adequate ventilation around the adapter during use. Do not cover it with cloths or other materials.
- **Damage:** Do not use the adapter if the cord or plug is damaged. Contact support for a replacement.
- **Battery Condition:** Rechargeable batteries have a limited lifespan (typically 1 to 3 years). If your device's battery is old or faulty, it may not accept a charge, which is a battery issue, not an adapter malfunction.

3. PACKAGE CONTENTS

The package contains the following item:

- 1 x UpBright 8.4V AC/DC Adapter (Model: HY840-1000)

4. SETUP

Follow these steps to set up and use your UpBright AC/DC Adapter:

1. **Inspect the Adapter:** Before use, visually inspect the adapter and its cable for any signs of damage.

2. **Connect to Device:** Insert the barrel round connector of the adapter cable firmly into the charging port of your Cotsoco m679 series massage gun.
3. **Connect to Power Outlet:** Plug the AC adapter into a standard wall power outlet (100-240VAC, 50/60Hz).
4. **Verify Charging:** Confirm that your massage gun's charging indicator (if available) activates, indicating that it is receiving power.

Image 4.1: A close-up view of the UpBright AC Adapter, showing the main unit and the barrel round connector for device attachment.

5. OPERATING

Once connected, the UpBright 8.4V AC/DC Adapter will automatically begin supplying power to your compatible Cotsoco massage gun. The adapter is designed for continuous operation during charging, with built-in safeguards to prevent overcharging or damage to your device.

- The adapter provides a stable 8.4V DC output at 1 Amp (1000mA).
- Its advanced power management chips ensure efficient and safe power delivery.

6. MAINTENANCE

Proper care will extend the life of your UpBright AC/DC Adapter:

- **Cleaning:** Disconnect the adapter from both the power outlet and your device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and moisture. Avoid tightly winding the cable to prevent damage.
- **Handling:** Do not drop, disassemble, or attempt to repair the adapter yourself. This can void the warranty and pose safety risks.

7. TROUBLESHOOTING

If you encounter issues with your UpBright AC/DC Adapter, refer to the following common problems and solutions:

- **Device Not Charging:**
 - Ensure the adapter is securely plugged into both the wall outlet and the massage gun.
 - Test the wall outlet with another device to confirm it is functional.
 - Verify that your massage gun's battery is not at the end of its lifespan. Old or faulty batteries may not accept a charge, which is a limitation of the battery, not the adapter.
 - Confirm that the massage gun model (e.g., Cotsoco m679) is compatible with this 8.4V 1A adapter.
- **Adapter Feels Hot:** It is normal for the adapter to feel slightly warm during operation. If it becomes excessively hot or emits a burning smell, immediately unplug it from the power source and discontinue use. Contact customer support.
- **Loose Connection:** If the barrel connector feels loose in the device's port, ensure it is fully inserted. If the issue persists, the device's port or the adapter's connector may be worn.

8. SPECIFICATIONS

Feature	Detail
Brand	UPBRIGHT
Model Number	HY840-1000 (Compatible with Cotsoco m679 M679-S Power Supply)
Input Voltage	100-240VAC, 50/60Hz
Output Voltage	8.4V DC
Output Current	1A (1000mA)
Wattage	8.4 Watts
Connector Type	Barrel Round Connector
Protection Features	OVP (Over Voltage Protection), OCP (Over Current Protection), SCP (Short Circuit Protection)
