## MONITOR 100 7G

# Monitor Audio Silver 100 7G Bookshelf Speakers - Instruction Manual

## 1. INTRODUCTION

---

Thank you for choosing the Monitor Audio Silver 100 7G Bookshelf Speakers. These speakers are designed to deliver outstanding sonic performance with a beautifully clean and elegant design. Featuring a 1-inch C-CAM Gold Dome tweeter with Uniform Dispersion (UD) Waveguide II and an 8-inch C-CAM mid-bass driver with Rigid Surface Technology (RST) II, they provide lifelike sound and extra clarity. The Silver 100 7G offers a full bass extension, making them suitable for various audio setups.

## 2. WHAT'S IN THE BOX

---

- 2 x Monitor Audio Silver 100 7G Bookshelf Speakers
- Rubber stopper feet (supplied)

## 3. SETUP

---

### 3.1 Speaker Placement

The Silver 100 7G speakers are bookshelf-friendly and come with rubber stopper feet for stable placement. For optimal sound, position the speakers at an equal distance from your primary listening position, forming an equilateral triangle. Ensure the tweeters are roughly at ear level when seated. As these speakers feature a front-firing port, they can be placed closer to a wall without significantly affecting bass performance, offering flexibility in room placement.

Figure 2: Example placement of a Monitor Audio Silver 100 7G Bookshelf Speaker on a table.

### 3.2 Connections

Connect your amplifier to the speaker terminals located on the rear of each speaker. Ensure correct polarity: positive (+) from the amplifier to positive (+) on the speaker, and negative (-) to negative (-). The speakers are designed with an 8 Ohm impedance, making them an easy load for most amplifiers.

#### 4. OPERATING

The Monitor Audio Silver 100 7G speakers are recommended for use with music players and surround sound systems, offering a stereo audio output mode. They are compatible with a wide range of devices including desktop computers, laptops, MP3 players, projectors, smartphones, tablets, and televisions. Ensure your audio source is properly connected and

configured for stereo output to enjoy the full sonic capabilities of these speakers.

## 5. MAINTENANCE

To maintain the performance and appearance of your speakers, regularly dust the cabinets with a soft, dry cloth. Avoid using abrasive cleaners or solvents. Do not expose the speakers to excessive moisture or direct sunlight. Ensure proper ventilation around the speakers to prevent overheating.

## 6. TROUBLESHOOTING

If you experience issues with your speakers, first check all cable connections to ensure they are secure and correctly polarized. Verify that your amplifier is powered on and functioning correctly. If the problem persists, consult the manufacturer's support resources.

## 7. SPECIFICATIONS

Feature	Specification
Mounting Type	Bookshelf-friendly (Floor Standing listed in some specs, but product is bookshelf)
Material	Aluminum, Wood
Model Name	100 7G
Speaker Type	Monitor
Recommended Uses	For Music Players, For Surround Sound Systems
Compatible Devices	Desktop, Laptop, MP3 Player, Projector, Smartphone, Tablet, Television
Surround Sound Channel Configuration	2.0
Included Components	2 x Speaker
Product Dimensions	13.06"D x 9.06"W x 14.75"H
Item Weight	9.9 pounds (4.5 Kilograms)
Impedance	8 Ohms
Is Waterproof	FALSE
Number of Items	2
Control Method	Touch
Speaker Size	8 Inches
Power Source	Corded Electric
Woofer Diameter	8 Inches
Audio Driver Type	Dynamic Driver
Audio Driver Size	8 Inches
Series Number	7
Specific Uses For Product	Home Entertainment Systems, Home Theater
Manufacturer	Monitor Audio
Shape	rectangular prism
Set Name	Pair

Speaker Maximum Output Power	100 Watts
Frequency Response	35 Hz
Connectivity Technology	Wired
Audio Output Mode	Stereo

## 8. WARRANTY

---

The Monitor Audio Silver 100 7G Bookshelf Speakers come with a Full warranty. Please refer to the warranty card included in your product packaging for specific terms and conditions.

## 9. SUPPORT

---
