3. PRODUCT OVERVIEW

The ciciglow 5-inch Portable Digital TV is a versatile entertainment device featuring a 1080P display. It supports multiple input sources and is equipped with a high-sensitivity tuner for optimal reception.

Key Features:

- **Portable Design:** Compact and lightweight for easy transport.
- **Multi-Standard TV:** Compatible with analog TV, digital TV, and ATV standards.
- **FM Radio:** Built-in FM radio functionality.
- **Multimedia Playback:** USB port and Memory Card slot for playing 1080p video (MKV, MOV, WMV, MP4, FLV, MPEG1-4), MP3, and other formats.

- **Rechargeable Battery:** Integrated 1500mAh lithium battery for extended outdoor use.
- **High Sensitivity Tuner:** Enhanced signal reception capability.
- **Integrated Stand:** Convenient built-in stand for tabletop viewing.

CAR DIGITAL TV

You can watch 1080P analog TV, digital TV and ATV

4. SETUP

4.1. Charging the Battery

Before first use, fully charge the device using the provided power adapter. Connect the adapter to the DC IN port on the side of the TV and plug it into a power outlet. The charging indicator will show the charging status.

4.2. Attaching the Antenna

The TV comes with a telescopic antenna and an external antenna. For optimal reception, extend the telescopic antenna fully or connect the external antenna to the antenna port on the device. Experiment with antenna placement for the best signal.

4.3. Powering On and Initial Scan

1. Slide the **Power Switch** to the ON position.
2. Upon first startup, the device may guide you through a setup wizard. Select your preferred language.
3. Navigate to the **Channel** menu and select **Auto Tuning** to scan for available digital and analog TV channels. This process may take several minutes.

5. OPERATING INSTRUCTIONS

5.1. Switching Input Sources

Press the **INPUT** button on the device or remote control to cycle through available input sources: DTV (Digital TV), ATV (Analog TV), USB, CARD (Memory Card), and FM Radio.

5.2. TV Channel Operation

- Use the **CH+** / **CH-** buttons to change channels.
- Use the **VOL+** / **VOL-** buttons to adjust the volume.
- Access the **MENU** to adjust picture settings (brightness, contrast, color, sharpness), sound settings

(sound mode, balance, auto volume, surround sound), time settings, and other options.

Video: A demonstration of the 5-inch portable TV's menu navigation, FM radio function, and USB media playback.

5.3. Multimedia Playback (USB/Memory Card)

1. Insert a USB disk into the USB port or a memory card into the TF Card slot.
2. Select **USB** or **CARD** from the input source menu.
3. Browse your files and select the desired video, audio, or image file for playback. The device supports 1080p video formats including MKV, MOV, WMV, MP4, FLV, MPEG1-4, and MP3 audio.

5.4. FM Radio Operation

1. Select **FM Radio** from the input source menu.
2. The device will automatically scan and preset available FM radio stations.
3. Use the channel buttons to switch between preset stations.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior of the device. Do not use liquid cleaners or abrasive materials.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the device regularly, even if not in use for extended periods.
- **Storage:** Store the TV in a cool, dry place away from direct sunlight and extreme temperatures.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Battery discharged; Power switch OFF	Charge the battery; Slide power switch to ON.
No signal/Poor picture quality	Antenna not connected/positioned correctly; Weak signal area	Adjust antenna position/extension; Perform Auto Tuning; Try external antenna.
USB/Memory Card not recognized	Incorrect format; Corrupted files; Loose connection	Ensure media is formatted correctly (FAT32 recommended); Check file integrity; Reinsert USB/Card.
No sound	Volume too low; Mute activated	Increase volume; Check mute setting.
