Gillette ORTCI

GilletteLabs with Exfoliating Bar Razor

Model: ORTCI

INTRODUCTION

The GilletteLabs with Exfoliating Bar razor integrates exfoliating technology into the handle for an enhanced shaving experience. This innovative design features a built-in exfoliating bar to prepare the skin by removing dirt and debris before the blades pass. The 2D FlexDisc technology ensures the razor head contours effectively to your face, providing consistent contact and a smooth, comfortable shave. The durable metal handle is designed for longevity and includes a magnetic stand for convenient upright storage, keeping the razor clean and dry. A travel case is also provided for protection and portability.

WHAT'S INCLUDED

WHAT'S INCLUDED

TRAVEL CASE

- GilletteLabs Razor Handle
- 1 Pre-installed Blade Cartridge
- 2 Additional Blade Refills
- Magnetic Razor Stand
- Travel Case

KEY FEATURES

- **Exfoliating Bar:** A built-in bar removes dirt and debris from the skin before the blades make contact, preparing the skin for a smooth shave.
- **5 Sharp Blades:** Designed for incredible closeness and comfort during shaving.
- **2D FlexDisc Technology:** The razor head pivots and contours to the unique curves of your face, ensuring optimal contact and comfort with every stroke.
- **Durable Metal Handle:** The razor handle is constructed with high-quality metal for long-lasting durability.
- **Magnetic Stand:** Provides a stable and hygienic storage solution, keeping the razor upright, clean, and dry.
- **Travel Case:** A protective case is included for convenient and secure storage of the razor and spare blades when traveling.

5 BLADED

5 OF GILLETTE'S BEST BLADES* for unbeatable smoothness

PRECISION TRIMMER built-in trimmer conveniently located on the back of the razor for added precision

EXFOLIATING BAR releases trapped hairs before the blades pass

FLEXDISC contours to your face for comfort in every stroke

5 INTEGRATED TECHNOLOGIES WORKING IN SYNERGY

*blades also available on other Gillette products

SETUP AND ASSEMBLY

Attaching a Blade Cartridge

1. Remove the new blade cartridge from its packaging.
2. Align the blade cartridge with the razor handle.
3. Push the handle firmly into the cartridge until you hear a click, indicating it is securely attached.

Detaching a Blade Cartridge

1. Locate the blade release button, typically on the back or side of the razor head.
2. Press the button and gently slide the used cartridge off the handle.
3. Dispose of the used cartridge safely.

Using the Magnetic Stand

1. Place the magnetic stand on a flat, stable surface.
2. Position the razor handle vertically over the magnetic base. The magnet will secure the razor in an upright position.

Using the Travel Case

1. Ensure the razor is clean and excess water has been shaken off.
2. Place the razor securely into the designated slot within the travel case.
3. Close the case firmly. The case features a vent to allow the razor to dry, preventing moisture buildup.

GILLETTE'S ULTIMATE SHAVING EXPERIENCE

OPERATING INSTRUCTIONS

Preparation for Shaving

1. Wet your face thoroughly with warm water to soften the hair.
2. Apply your preferred shaving cream or gel evenly over the area to be shaved.

Shaving Technique

1. Hold the razor handle comfortably.
2. Using light, gentle strokes, glide the razor over your skin. The exfoliating bar will help prepare the skin, and the 2D FlexDisc will adapt to your facial contours.
3. Shave in the direction of hair growth for optimal comfort and to minimize irritation. For a closer shave, you may reapply cream and shave against the grain, if comfortable.
4. Rinse the razor head frequently under running water during shaving to prevent hair and cream buildup between the blades.

MAINTENANCE

Cleaning the Razor

- After each use, rinse the razor head thoroughly under warm running water to remove all hair and shaving cream.
- Do not tap the razor against the sink or any hard surface, as this can damage the blades and the razor head.
- Shake off any excess water and allow the razor to air dry.

Storing the Razor

- Store the razor on its magnetic stand to keep it upright and allow for proper drying.
- When traveling, use the provided travel case to protect the razor and blades from damage and to maintain hygiene.

Replacing Blades

- Replace the blade cartridge when the lubrication strip (located above the blades) fades to white, or when you experience tugging, pulling, or discomfort during shaving.
- Follow the instructions in the "Detaching a Blade Cartridge" section to remove the old blade and attach a new one.

Video 3: A detailed look at the GilletteLabs razor and its travel case, emphasizing its suitability for travel.

TROUBLESHOOTING

If you experience any issues with your GilletteLabs razor, please consider the following:

- **Dull Blades:** If the shave feels rough or causes irritation, replace the blade cartridge with a new one.
- **Razor Clogging:** Ensure you rinse the razor head frequently under running water during your shave to prevent hair and cream buildup.
- **Skin Irritation:** Always use a quality shaving cream or gel. Shave in the direction of hair growth first. If irritation persists, consult a dermatologist.

SPECIFICATIONS

Product Dimensions	3.86 x 1.54 x 7.48 inches
Item Weight	10.23 ounces
Model Number	ORTCI

UPC	047400677050
Manufacturer	Procter & Gamble
Number of Blades	5
Unit Count	1 Count (Pack of 1)
Special Feature	Travel Size
