# Yaheetech Classic Metal Platform Bed Frame

Model: 1 - Twin Size, White

## IMPORTANT SAFETY INFORMATION

Be cautious when assembling the high headboard to prevent injury. Be aware of sharp edges on the metal frame. Do not exceed the weight capacity of 300 pounds. Always ensure all bolts and connections are securely tightened before use. Keep small parts away from children during assembly.

## PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard
- Footboard
- Side Rails (2)
- Metal Slats (12)
- Center Support Legs
- Hardware Pack (bolts, washers, nuts, Allen wrench)
- Installation Manual

## ASSEMBLY INSTRUCTIONS

This bed frame is designed for quick assembly. All necessary hardware and tools are provided. Please follow these steps carefully for proper setup.

## 1. Step 1: Unpack and Identify Parts

Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Identify each part by comparing it to the parts list in the included installation manual.

## PRODUCT FEATURES

- **Classic and Romantic Design:** Features curved lines and thick tube frames, blending with modern, traditional, farmhouse, and rustic home decors.
- **Strong and Durable Construction:** Fully constructed of metal frame for large load-bearing capacity. Includes 12 metal slats for strong mattress support. Powder-coated surface offers rust and scratch resistance.
- **High Headboard Design:** Provides better head protection and a comfortable sitting place for reading or watching TV.
- **Enhanced Safety:** Built with round corners, a smooth finish, and protective footpads. The high footboard helps keep bedding from falling onto the floor.
- **Quick Assembly:** Comes with all necessary hardware, tools, and an illustrated manual for easy setup.

## USAGE GUIDELINES

The Yaheetech Classic Metal Platform Bed Frame is designed for comfortable and stable sleep. Here are some guidelines for its use:

- **No Box Spring Needed:** This platform bed frame is designed to support your mattress directly, eliminating the need for a box spring.
- **Under-Bed Storage:** The frame offers 12.6 inches of ground clearance, providing ample space for under-bed storage containers to help keep your room tidy.
- **Mattress Compatibility:** Designed for a Twin size mattress measuring 75" L x 39" W.
- **Weight Capacity:** The bed frame has a maximum weight capacity of 450 lbs. Do not exceed this limit to ensure safety and longevity of the product.

## CARE AND MAINTENANCE

To ensure the longevity and appearance of your Yaheetech bed frame, follow these simple care instructions:

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as they may damage the powder-coated finish.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.

- **Avoid Excessive Force:** Do not jump on the bed or apply excessive force to the frame, as this can cause structural damage.
- **Protective Footpads:** The frame is equipped with protective footpads to prevent scratching floors. Ensure these remain intact.

## TROUBLESHOOTING

If you encounter any issues with your bed frame, please refer to the common problems and solutions below:

- **Squeaking Noises:** If the bed frame squeaks, it is usually due to loose connections. Re-tighten all bolts, especially those connecting the side rails to the headboard and footboard, and the center support legs.
- **Mattress Sliding:** The bed frame features built-in slats designed to prevent mattress sliding. Ensure your mattress is correctly positioned within the frame. If sliding persists, verify that the mattress size matches the frame's specifications.
- **Instability/Wobbling:** This indicates that some connections may not be fully secure. Review all assembly steps and ensure every bolt is tightened. Check that the center support legs are firmly on the ground.
- **Missing Parts:** If you discover any missing parts during assembly, please contact Yaheetech customer support immediately for assistance.
