## PRODUCT OVERVIEW

---

Familiarize yourself with the buttons and components of your New Bee M50 headset.

Image: A detailed diagram highlighting the control buttons on the New Bee M50 Bluetooth Headset, including volume, multi-function, and mute buttons.

- **Multi-function Button:** For Music Play/Pause, Answer/Hang up calls.
- **Volume Up (+)/Next Track Button:** Increase volume, skip to next track.
- **Volume Down (-)/Previous Track Button:** Decrease volume, go to previous track.
- **Mute Button:** Mute/unmute microphone during calls.
- **Microphone:** Flexible arm for optimal voice capture.
- **Ear Hook:** Rotatable for left or right ear wearing.

## SETUP

---

### 1. Charging the Headset

Before first use, fully charge your headset. Connect the provided USB charging cable to the headset's charging port and to a USB power source (e.g., computer, wall adapter).

- Charging time: Approximately 2-3 hours.
- The indicator light will change to show charging status (refer to product for specific light indicators).

### 2. Power On/Off

- **Power On:** Press and hold the Multi-function Button until the indicator light flashes (e.g., blue).
- **Power Off:** Press and hold the Multi-function Button until the indicator light turns off (e.g., red).

### 3. Bluetooth Pairing

To connect your headset to a device:

1. Ensure the headset is powered off.

2. Press and hold the Multi-function Button for approximately 5-7 seconds until the indicator light flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "New Bee M50" from the list of devices.
5. Once connected, the indicator light on the headset will typically flash blue slowly.

The headset supports pairing with two Bluetooth devices simultaneously. After connecting the first device, disable its Bluetooth, pair the second device, then re-enable Bluetooth on the first device to connect both.

## OPERATING INSTRUCTIONS

### Call Functions

- **Answer/End Call:** Press the Multi-function Button once.
- **Reject Call:** Press and hold the Multi-function Button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function Button.
- **Mute/Unmute:** During a call, press the Mute Button once. *Note: Mute function is only supported on mobile phones.*

### Music Control

- **Play/Pause:** Press the Multi-function Button once.
- **Next Track:** Press the Volume Up (+) button once.
- **Previous Track:** Press the Volume Down (-) button once.
- **Volume Adjustment:** Press and hold the Volume Up (+) or Volume Down (-) buttons.

### Voice Assistant

To activate your device's voice assistant (e.g., Siri), press the Mute Button for 2 seconds. This feature enhances safety, especially while driving.

## WEARING THE HEADSET

The New Bee M50 headset is designed for comfort and versatility.

- The ear hook is rotatable by 180 degrees, allowing you to wear the headset on either your left or right ear.
- The microphone arm is flexible and can be rotated 270 degrees to position it optimally for voice capture.
- Choose from the three provided eartip sizes to find the most secure and comfortable fit for your ear.
- Weighing only 16g, the headset is lightweight for extended wear.

## MAINTENANCE

To ensure the longevity and optimal performance of your New Bee M50 Bluetooth Headset, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headset in its portable carry case to protect it from dust, moisture, and physical

damage.

- **Avoid Extreme Conditions:** Do not expose the headset to extreme temperatures, direct sunlight, or high humidity.
- **Charging:** Only use the provided charging cable or a certified equivalent. Avoid overcharging the battery.
- **Water Resistance:** The headset is not water resistant. Avoid contact with liquids.

## TROUBLESHOOTING

If you encounter issues with your headset, refer to the following common solutions:

Problem	Possible Solution
Headset won't power on	Ensure the headset is fully charged. Press and hold the Multi-function Button for a longer duration (5 seconds).
Unable to pair with device	Make sure the headset is in pairing mode (flashing red and blue). Turn off Bluetooth on other nearby devices. Restart your device and the headset. Ensure the headset is within 49 feet of your device.
No sound or low volume	Check the volume levels on both the headset and your connected device. Ensure the headset is properly connected. Try re-pairing the headset.
Microphone not working	Ensure the microphone is not muted. Check microphone settings on your connected device. Adjust the microphone arm for optimal positioning.
Intermittent connection	Move closer to your connected device. Avoid obstacles between the headset and device. Ensure no other devices are causing interference.
