## **ADAM ELEMENTS OMNIA M3**

# **ADAM elements Omnia M3 3-in-1 Magnetic Wireless Charging Station User Manual**

Brand: ADAM ELEMENTS | Model: OMNIA M3

## **1. INTRODUCTION**

The ADAM elements Omnia M3 is a versatile 3-in-1 magnetic wireless charging station designed for iPhone 12, 13, and 14 series, Apple Watch, AirPods Gen 2 and Pro, and other Qi-certified Android phones. This station provides a convenient and organized solution for charging multiple devices simultaneously.

## 2. SETUP INSTRUCTIONS

Follow these steps to set up your Omnia M3 charging station:

- 1. Connect Power:** Plug the provided USB-C cable into the charging station's input port and connect the other end to a suitable power adapter (not included). Ensure the power adapter meets the required specifications for optimal performance.
- 2. Modular Design:** The Omnia M3 features a modular design. The MagSafe charger can be detached for individual use.

# VERSATILE CHARGING SOLUTION

**1**  
**MagSafe Charger**  
Detachable MagSafe Charger Independent Wireless Charging Pad

**2**  
**Apple Watch Charging Dock**  
Apple Watch Charging Dock ( No Apple Watch Charger Included )

**3**  
**15W Wireless Charging Base**  
15W Wireless Charging Base for AirPods / iPhone / Android Phone / all earbuds support wireless charging

**4**  
**Detachable Stand**  
The T-shaped stand can be separated from the base for easy carrying

Figure 2: Exploded view diagram illustrating the MagSafe charger, Apple Watch charging dock, 15W wireless charging base, and detachable stand components of the Omnia M3.

**3. Apple Watch Charger Installation:** The station includes a designated dock for your Apple Watch charger. Insert your original Apple Watch Magnetic Charger (USB-A cable, under 1M) into the designated slot within the stand for organized cable management.

Figure 3: Visual guide demonstrating the process of routing and securing the Apple Watch charging cable within the Omnia M3 stand.

4. **Detachable MagSafe Charger:** The MagSafe charger can be removed from the stand and used independently as a portable wireless charging pad. For independent use, a USB-C charging kit is required.

### 3. OPERATING INSTRUCTIONS

---

The Omnia M3 allows for simultaneous charging of up to three devices:

- **iPhone (MagSafe):** Place your MagSafe-compatible iPhone (iPhone 12, 13, or 14 series) onto the magnetic charging stand. The strong magnetic connection will secure your device in place. You can charge your iPhone in both vertical (portrait) and horizontal (landscape) orientations.
- **Apple Watch:** Place your Apple Watch onto the installed Apple Watch charger. Ensure it aligns correctly for charging to begin.
- **AirPods / Other Qi Devices:** Place your AirPods (Gen 2 & Pro) or any other Qi-certified Android phone or earbuds onto the 15W wireless charging base at the front of the station.

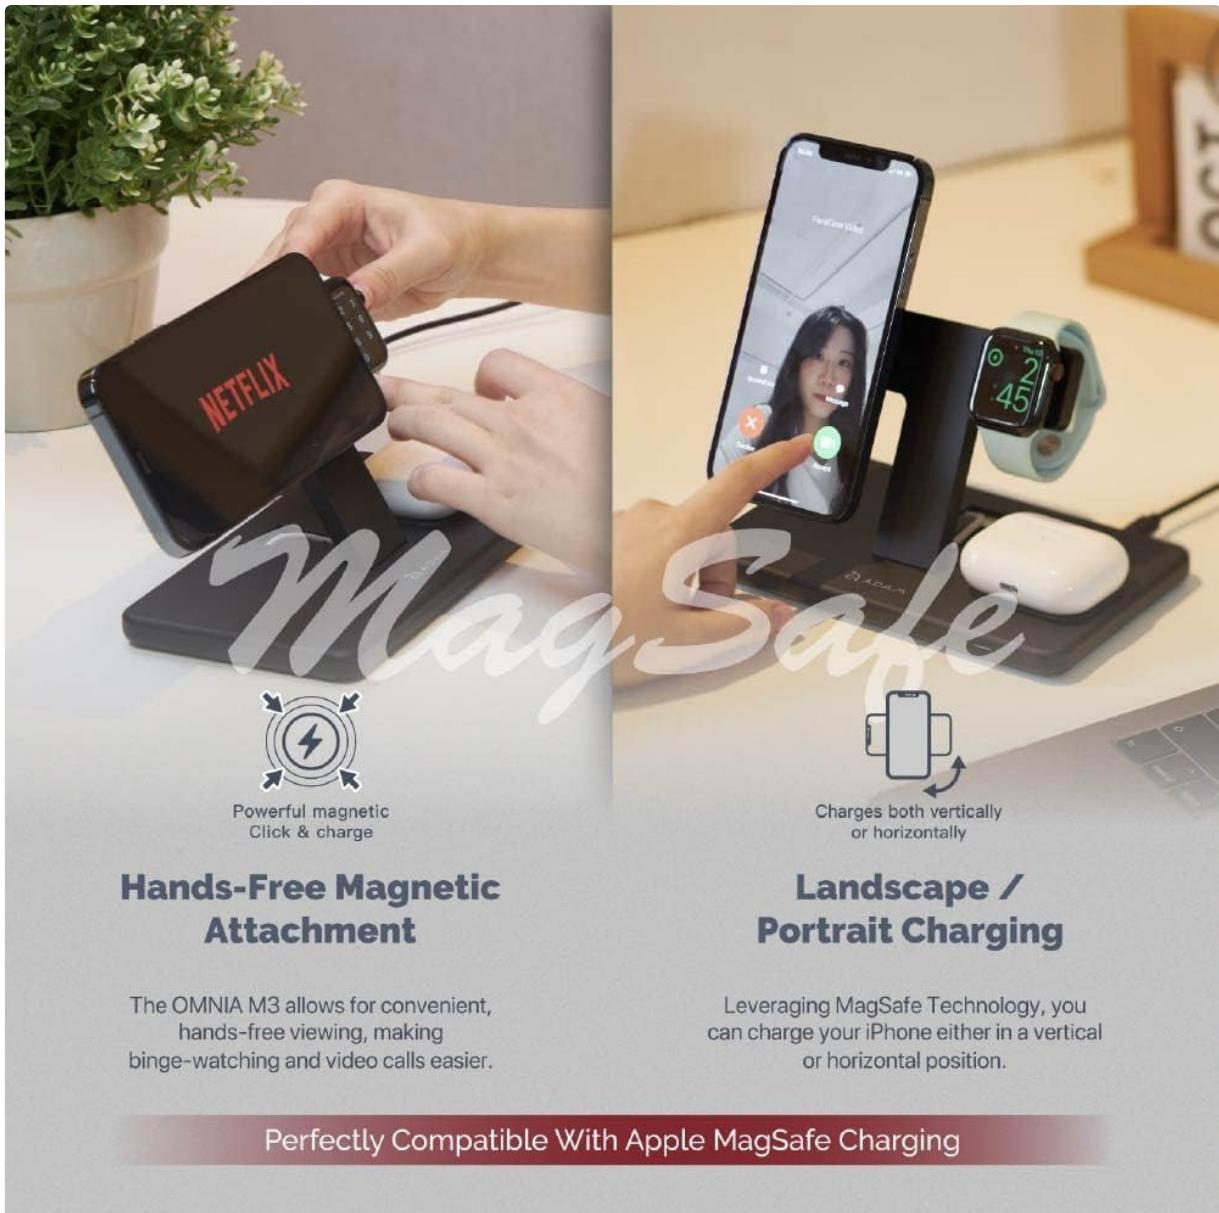

Figure 5: The Omnia M3 charging station actively charging an iPhone, Apple Watch, and AirPods, demonstrating magnetic attachment and flexible viewing angles.

### Smart Indicator Light

The charging station features a smart indicator light to show the charging status:

- **Magnetic Charging (iPhone):** Green light goes off after 3 seconds (Stand-by Mode).
- **Wireless Charging (AirPods/Qi):** Blue light goes off after 3 seconds (Stand-by Mode).
- **Green Light:** Indicates the device is charging or fully charged.
- **Flashing Blue / Green Light:** Indicates Foreign Object Detection (FOD). Remove any foreign objects from the charging surface.

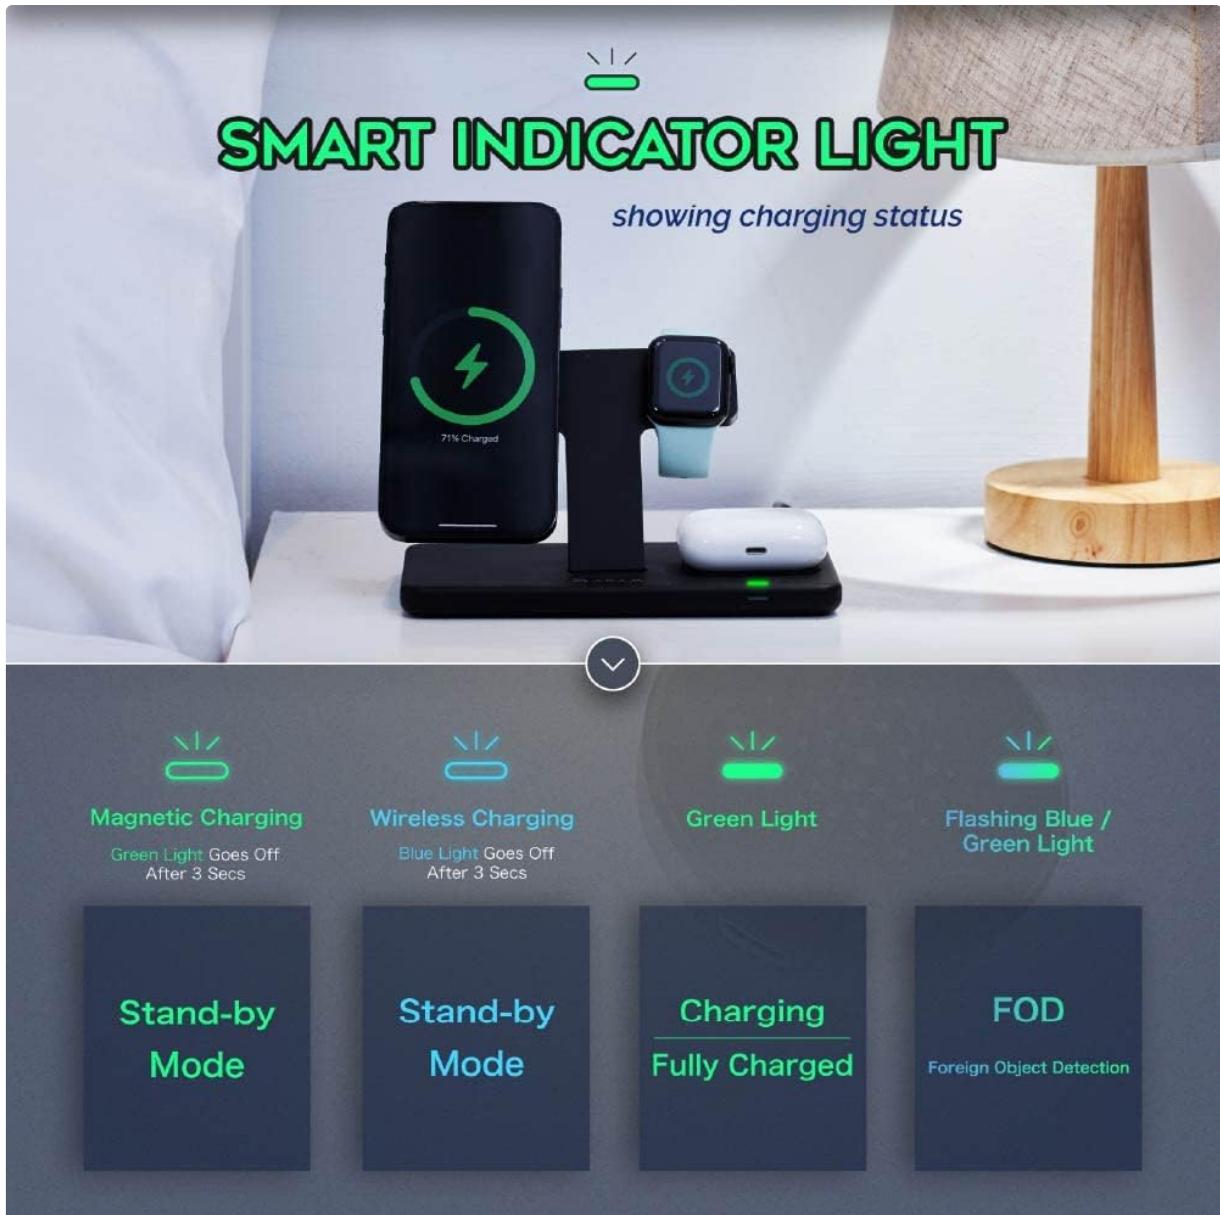

Figure 6: Detailed illustration of the smart indicator light and its corresponding charging status meanings for the Omnia M3.

## 4. MAINTENANCE

To ensure the longevity and optimal performance of your Omnia M3 charging station, follow these maintenance guidelines:

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry, lint-free cloth to wipe the surface of the charging station. Avoid using abrasive cleaners, solvents, or aerosol sprays, as these can damage the finish or internal components.
- **Storage:** When not in use for extended periods, store the charging station in a cool, dry place away from direct sunlight and extreme temperatures.

## 5. TROUBLESHOOTING

If you encounter issues with your Omnia M3 charging station, refer to the following common problems and solutions:

- **Device Not Charging:**

- Ensure the power cable is securely connected to both the charging station and the power

adapter.

- Verify that the power adapter is functioning correctly and provides sufficient power (e.g., 9V input voltage).
- Check for proper alignment of your device on the charging surface. For MagSafe, ensure a strong magnetic connection. For Qi pad, ensure the device is centered.
- Remove any thick phone cases or metallic objects that might interfere with wireless charging.

- Flashing Indicator Light (Blue/Green):** This indicates Foreign Object Detection (FOD). Remove any metallic objects, cards, or other foreign items from the charging surface.
- Overheating:** The Omnia M3 has built-in overheating protection. If the station or your device feels excessively hot, remove the device and disconnect power. Allow it to cool down before resuming use. Ensure proper ventilation around the charger.
- Slow Charging:** Ensure you are using a compatible power adapter that provides adequate wattage (e.g., 15W for the wireless charging pad). Using a lower-power adapter may result in slower charging speeds.

## 6. SPECIFICATIONS

Feature	Detail
Product Dimensions	8.5 x 4.72 x 2.2 inches
Item Weight	7.2 ounces
Item Model Number	OMNIA M3
Brand	ADAM ELEMENTS
Connector Type	MagSafe
Compatible Devices	Cellular Phones (iPhone 12/13/14 Series), Apple Watch, AirPods (Gen 2 & Pro), Qi-certified Android Phones
Special Feature	Magnetic, 3-in-1 Charging, Detachable MagSafe
Input Voltage	9 Volts
Total USB Ports	1 (for power input)
Wattage	Up to 15 watts (for wireless charging pad)
Specification Met	Qi

## 7. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the documentation included with your product packaging or visit the official ADAM ELEMENTS website. Keep your proof of purchase for warranty claims.

If you experience any issues not covered in this manual, please contact ADAM ELEMENTS customer service for assistance.
