

## Audizio SB80 (Model 100.294)

# Audizio SB80 Sound Bar Bluetooth 5.0 User Manual

Model: SB80 (100.294)

## 1. INTRODUCTION

Thank you for purchasing the Audizio SB80 Sound Bar. This manual provides essential information for the safe and efficient operation of your device. Please read it thoroughly before use and retain it for future reference. The SB80 is designed to enhance your audio experience for television, movies, and music, offering versatile connectivity options and powerful sound in a compact design.

## 2. SAFETY INSTRUCTIONS

- Read all instructions before operating the sound bar.
- Do not expose the device to rain or moisture to prevent fire or electric shock.
- Ensure the power adapter is compatible with your local power supply.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Protect the power cord from being walked on or pinched.
- Unplug the sound bar during lightning storms or when unused for long periods.
- Refer all servicing to qualified service personnel.
- Do not open the casing; there are no user-serviceable parts inside.

## 3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Audizio SB80 Sound Bar
- Remote Control
- Optical Cable
- AUX Cable

- Power Adapter
- User Manual

## 4. PRODUCT OVERVIEW

The Audizio SB80 Sound Bar features a sleek design with integrated controls and multiple connectivity options.

### 4.1 Front View

#### ROOM FILLING SOUND

combined with clean design

Image: Front view of the Audizio SB80 Sound Bar, showcasing its minimalist design and the included remote control.

### 4.2 Side Controls and Remote

## ■ wall mount options

Image: Close-up of the sound bar's side panel showing power/mode, mute, volume up, and volume down buttons, alongside the remote control.

### 4.3 Rear Connections

■ remote included

Image: Rear view of the sound bar displaying the DC 5V power input, Optical port, AUX input, USB port, TF card slot, and ARC (HDMI) port.

## 5. SETUP

### 5.1 Placement

The SB80 Sound Bar can be placed on a flat surface, such as a TV stand, or mounted on a wall.

- **Tabletop Placement:** Position the sound bar centrally in front of your TV, ensuring it does not obstruct the TV's remote sensor.
- **Wall Mounting:** The sound bar includes wall mount options. Use appropriate screws and wall plugs for your wall type. Ensure the sound bar is securely fastened and level.

## ■ multiple connections

Image: Close-up of the wall mount bracket on the rear of the Audizio SB80 Sound Bar.

### 5.2 Connecting to Devices

Connect the sound bar to your TV or other audio sources using one of the following methods:

- **HDMI ARC:** Connect an HDMI cable (not included) from the sound bar's ARC port to your TV's HDMI ARC port. This allows audio to be sent from the TV to the sound bar and often enables TV remote control of the sound bar's volume.
- **Optical Input:** Connect the included optical cable from the sound bar's OPTICAL port to your TV's optical audio output. **Important:** For optical connections, change your TV's audio output setting to PCM. PCM is a digital signal format used to represent analog data and is an optional audio format on many televisions.
- **AUX Input:** Connect the included 3.5mm AUX cable from the sound bar's AUX port to your TV's headphone jack or another device's audio output.
- **USB/TF Card:** Insert a USB flash drive or TF (MicroSD) card into the respective port to play audio files directly.
- **Bluetooth 5.0:** For wireless audio streaming from a smartphone, tablet, or other Bluetooth-enabled device.

## 6. OPERATING INSTRUCTIONS

---

### 6.1 Power On/Off

Press the **Power** button on the remote control or the **U/MODE** button on the side panel to turn the sound bar on or off.

### 6.2 Input Selection

Press the **MODE** button on the remote control or the **U/MODE** button on the side panel repeatedly to cycle through the available input sources: Bluetooth, AUX, Optical, USB/TF, and HDMI ARC. The LED indicator on the front will change color or pattern to indicate the selected input.

### 6.3 Volume Control

Adjust the volume using the **VOL +** and **VOL -** buttons on the remote control or the side panel.

### 6.4 Bluetooth Pairing

1. Turn on the sound bar and select Bluetooth mode using the **MODE** button. The LED indicator will flash, indicating pairing mode.
2. Enable Bluetooth on your device (smartphone, tablet, etc.) and search for available devices.
3. Select "SB80" from the list of devices.
4. Once paired, the LED indicator will stop flashing and remain solid. You can now stream audio wirelessly.

### 6.5 Remote Control Functions

■ remote included

Image: Detailed view of the remote control for the Audizio SB80 Sound Bar, showing buttons for power, EQ, mute, volume, track control, and mode selection.

- **Power (Red button):** Turns the sound bar on or off.
- **Mute (Green button):** Mutes or unmutes the audio.
- **EQ:** Cycles through equalizer presets (e.g., Music, Movie, News).
- **VOL +/-:** Adjusts the volume level.
- **Previous/Next Track:** Skips to the previous or next track (in Bluetooth/USB/TF mode).
- **Play/Pause:** Plays or pauses audio (in Bluetooth/USB/TF mode).
- **MODE:** Switches between input sources (Bluetooth, AUX, Optical, USB/TF, HDMI ARC).

## 7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the sound bar. Do not use liquid cleaners or aerosols.
- **Storage:** If storing the sound bar for an extended period, unplug it from the power outlet and store it in a cool, dry place.

- **Battery Care:** The built-in battery (1500mAH) should be charged regularly if not used for long periods to maintain its lifespan.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power cable not connected; power outlet faulty; sound bar off.	Check power cable connection; try a different outlet; press power button.
No sound	Incorrect input selected; volume too low; cables loose; TV audio output incorrect (for optical).	Select correct input; increase volume; check cable connections; set TV audio output to PCM for optical.
Bluetooth not connecting	Sound bar not in pairing mode; device Bluetooth off; too far from sound bar.	Ensure sound bar is in Bluetooth pairing mode; enable Bluetooth on your device; move device closer (within 40 meters).
Remote control not working	Batteries depleted; obstruction between remote and sound bar.	Replace remote control batteries; ensure clear line of sight to the sound bar's sensor.

## 9. SPECIFICATIONS

Feature	Specification
Model Number	100.294
Speaker Configuration	2.0 Channel
Speaker Drivers	2x 2-inch Full-Range Speakers, Bass Diaphragm Subwoofer
Output Power	120 Watts (Max)
Frequency Response	50 Hz - 16,000 Hz
Max SPL	123 dB
Bluetooth Version	5.0
Bluetooth Range	Up to 40 meters
Connectivity	AUX, Bluetooth, HDMI (ARC), Optical, USB, TF Card
Power Supply	100-240V AC 50/60Hz (19V Adapter)
Built-in Battery	1500 mAh
Dimensions (L x W x H)	810 x 75 x 75 mm (81 x 8 x 8 cm)
Weight	1.3 kg

Feature	Specification
Control Method	Remote Control, On-device buttons
Compatible Devices	Laptop, Television

## 10. WARRANTY AND SUPPORT

For information regarding warranty, returns, or support, please refer to the retailer's policies or the official Audizio website. If you wish to return a product within 30 days of receipt because you changed your mind, or if you received a defective or damaged product, please consult the specific help pages provided by your point of purchase. For specific information on purchases made on a marketplace, consult their respective help sections.
