6. MAINTENANCE

6.1 Cleaning

To clean the tablet, use a soft, lint-free cloth. For stubborn marks, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.

6.2 Software Updates

TRIPPLTEK provides regular firmware and security updates. It is recommended to keep your device's software up to date for optimal performance and security. Check for updates in **Settings > System > System update**

6.3 Battery Care

To prolong battery lifespan, avoid exposing the tablet to extreme temperatures. Do not fully discharge the battery frequently, and avoid leaving it fully charged for extended periods when not in use.

7. TROUBLESHOOTING

7.1 Common Issues

- **Device not powering on:** Ensure the battery is charged. Connect the adapter and try again.
- **Network connectivity issues:** Check SIM card installation, Wi-Fi settings, or contact your carrier.
- **Slow performance:** Close unused apps, clear cache, or restart the device.
