

Revo RE 1129 12 SG50

Revo Descend A Polarized Sunglasses Instruction Manual

Model: RE 1129 12 SG50

INTRODUCTION

Thank you for choosing Revo Descend A Polarized Sunglasses. These sunglasses are designed to provide superior eye protection and visual clarity, featuring a lightweight rimless aviator frame and advanced polarized Serilium+ lenses. This manual provides essential information for the proper setup, use, maintenance, and care of your new Revo sunglasses.

SETUP AND FIRST USE

Your Revo Descend A sunglasses come ready for immediate use.

Unboxing and Inspection

- Carefully remove the sunglasses from their packaging.
- Inspect the frame and lenses for any signs of damage.
- Confirm all included accessories are present: hard sunglasses case and microfiber pouch.

revo

EACH SUNGLASS INCLUDES:

Image: Contents of the Revo sunglasses package, including the sunglasses, a hard case, and a microfiber cleaning pouch.

OPERATING YOUR SUNGLASSES

Wearing the Sunglasses

- Gently unfold the temples and place the sunglasses on your face.
- The MotionFit design ensures a secure fit without pinching or slipping.
- Adjust the nose pads for optimal comfort and positioning on your nose bridge.

Lens Technology

Your Revo Descend A sunglasses feature Serilium+ lenses with Revo's Light Management System. This technology filters harmful UV, HEV, and Blue Light, while enhancing clarity and reducing glare, especially from digital screens.

THE REVO LIGHT MANAGEMENT SYSTEM™:

BLOCKS
harmful bandwidths
of light

REDUCES
Blue Light for contrast
and brightness

OPTIMIZES
the full spectrum of light
for superior vision

CARE AND MAINTENANCE

Cleaning Your Lenses

- Use the provided microfiber pouch or a clean, soft cloth to gently wipe the lenses.
- For stubborn smudges, lightly dampen the cloth with water or a lens cleaning solution specifically designed for coated lenses. Avoid harsh chemicals or abrasive materials.
- Do not use paper towels or clothing, as these can scratch the lens coatings.

Frame Care

- Clean the frame with a soft, damp cloth.
- Avoid exposing the sunglasses to extreme heat (e.g., leaving them on a car dashboard), as this can damage the frame and lens coatings.

Storage

- Always store your sunglasses in the provided hard case when not in use to protect them from scratches and damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lenses appear smudged or dirty	Fingerprints, dust, or oils	Clean with the microfiber cloth. For persistent smudges, use a lens cleaning solution.
Sunglasses feel loose or uncomfortable	Minor frame adjustment needed	Gently adjust the nose pads. If the frame requires significant adjustment, consult an optician.
Scratches on lenses	Improper cleaning or storage	Unfortunately, lens scratches are often permanent. Always use the microfiber cloth and store in the hard case.

SPECIFICATIONS

- **Model:** RE 1129 12 SG50 (Descend A)
- **Frame Type:** Ultra lightweight rimless aviator frame
- **Lens Material:** Revo high-contrast polarized Serilium+ lenses (Lightweight, impact-resistant nylon)

Revo

SERILUM+™ TERRA LENSES

The high performance, off-duty lens

Brighten up all the colors of nature with this polarized brown-based, flash mirrored lens, perfect for all outdoor sports and in lower light conditions at dawn or dusk. The brown base of the Terra lens offers bright and defined colors in nature by enhancing brown, yellow and green. It is suitable for both sunny and lower light days providing sharp contrast while protecting your eyes from the entire range of harmful UV.
