Artist Unknown Portable Electric Bidet Sprayer (Model QF-01) - Instruction Manual

Your guide to personal hygiene on the go.

1. INTRODUCTION

Thank you for choosing the Artist Unknown Portable Electric Bidet Sprayer. This device is designed to provide a refreshing and thorough cleaning experience, enhancing personal hygiene whether you are at home, traveling, or camping. Its compact, foldable design and dual-pressure modes offer convenience and effectiveness. Please read this manual carefully before use to ensure proper operation and maintenance.

2. IMPORTANT SAFETY INFORMATION

- Do not immerse the main unit in water for extended periods, despite its waterproof rating.
- Ensure the battery compartment is securely closed before use to prevent water ingress.
- Use only clean water. Do not use hot water exceeding 122°F (50°C) as this may damage the device or cause burns.
- Keep out of reach of children.
- If the device malfunctions, discontinue use immediately and contact customer support.
- Do not attempt to disassemble or repair the device yourself.

3. PACKAGE CONTENTS

Verify that all items are included in your package:

- Portable Bidet Sprayer (Main Unit)
- Water Reservoir
- Instruction Manual
- Travel Pouch

- USB Charging Cable (for rechargeable models, if applicable)

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your portable bidet sprayer:

Function

Figure 1: Product Components (Function)

The bidet features a prism-shaped anti-skid design for comfortable handling and a 180-degree adjustable nozzle for precise cleaning. It is designed with IPX6 waterproof protection, featuring a dual-layer shell to prevent switch malfunction, auto power on/off, and battery damage.

IPX6 Waterproof

Dual-Layer Shell for Water Protection-Extended Bidet life

IPX6 Waterproof Prevents:

- ⌚ Switch Malfunction
- ⌚ Auto Power On/Off
- ⌚ Battery Damage

5. SETUP INSTRUCTIONS

Follow these steps to prepare your bidet for use:

1. Install Batteries:

Locate the battery compartment. Pull up the knob of the battery cover and rotate counter-clockwise to open. Insert two AAA batteries, ensuring the positive (+) and negative (-) terminals are correctly aligned as indicated. Close the battery cover by rotating clockwise until secure. (Note: Batteries are not included.)

Video 2: Filling the Water Reservoir and Assembly

3. Assemble the Bidet:

Fix the bidet body to the filled water reservoir by aligning and twisting until secure.

4. Adjust Nozzle:

Open the water pipe (nozzle) by rotating it 180 degrees into the operational position. The spraying nozzle can be rotated 180 degrees for optimal angle.

6. OPERATING INSTRUCTIONS

Your portable bidet offers two pressure modes for a personalized cleaning experience:

Figure 3: Two Water Pressure Levels

1. Power On:

Press the power button once to turn on the device.

2. Select Pressure Mode:

The device has two-speed buttons: 'L' for gentle mode and 'H' for strong mode. Press the desired button to activate the spray.

3. Cleaning:

Direct the semi-circular spout towards the desired cleaning area. The 180-degree adjustable nozzle allows for accurate alignment and thorough cleaning without skin damage.

4. Power Off:

Press the power button again to turn off the device. The device also features an automatic shutoff function after 60 seconds of continuous use to conserve battery and water.

7. MAINTENANCE

- **Cleaning:**

After each use, empty any remaining water from the reservoir. The device is IPX6 waterproof, allowing for direct washing under water. Ensure the nozzle is clean and free from debris.

- **Storage:**

Once clean and dry, fold the nozzle back into its stored position. Store the bidet in the provided travel pouch to maintain its integrity and cleanliness.

- **Battery Care:**

If the device will not be used for an extended period, remove the batteries to prevent leakage and damage.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device does not turn on.	Batteries are dead or incorrectly installed.	Check battery alignment (+/-). Replace with fresh AAA batteries.
Weak water pressure.	Low battery power; insufficient water in reservoir; nozzle blockage.	Replace batteries. Refill water reservoir. Check and clean the nozzle for any obstructions.
Water leakage.	Reservoir not securely attached; damaged seal.	Ensure the water reservoir is twisted tightly onto the main unit. Inspect seals for damage.

9. SPECIFICATIONS

- **Model Number:** QF-01
- **Dimensions:** 9.7 x 4.33 x 2.16 inches
- **Item Weight:** 7.5 ounces
- **Material:** Acrylonitrile Butadiene Styrene (ABS)
- **Water Pressure Modes:** 2 (Gentle 'L', Strong 'H')
- **Nozzle:** 180-degree adjustable

- **Waterproof Rating:** IPX6
- **Power Source:** AAA Batteries (not included)

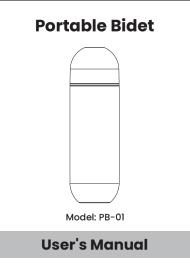

10. WARRANTY AND SUPPORT

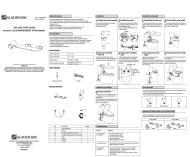

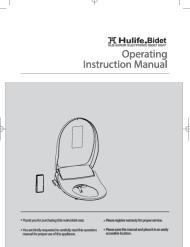

This product comes with a **1-Year Warranty**. If you encounter any problems with your portable electric bidet sprayer, please do not hesitate to contact our customer support team. We are committed to providing a satisfactory solution.
