CorLiving PRK-270-L

CorLiving Patio Sun Lounger

MODEL: PRK-270-L

Introduction

This manual provides essential information for the safe assembly, operation, and maintenance of your CorLiving Patio Sun Lounger, Model PRK-270-L. Please read these instructions carefully before use and retain them for future reference.

The CorLiving Patio Sun Lounger is designed for outdoor relaxation, featuring a durable frame and comfortable cushions. Its adjustable design allows for various reclining positions.

Safety Information

- Always ensure all components are securely fastened before use.
- Do not exceed the maximum weight recommendation of 330 pounds (150 kg).
- Keep children and pets away from the assembly area.
- Use on a flat, stable surface to prevent tipping.
- Refer to the product description or store page for specific warranty details.

Product Overview

The CorLiving Patio Sun Lounger is constructed with a galvanized powder-coated steel frame for durability and resistance to rust. It features weather-rated PVC material and ash gray fabric cushions for comfort and longevity.

Key Features:

- Galvanized powder-coated steel frame for enhanced durability and rust resistance.
- Weather-rated PVC material for long-lasting outdoor enjoyment.
- Easily removable cushions for convenient storage.
- Hand-woven design around the entire chair.
- Adjustable seating positions for personalized comfort.

Setup and Assembly

Assembly is required for this product. Please refer to the detailed assembly instructions included in the product packaging. Ensure all parts are present before beginning assembly. It is recommended to assemble the lounger on a soft, clean surface to prevent damage.

Assembly Tips:

- Identify all components and hardware before starting.
- Do not overtighten screws until all components are loosely assembled.
- Seek assistance if needed, especially for lifting or aligning larger parts.

Operating Instructions

The CorLiving Patio Sun Lounger features an adjustable backrest to provide multiple reclining positions for optimal comfort.

Image: A detailed view of the adjustable mechanism located at the back of the sun lounger, showing the notched bar for setting recline angles.

Adjusting the Backrest:

1. Carefully lift the backrest to disengage it from its current position.
2. Move the backrest to the desired angle.
3. Ensure the support bar securely locks into one of the notches on the frame.
4. Before sitting, gently press down on the backrest to confirm it is stable.

Cushion Use:

The ash gray fabric cushions are designed for comfort and are easily removable. For storage or cleaning, simply untie any securing straps and lift the cushions off the lounger frame.

Maintenance

Proper care will extend the life and appearance of your sun lounger. Regular maintenance is recommended.

Image: A close-up shot highlighting the texture of the ash gray fabric cushion and the black hand-woven wicker frame.

Cleaning Instructions:

- **Frame:** Wipe the galvanized powder-coated steel frame with a damp cloth and mild soap. Rinse thoroughly and dry completely to prevent water spots.
- **Wicker:** Clean the weather-rated PVC wicker with a soft brush or cloth and a mild detergent solution. Rinse with water and allow to air dry.
- **Cushions:** The fabric cushions are easily removable. Spot clean with a mild soap and water solution. For deeper cleaning, follow the care instructions on the cushion label. Ensure cushions are completely dry before storing to prevent mildew.

Storage:

During prolonged periods of non-use or inclement weather, it is recommended to store the cushions indoors. The lounge frame can remain outdoors but covering it will help protect it from environmental elements and extend its lifespan.

Troubleshooting

If you encounter any issues with your CorLiving Patio Sun Lounger, please refer to the following common solutions:

- **Instability:** Check all bolts and screws to ensure they are tightened. Ensure the lounge is placed on a level surface.
- **Difficulty Adjusting Backrest:** Ensure no obstructions are preventing the mechanism from moving freely. Clean any debris from the adjustment notches.
- **Rust Spots:** While the frame is rust-resistant, prolonged exposure to moisture can cause minor surface rust. Clean with a rust remover designed for metal furniture and apply a protective coating if desired.

If problems persist, please contact CorLiving customer support.
