

DELTA 19826Z-SPSD-DST

DELTA Greydon Single-Handle Pull-Down Sprayer Kitchen Faucet

Model: 19826Z-SPSD-DST

INTRODUCTION

The DELTA Greydon Kitchen Faucet is designed to enhance your kitchen with its transitional style and advanced features. This manual provides essential information for the proper installation, operation, and maintenance of your new faucet.

Key features include:

- **MagnaTite Docking:** A powerful integrated magnet securely holds the pull-down sprayer in place when not in use.
- **ShieldSpray Technology:** Cleans with a concentrated jet while an innovative shield of water contains splatter, reducing mess.
- **SpotShield Technology:** Resists water spots and fingerprints, helping to keep your faucet cleaner for longer.
- **DIAMOND Seal Technology:** Ensures leak-free performance and durability, lasting twice as long as the industry standard.

SETUP AND INSTALLATION

This faucet is designed for deck mount installation, typically requiring a single hole. For optimal performance and to ensure proper function, professional installation is recommended.

Included Components:

- Delta Greydon Single-Handle Pull-Down Sprayer Kitchen Faucet
- Soap Dispenser
- Mounting Hardware

Note: This faucet operates without batteries.

OPERATING INSTRUCTIONS

The DELTA Greydon faucet features a single handle for controlling both water temperature and flow. The

pull-down sprayer offers enhanced functionality for various kitchen tasks.

Water Flow and Temperature Control:

- Move the single handle left or right to adjust water temperature.
- Move the handle up or down to control water flow intensity.

Using the Pull-Down Sprayer:

- Gently pull the sprayer head from the faucet spout.
- Press the button on the sprayer head to switch between stream and ShieldSpray modes.
- After use, guide the sprayer head back into the spout. MagnaTite Docking will securely hold it in place.

Soap Dispenser Operation:

- To refill, lift the soap dispenser pump head from the counter.
- Pour liquid soap directly into the reservoir from above the counter.
- Replace the pump head and press down to dispense soap.

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and appearance of your DELTA Greydon faucet.

Cleaning the Faucet:

- Utilize the built-in **SpotShield Technology** by simply wiping the faucet with a soft, damp cloth to resist water spots and fingerprints.
- For general cleaning, use a mild liquid detergent and warm water. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish.
- Rinse thoroughly with clean water and dry with a soft cloth to prevent water spots.

Aerator Maintenance:

Periodically unscrew the aerator from the sprayer head and rinse any debris under running water. Reattach securely.

TROUBLESHOOTING

If you encounter issues with your faucet, consider the following general troubleshooting steps:

- **Low Water Flow:** Check if the water supply valves under the sink are fully open. Inspect the aerator for clogs and clean if necessary.
- **Leaks:** Ensure all connections are tight. If leaks persist, contact a qualified plumber.
- **Sprayer Not Docking:** Verify that the hose weight is correctly positioned under the sink to allow the MagnaTite docking system to function properly.

For persistent problems, refer to the warranty and support section.

SPECIFICATIONS

Manufacturer	Delta
Part Number	19826Z-SPSD-DST
Item Model Number	19826Z-SPSD-DST
Item Weight	6.49 pounds
Package Dimensions	27.25 x 13.25 x 4 inches
Color	Stainless
Style	Transitional
Finish	Stainless
Material	Alloy Steel, Metal
Power Source	Hand Powered
Installation Method	Single Hole Deck Mount
Number of Holes	1
Number of Handles	1
