A comparison chart illustrating the superior features of Riwbox TX8 Headphones, including touch control, angle adjustment, Hi-Fi 40mm speaker, wired/wireless/TF connectivity, 400mAh battery/Type-C charging, metal adjustable headband, and matte finish.

SETUP AND CONNECTIVITY

Charging the Headphones

Before first use, fully charge your Riwbox TX8 headphones. Connect the provided Type-C charging cable to the charging port on the headphone and to a compatible USB power source. A full charge typically takes approximately 2 hours.

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the power button until the indicator light flashes, indicating pairing mode.
3. On your device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
4. Select 'Riwbox TX8' from the list to connect. Once connected, the indicator light will stop flashing.

The headphones utilize advanced Bluetooth V5.3 technology for improved transmission speed, sound quality, stability, and reduced latency.

Wired Connection

For a wired connection, use the provided 3.5mm audio cable. Plug one end into the headphone's 3.5mm jack and the other end into your audio device's auxiliary port. This allows for wide compatibility with various devices.

TF/SD Card Playback

Insert a TF/SD card with your music files into the designated card slot on the headphone. The headphones will automatically switch to TF card mode and begin playing music from the card.

OPERATING INSTRUCTIONS

Smart Touch Control

The Riwbox TX8 features smart touch controls for convenient operation:

- **Play/Pause Music:** Tap once on the touch control area.
- **Answer/Hang Up Calls:** Tap once on the touch control area during an incoming call.

Button Controls

In addition to touch control, physical buttons are available for other functions:

- **Volume Control:** Use the dedicated volume buttons to adjust the audio level.
- **Track Selection:** Use the track selection buttons to skip to the next or previous song.
- **Power On/Off:** Press and hold the power button.

SOUND QUALITY AND DESIGN

The Riwbox TX8 headphones are equipped with large 40mm dynamic drivers, delivering superb bass output and clear highs for a true Hi-Fi audio experience. The circumaural, over-ear design, combined with high protein foam ear cups, ensures comfort during extended listening sessions. The headphones are lightweight (approximately 300 grams / 10.6 ounces), foldable, and adjustable, making them suitable for various head sizes and easy to transport.

BATTERY LIFE

The built-in 400mAh battery provides up to 40 hours of playtime on a single charge, allowing for extended use during travel, music listening, gaming, or exercising without frequent recharging.

Item Weight	300 Grams (10.6 ounces)
Product Dimensions	5.91 x 3.15 x 1.97 inches
Water Resistance Level	Not Water Resistant

MAINTENANCE

To ensure the longevity and optimal performance of your Riwbox TX8 headphones, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the earcups and headband. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, fold the headphones and store them in a cool, dry place away from direct sunlight and extreme temperatures.
- **Charging:** Use only the provided Type-C charging cable or a certified equivalent. Avoid overcharging the battery.
- **Liquid Exposure:** These headphones are not water resistant. Avoid exposure to liquids to prevent damage.

TROUBLESHOOTING

If you encounter any issues with your Riwbox TX8 headphones, refer to the following common solutions:

- **No Power:** Ensure the headphones are fully charged. Connect them to a power source using the Type-C cable.
- **Cannot Pair via Bluetooth:** Make sure the headphones are in pairing mode (indicator light flashing). Ensure Bluetooth is enabled on your device and it is within range (10 meters). Try restarting both devices.
- **No Sound:** Check the volume levels on both the headphones and your connected device. Ensure the headphones are properly connected (Bluetooth or wired). If using a wired connection, ensure the 3.5mm cable is fully inserted.

- **Poor Sound Quality:** Ensure the headphones are within Bluetooth range and there are no obstructions. If using a wired connection, try a different 3.5mm cable.
- **Microphone Not Working:** Ensure the headphones are properly connected and selected as the audio input device on your system.

WARRANTY AND SUPPORT

Riwbox offers a 12-month warranty for the TX8 Bluetooth Over-Ear Headphones. For any product-related inquiries, technical support, or warranty claims, please contact Riwbox customer service. Your satisfaction is our priority.
