Novafon B09GZ7Y8MM

Novafon Acoustic Wave Therapy Device Instruction Manual

Model: B09GZ7Y8MM

Introduction Safety Information Package Contents Setup Operating Instructions Maintenance Troubleshooting Specifications Warranty & Support

1. Introduction

The Novafon Acoustic Wave Therapy Device utilizes acoustical wave technology to deliver vibrations that positively impact connective tissue, cells, and skin. This device is designed to assist in pain relief, muscle and tissue repair, and to stimulate blood flow. It features a rechargeable battery for cordless operation and offers adjustable intensity levels for personalized treatment.

2. Important Safety Information

Treatments with the NOVAFON sound wave device are *not permitted* for the following conditions or areas:

- On open wounds or eczema in the body region to be treated.
- If you suffer from arteriosclerosis in the body region to be treated.
- If you currently suffer from epilepsy.
- During pregnancy.
- If you have implants in the body region to be treated.
- If you have a pacemaker.
- If you suffer from thrombosis in the body region to be treated.
- If you have a brain pacemaker.
- If you suffer from cardiac arrhythmias.
- If you have a tumor.

Consult a healthcare professional before using this device if you have any medical conditions or concerns.

3. Package Contents

Please check that all items are present and in good condition upon opening the package:

- Novafon Acoustic Wave Therapy Device

- Flat Disc attachment (for larger areas)
- Ball attachment (for pinpoint therapy)
- Universal accessory for other available attachments
- USB-C charging cable
- Power adapter
- Instruction Manual (this document)

4. Setup

4.1 Charging the Device

1. Connect the USB-C charging cable to the device's charging port.
2. Plug the other end of the cable into the power adapter, then into a wall outlet.
3. The device's indicator light will show charging status. A full charge takes approximately 3 hours.

4. A fully charged device provides approximately 3.5 hours of operating time at 700mA.

4.2 Attaching Applicators

The Novafon device features a high-quality, rare earth magnetic attachment system for easy changing of applicators.

1. Select the desired applicator (Flat Disc or Ball).
2. Align the applicator with the magnetic attachment point on the device.
3. Gently push until the applicator securely clicks into place.
4. To remove, simply pull the applicator away from the device.

5. Operating Instructions

5.1 Powering On/Off and Adjusting Settings

1. To power on the device, press and hold the power button until the indicator lights illuminate.
2. The device offers 3 intensity levels per frequency setting. Use the intensity control buttons to select your preferred level (low, medium, or high).
3. Adjust the treatment duration using the timer buttons, typically offering 5, 10, or 15-minute intervals.
4. To power off, press and hold the power button again until the indicator lights turn off.

5.2 Application Areas and Techniques

The Novafon device is versatile and can be used on various body parts for targeted therapy. Ensure the chosen applicator is suitable for the area.

- **Pain Relief & Muscle/Tissue Repair:** Apply the device directly to sore muscles or areas requiring tissue repair. The acoustical waves penetrate deeply to promote healing and reduce discomfort.
- **Stimulating Blood Flow:** Use on areas like tendons, cartilage, and facial muscles to encourage circulation and nutrient delivery.
- **Anti-aging & Facial Muscles:** Gentle application on facial areas can stimulate muscles, potentially leading to a smoother appearance and collagen production.

Move the device slowly and steadily over the treatment area. Avoid applying excessive pressure. For optimal results, follow recommended treatment protocols or consult a professional.

Image: A person applying the Novafon Acoustic Wave Therapy Device to the back of their hand, illustrating its use for smaller, more delicate areas.

Image: A person using the Novafon Acoustic Wave Therapy Device on the back of their neck, showing how it can be used for muscle relaxation and pain relief in the cervical region.

6. Maintenance

6.1 Cleaning the Device

- Always ensure the device is powered off and unplugged before cleaning.
- Wipe the device body and applicators with a soft, damp cloth.
- For stubborn residue, a mild, non-abrasive cleaner can be used. Avoid harsh chemicals or solvents.
- Ensure all parts are completely dry before storing or next use.

6.2 Storage

Store the Novafon device in a cool, dry place, away from direct sunlight and extreme temperatures. Keep it out of reach of children.

7. Troubleshooting

Problem	Possible Cause	Solution
Device does not turn on.	Low battery or not charged.	Charge the device fully (approx. 3 hours).
Weak or no vibration.	Incorrect intensity setting or loose applicator.	Increase intensity setting. Ensure applicator is securely attached.
Device stops during use.	Battery depleted or automatic shut-off.	Recharge the device. If not battery related, check timer settings.

If you encounter issues not listed here or if problems persist, please contact customer support.

8. Specifications

Model: B09GZ7Y8MM

Brand: Novafon (Manufactured by Novafon)

Technology: Acoustical Wave Therapy

Weight: Approximately 250g

Battery Type: Li-ion, 3400mAh, 3.7V

Operating Time: Approximately 3.5 hours (at 700mA)

Charging Time: Approximately 3 hours

Intensity Levels: 3 per frequency setting

Color: White

Package Dimensions: 14 x 4 x 4 inches

First Available Date: September 23, 2021

9. Warranty & Support

9.1 Warranty Information

This Novafon Acoustic Wave Therapy Device comes with a standard manufacturer's warranty. Please refer to the warranty card included in your package for specific terms, conditions, and duration. Keep your proof of purchase for warranty claims.

9.2 Customer Support

For technical assistance, product inquiries, or warranty support, please contact Tools for Wellness customer service. Contact details can typically be found on the product packaging or the official Tools for Wellness website.
