# Yaheetech Cat Litter Box Enclosure (Model YT-00109861) Instruction Manual

Brand: Yaheetech | Model: YT-00109861

### PRODUCT OVERVIEW

The Yaheetech Cat Litter Box Enclosure is a versatile piece of furniture designed to discreetly house your cat's litter box while serving as a functional side table, nightstand, or storage cabinet. Its elegant design complements various home decors, providing a private space for your pet and helping to maintain a clean and odor-free living environment.

Image: The Yaheetech Cat Litter Box Enclosure in espresso finish, with a cat peeking out from the entrance.

- **Exquisite Cat Furniture:** Simple espresso-finished furniture designed to seamlessly fit and complement any decor. The enclosed cabinet is suitable for a pet litter box or a pet bed, and can also function as a nightstand, side table, or end table.
- **Hidden Litter Box, Privacy Protection:** Provides privacy for pets during potty time, effectively concealing messes, minimizing odors, and preventing litter from scattering to keep floors clean.
- **Customizable Side Bar:** The side hanging bar can be assembled on either the right or left side of the cabinet to conveniently hang towels, cat litter scoops, or other tools.
- **Limited Space Friendly:** Offers a wide tabletop to maximize storage or organize items like magazines and TV remotes. Features a raised edge to prevent items from falling.
- **Clean with Ease:** The surface is finished with water-resistant paint, and the rounded triangle door provides easy access for cleaning the litter box.

## SAFETY INSTRUCTIONS

Please read and understand all instructions before assembly and use. Keep all small parts and packaging materials away from children and pets to prevent choking hazards. Ensure all fasteners are securely tightened before use. Do not overload the top surface of the enclosure. Place the unit on a flat, stable surface.

## PACKAGE CONTENTS

---

Verify that all components are present and undamaged before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Wooden Panels (various sizes for top, bottom, sides, back, and door)
- Hardware Pack (screws, dowels, hinges, magnetic catches, side towel bar, door latch)
- Instruction Manual

## ASSEMBLY INSTRUCTIONS

---

Assembly is required for this product. The accompanying instructions and video guide will walk you through the installation process. A Philips head screwdriver is the only tool needed.

Your browser does not support the video tag.

Video: Official Yaheetech assembly guide for the Cat Litter Box Enclosure. This video demonstrates the step-by-step process of putting together the furniture unit.

### Step-by-Step Assembly:

1. **Prepare Side Panels:** Attach the cam lock screws to the designated holes on the side panels (parts 6 and 7).
2. **Assemble Door:** Secure the hinges (part K) to the door panel (part 9) using screws (part H). Attach the magnetic catch plate (part F) to the top corner of the door using screws (part G).
3. **Construct Base Frame:** Connect the front and back support bars (parts 2 and 3) to the bottom panel (part 1) using cam lock screws (part C).
4. **Attach Side Panels to Base:** Insert the side panels into the assembled base frame, ensuring the cam lock screws align with the holes. Secure them by tightening the cam locks (part J).
5. **Install Back Panel:** Slide the back panel (part 8) into the grooves of the side panels.
6. **Attach Top Panel:** Place the top panel (part 10) onto the assembled structure, aligning the holes. Secure it with cam lock screws (parts P and Q).
7. **Mount Side Towel Bar:** Attach the side towel bar (part N) to either side of the enclosure using screws (part M).
8. **Install Door Latch:** Secure the door latch (part I) to the side panel adjacent to the door using screws (part G).

## USAGE GUIDELINES

This enclosure is designed to accommodate most standard and large cat litter boxes. Simply open the front door, place your cat's litter box inside, and close the door. The internal divider can be used to create a separate area for a pet mat or extra storage, or it can be removed entirely to fit larger litter boxes. The side entrance allows your cat easy access while maintaining privacy.

## CARE AND MAINTENANCE

---

To ensure the longevity and hygiene of your cat litter box enclosure, follow these simple care instructions:

- **Regular Cleaning:** The water-resistant painted surface allows for easy cleaning. Wipe down the exterior and interior surfaces regularly with a damp cloth and mild detergent. Avoid abrasive cleaners that may damage the finish.
- **Odor Control:** The ventilation holes in the back panel help with air circulation. For enhanced odor control, ensure the litter box inside is scooped daily and the litter is changed as recommended by the litter manufacturer.
- **Spill Management:** In case of spills or accidents, clean them immediately to prevent moisture damage to the wood.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Tighten if necessary.

## TROUBLESHOOTING

If you encounter any issues with your Yaheetech Cat Litter Box Enclosure, please refer to the following common solutions:

- **Cat Not Using Enclosure:** Introduce your cat to the enclosure gradually. Place their favorite toys or treats inside. Ensure the litter box is clean and accessible. Some cats may need time to adjust to a new setup.
- **Odor Issues:** Ensure the litter box is scooped regularly. Consider using activated charcoal filters inside the enclosure or a higher quality litter. The ventilation holes should help, but consistent litter maintenance is key.
- **Wobbly Unit:** Check all assembly screws and cam locks. Tighten any loose fasteners. Ensure the unit is placed on a level surface.
- **Door Not Closing Properly:** Inspect hinges and magnetic catches for proper alignment. Adjust if necessary. Ensure the door latch is installed correctly.

## PRODUCT SPECIFICATIONS

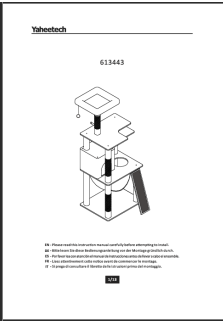

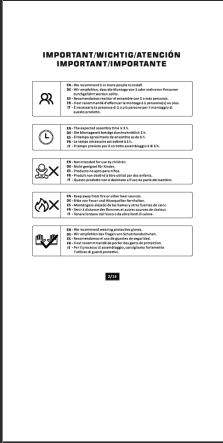

Feature	Detail
Brand	Yaheetech

Feature	Detail
Model Name	Cat Litter Box Enclosure
Model Number	YT-00109861
Color	Espresso
