## SONGMICS ULSH010B02

# SONGMICS 10-Tier Shoe Rack Instruction Manual

Model: ULSH010B02

## PRODUCT OVERVIEW

The SONGMICS 10-Tier Shoe Rack is designed to provide efficient and space-saving storage for your footwear. Constructed with a durable metal frame and non-woven fabric shelves, it offers a stable and reliable solution for organizing shoes in various areas of your home.

*Image: The SONGMICS 10-Tier Shoe Rack in its full height, showcasing its capacity to hold multiple pairs of shoes on each of its ten tiers. A handbag is placed on the top shelf.*

## KEY FEATURES

- **Space-Saving Design:** With dimensions of 11"D x 17.7"W x 68.1"H, this slim rack fits into small spaces while offering ample storage.
- **Durable Construction:** Made from strong metal tubes and durable non-woven fabric, ensuring long service life and stable support for your shoes.
- **Flexible Configuration:** Can be assembled as a single 10-tier unit or two separate 5-tier racks. Shelves can also be removed to accommodate taller items like boots.
- **Easy Assembly:** Features a simple structure with labeled parts and requires no tools for assembly.
- **Versatile Use:** Ideal for entryways, living rooms, dressing rooms, bedrooms, or any area requiring additional storage.

# Large Capacity

Organises up to 20 pairs of shoes with ease

*Image: This illustration highlights the large capacity of the shoe rack, showing how it can organize up to 20 pairs of shoes. It also demonstrates the flexibility of assembling it as a full 10-tier unit or splitting it into two 5-tier units, with options to remove shelves for boots.*

## INCLUDED COMPONENTS

Please ensure all components are present before beginning assembly:

- 1 x Shoe Rack (disassembled components)
- 1 x Accessory Kit (connectors, anti-tip kit)

- 2 x Anti-Tip Kit (for securing to wall)
- 1 x Instructions Manual (this document)

## SETUP AND ASSEMBLY

---

Assembly of the SONGMICS Shoe Rack is designed to be straightforward and tool-free. Follow these steps for a hassle-free setup:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all metal tubes, non-woven fabric shelves, and plastic connectors are present as per the included components list.
2. **Connect Frame:** Begin by connecting the metal tubes using the plastic connectors. The tubes are designed to click securely into place. Ensure all connections are firm.
3. **Install Shelves:** Slide the non-woven fabric shelves onto the assembled frame. The fabric is reinforced to provide sturdy support.
4. **Configure Height:** Decide whether to assemble as a full 10-tier unit or two 5-tier units. You can also omit certain shelves to create taller compartments for boots or other items.
5. **Secure Anti-Tip Kit:** For enhanced safety, especially in households with children or pets, secure the shoe rack to the wall using the provided anti-tip kit. Refer to the detailed instructions in the included manual for proper installation of the anti-tip kit.

# Easy to Assemble

- A simple structure
- No tools are required

## OPERATING INSTRUCTIONS

The SONGMICS Shoe Rack is designed for straightforward use. Simply place your shoes on the non-woven fabric shelves. Each tier is capable of holding up to 11 pounds.

- **Shoe Placement:** Arrange shoes neatly on each shelf. For larger shoes or boots, consider removing a shelf to create

more vertical space.

- **Stability:** Ensure the rack is placed on a flat, stable surface. If using the anti-tip kit, confirm it is securely fastened to the wall.

*Image: The shoe rack is shown in an entryway, fully utilized with shoes, highlighting its functional integration into a home environment.*

To ensure the longevity and appearance of your SONGMICS Shoe Rack, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the non-woven fabric shelves and metal frame with a dry cloth to remove dust and dirt. Avoid using abrasive cleaners or harsh chemicals.
- **Spills:** In case of spills, promptly wipe the affected area with a damp cloth and allow it to air dry completely.
- **Regular Check:** Periodically check all connections to ensure they remain secure. Tighten any loose parts if necessary.

Anti-Tipping

## TROUBLESHOOTING

If you encounter any issues with your shoe rack, refer to the following common troubleshooting tips:

Problem	Possible Cause	Solution
Rack feels unstable/wobbly.	Loose connections or uneven surface.	Ensure all pipes are fully inserted into connectors. Place the rack on a flat, level surface. Secure with anti-tip kit if not already done.
Shelves sag or tear.	Overloading or improper installation.	Do not exceed the 11-pound weight limit per tier. Ensure fabric shelves are correctly and tightly fitted onto the frame.
Missing parts during assembly.	Packaging error.	Contact SONGMICS customer support with your purchase details and the specific missing components.

## SPECIFICATIONS

Attribute	Detail
Brand	SONGMICS
