# SodaStream Duo Sparkling Water Maker User Manual

Model: 1016812441 | Brand: SodaStream

## 1. INTRODUCTION AND OVERVIEW

The SodaStream Duo Sparkling Water Maker provides the convenience of creating fresh sparkling water at home. This versatile machine is compatible with both dishwasher-safe glass carafes and BPA-free plastic bottles, offering flexibility for home use and on-the-go hydration. Featuring the innovative Quick Connect CO2 cylinder system, the Duo simplifies the carbonation process, allowing you to enjoy custom-fizzed beverages in seconds without the need for electricity.

This manual will guide you through the proper setup, operation, maintenance, and troubleshooting of your SodaStream Duo to ensure a safe and enjoyable experience.

## 2. SAFETY INFORMATION

Please read all safety instructions carefully before using your SodaStream Duo. Failure to do so may result in personal injury or damage to your product.

- **Use Only Water:** Only carbonate plain water. Do not carbonate any other liquids (e.g., juice, flavored syrups, wine) as this can damage the machine and create a safety hazard.
- **Proper Bottle Use:** Use only SodaStream carbonating bottles specifically designed for the Duo model. Do not use bottles that are damaged, deformed, or expired.
- **CO2 Cylinder Handling:** Handle the CO2 cylinder with care. Do not expose it to heat sources or direct sunlight. Store in a cool, dry place. Do not attempt to refill the cylinder yourself.
- **Machine Stability:** Always place the SodaStream Duo on a flat, stable surface during operation.
- **Do Not Move During Carbonation:** Do not move the sparkling water maker while it is carbonating.
- **Children:** Keep the appliance out of reach of children. It is not intended for use by children.
- **Cleaning:** Clean the machine according to the maintenance instructions. Do not immerse the machine in water.

### 3. WHAT'S IN THE BOX

---

Your SodaStream Duo package includes the following components:

- 1 x SodaStream Duo Sparkling Water Maker (Metallic Black)
- 1 x 1-Liter BPA-Free Plastic Carbonating Bottle (Dishwasher Safe)
- 1 x 1-Liter Glass Carbonating Carafe (Dishwasher Safe)
- 1 x 60-Liter Quick Connect CO2 Gas Cylinder (Pink System)
- User Manual (this document)

### 4. SETUP

---

Follow these steps to set up your SodaStream Duo for first use:

1. **Unpack the Machine:** Carefully remove all components from the packaging.

2. **Position the Machine:** Place the SodaStream Duo on a flat, stable, and dry surface.

3. **Install the CO2 Cylinder:**

- Ensure the machine is in the upright position.
- Open the back cover of the sparkling water maker by pulling it outwards.
- Insert the pink Quick Connect CO2 cylinder into the back slot. The cylinder should click into place. No twisting is required.
- Close the back cover by pushing it back until it snaps shut.

## 5. OPERATING INSTRUCTIONS

---

Follow these steps to carbonate water with your SodaStream Duo:

1. **Fill the Bottle:** Fill your SodaStream carbonating bottle (either plastic or glass) with cold tap water up to the fill line.
2. **Insert the Bottle:**

- Pull the bottle rest towards you until it clicks.
- Insert the carbonating bottle into the bottle rest.
- Push the bottle rest back towards the machine until it is in the upright position and the bottle is securely locked in place.

### 3. Carbonate the Water:

- Press the carbonating button firmly for 1-2 seconds, then release.
- Repeat 3-5 times for standard fizz, or more for stronger fizz. You will hear a distinct buzzing sound when carbonation is complete.

4. **Remove the Bottle:** Once carbonation is complete, pull the bottle rest towards you until the bottle is released. Remove the bottle.

5. **Enjoy:** Your sparkling water is now ready to drink. You can add SodaStream flavor syrups or fresh fruit for a customized beverage.

## 6. MAINTENANCE AND CLEANING

---

Regular cleaning ensures the longevity and hygiene of your SodaStream Duo.

- **Machine Cleaning:**

- Wipe the machine with a soft, damp cloth. Do not use abrasive cleaners or sharp tools.
- Do not immerse the machine in water or wash it in a dishwasher.

- **Bottle Cleaning:**

- Both the plastic carbonating bottle and the glass carafe are dishwasher safe.
- Alternatively, wash bottles with lukewarm water and a mild dish soap. Use a bottle brush for thorough cleaning.
- Allow bottles to air dry completely before storing.

---

## 7. TROUBLESHOOTING

---

If you encounter issues with your SodaStream Duo, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No fizz or weak fizz	CO2 cylinder empty or not properly installed; insufficient carbonation presses.	Replace CO2 cylinder or ensure it's clicked into place. Press the carbonating button 3-5 times firmly.
Water overflowing during carbonation	Bottle overfilled; carbonating liquids other than water.	Ensure water is filled only to the fill line. Only carbonate plain water.
Bottle not locking into place	Bottle rest not fully extended or pushed back; obstruction.	Pull the bottle rest fully towards you, insert the bottle, then push it firmly back until it clicks. Check for any obstructions.
Machine making unusual noises	Normal operation sound; internal issue.	A buzzing sound during carbonation is normal. If sounds are unusual or persistent, contact customer support.

If the problem persists after trying these solutions, please contact SodaStream Customer Support for further assistance.
