## VGR V-390

# VGR Electric Shaver V-390 User Manual

Model: V-390

## INTRODUCTION

---

This manual provides detailed instructions for the safe and effective use of your VGR Electric Shaver V-390. Please read this manual thoroughly before first use and retain it for future reference. This electric shaver is designed for personal grooming, offering a clean and confident appearance.

## IMPORTANT SAFETY INFORMATION

---

To reduce the risk of electric shock, injury, or damage to the appliance, always follow these basic safety precautions:

- Do not use this appliance near water, such as in bathtubs, showers, basins, or other vessels containing water.
- Ensure the shaver is clean and dry before and after each use.
- Avoid applying excessive pressure to the skin while shaving to prevent irritation.
- Always unplug the shaver from the power outlet before cleaning.
- Do not use the shaver if it is damaged, has a damaged cord or plug, or is not working properly. Contact customer support for assistance.
- Keep the appliance out of reach of children.

## PACKAGE CONTENTS

---

Verify that all items are present in the package:

- VGR Electric Shaver V-390
- USB Charging Cable
- Cleaning Brush
- Replacement Foil/Blade Cartridge

Image: Included accessories for the VGR Electric Shaver V-390, featuring a USB charging cable, a small cleaning brush, and a spare foil/blade cartridge.

## SETUP

---

### Initial Charging

Before using your VGR Electric Shaver V-390 for the first time, it is recommended to fully charge it.

1. Connect the small end of the USB charging cable to the charging port located at the bottom of the shaver.
2. Connect the larger end of the USB cable to a compatible USB power adapter (not included) or a computer USB port.
3. Allow the shaver to charge for approximately 1.5 hours for a full charge. The charging indicator light (if present) will typically change or turn off when fully charged.

Image: The rear of the VGR Electric Shaver V-390, displaying the charging port at the bottom and product specifications such as Model: V-390, Input: 5V=1A, and Charge time: 8h (note: actual charge time is 1.5h for use, 8h might be for initial full charge or a misprint on the device itself).

## OPERATING INSTRUCTIONS

---

### Shaving

For optimal results, ensure your skin is clean and dry before shaving.

1. Press the power button to turn on the shaver.
2. Hold the shaver at a right angle (90 degrees) to your skin.
3. Gently stretch your skin with your free hand to make the hairs stand upright.
4. Move the shaver in short, circular motions or straight strokes against the direction of hair growth.
5. Do not press too hard; let the shaver do the work.
6. After shaving, press the power button again to turn off the shaver.

## MAINTENANCE

---

### Cleaning the Shaver

Regular cleaning ensures optimal performance and hygiene.

1. Ensure the shaver is turned off and unplugged from any power source.
2. Remove the foil head by gently pulling it upwards.
3. Use the provided cleaning brush to brush away any accumulated hair from the foil and the inner cutting blades.
4. Do not use water to clean the internal components unless specified as waterproof. This model is not explicitly stated as wet/dry.
5. Reattach the foil head by aligning it and pressing down until it clicks into place.

### Blade and Foil Replacement

For continued optimal shaving performance, it is recommended to replace the foil and blade cartridge

every 6-12 months, depending on usage. A replacement cartridge is included in your package. To replace, simply remove the old foil head and snap the new one into place.

## CHARGING

The VGR Electric Shaver V-390 features a powerful long-life motor and a rechargeable battery.

- **Charging Time:** Approximately 1.5 hours for a full charge.
- **Use Time:** Up to 2 hours of continuous operation on a full charge.
- Always use the provided USB cable for charging.

## TROUBLESHOOTING

Issue	Possible Cause	Solution
Shaver does not turn on	Battery is depleted.	Charge the shaver for 1.5 hours.
Poor shaving performance	Foil or blades are dull or clogged with hair.	Clean the shaver head thoroughly. Consider replacing the foil/blade cartridge.
Shaver pulls hair	Battery is low; foil or blades are dull.	Recharge the shaver. Replace the foil/blade cartridge if necessary.
Skin irritation after shaving	Excessive pressure; sensitive skin; dull blades.	Use lighter pressure. Ensure blades are sharp. Apply aftershave balm for sensitive skin.

## SPECIFICATIONS

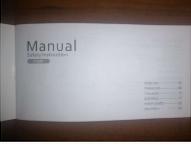

Feature	Detail
Model Name	V-390
Brand	VGR
Power Source	Battery Powered (Rechargeable)
