FITHOOD BL 5B

FITHOOD BL-5B Rechargeable Li-ion Battery User Manual

Model: BL 5B

1. Introduction

This manual provides essential information for the safe and effective use of your FITHOOD BL-5B rechargeable Li-ion battery. The BL-5B is a 3.7V, 890mAh Li-ion battery designed for compatible household radios and other electronic devices requiring this specific battery model.

What's in the Box:

- 1x FITHOOD BL-5B Rechargeable Battery

2. Safety Information

Please read and understand all safety instructions before using the battery. Failure to follow these instructions may result in fire, electric shock, explosion, or other hazards.

- Do not disassemble, open, or shred the battery.
- Do not short-circuit the battery. Avoid storing the battery in a box or drawer where it may be short-circuited by other metal objects or where the battery terminals may come into contact with each other.
- Do not expose the battery to heat or fire. Avoid storage in direct sunlight.
- Do not subject the battery to mechanical shock.
- In the event of a battery leak, do not allow the liquid to come into contact with the skin or eyes. If contact has been made, wash the affected area with copious amounts of water and seek medical advice.
- Do not use any charger other than that specifically provided for use with the equipment.
- Keep the battery out of the reach of children.
- Seek medical advice immediately if a battery has been swallowed.
- Do not use any battery that is not designed for use with the equipment.
- Dispose of used batteries promptly according to local regulations.

3. Setup and Installation

Follow these steps to properly install the BL-5B battery into your compatible device.

1. **Identify Battery Compartment:** Locate the battery compartment on your device. This is typically on the back or bottom of the unit.
2. **Open Compartment:** Carefully open the battery compartment cover. Refer to your device's manual if you encounter difficulty.
3. **Align Battery:** Observe the orientation of the battery contacts inside the compartment. Align the gold contacts on the BL-5B battery with the corresponding terminals in your device.
4. **Insert Battery:** Gently insert the BL-5B battery into the compartment, ensuring it sits securely and the contacts are fully engaged. Do not force the battery.
5. **Close Compartment:** Replace the battery compartment cover until it clicks into place or is firmly secured.

4. Operating Instructions

This section details the proper operation of your BL-5B battery.

4.1 Initial Charging

For optimal performance, fully charge the battery before its first use. Connect your device with the installed BL-5B battery to its compatible charger and allow it to charge until the device indicates a full charge.

4.2 Regular Charging

When the device indicates low battery, connect it to the appropriate charger. The charging time will vary depending on the charger and the device's power management system. Always use a charger specified for your device and this battery type.

4.3 Usage

Once charged, the battery will power your compatible device. Battery life will depend on the device's power

consumption and usage patterns.

5. Maintenance

Proper maintenance can extend the lifespan of your BL-5B battery.

- **Storage:** Store the battery in a cool, dry place away from direct sunlight and extreme temperatures. If storing for extended periods, ensure the battery has a partial charge (around 50%).
- **Cleaning:** If necessary, gently wipe the battery contacts with a clean, dry cloth to ensure good connectivity.
- **Avoid Extreme Temperatures:** Do not expose the battery to temperatures below 0°C (32°F) or above 45°C (113°F) for prolonged periods, as this can degrade performance and lifespan.

6. Troubleshooting

If you encounter issues with your BL-5B battery, consider the following:

- **Battery Not Charging:**
  - Ensure the battery is correctly installed and contacts are clean.
  - Verify the charger is functioning and properly connected to both the device and a power source.
  - Check if the charging port on your device is clean and undamaged.
- **Short Battery Life:**
  - Ensure the battery is fully charged before use.
  - Reduce power-intensive activities on your device.
  - Battery capacity naturally diminishes over time and with usage cycles. If the battery is old, replacement may be necessary.
- **Battery Not Fitting:**
  - Double-check that your device requires a BL-5B battery.
  - Ensure the battery is oriented correctly before attempting to insert it.

7. Specifications

Technical details for the FITHOOD BL-5B Rechargeable Li-ion Battery:

Specification	Value
Model Number	BL 5B
Battery Type	Li-ion
Voltage	3.7V
Capacity	890mAh
Product Dimensions	1.82 x 0.22 x 1.34 inches (5.5 x 34 x 46.2 mm)
Item Weight	0.634 ounces
Recommended Uses	Radio
