BEHIYA BE-21S1-V011

BEHIYA Bathroom Vanity Light (3-Lights)

Model: BE-21S1-V011

1. INTRODUCTION

This instruction manual provides essential information for the safe and proper installation, operation, and maintenance of your BEHIYA Bathroom Vanity Light, Model BE-21S1-V011. Please read this manual thoroughly before beginning installation and retain it for future reference.

Safety Information

- Always turn off the main power supply at the circuit breaker before installing, servicing, or replacing any part of the fixture.
- Consult a qualified electrician if you are unsure about the installation process.
- Ensure all electrical connections comply with local codes and ordinances.
- Do not exceed the maximum wattage specified for the bulbs.
- Handle glass components with care to prevent breakage.

2. PACKAGE CONTENTS

Carefully unpack the fixture and check that all components are present and undamaged. If any parts are missing or broken, contact customer support immediately.

Video: How to install a bathroom light fixture V011. This video demonstrates the complete installation process of the light fixture onto a wall.

Installation Steps:

1. **Prepare for Installation:** Turn off power at the circuit breaker. Ensure the mounting surface is clean and dry.
2. **Attach Hanging Plate:** Secure the hanging plate to the wall junction box using the provided mounting hardware.
3. **Electrical Connection:** Connect the fixture's wires to the household electrical wires (black to black, white to white, ground to ground) using wire nuts. Ensure connections are secure.
4. **Mount Fixture:** Carefully align the fixture with the hanging plate and secure it with the provided screws or nipples.

5. **Install Lampshades:** Unscrew the socket ring from each light socket. Place a glass lampshade over each socket, then re-secure with the socket ring.

6. **Insert Bulbs:** Screw E26 base bulbs (not included, max 60W per bulb) into each socket.

Easily Installation-Compatible US Junctin Box

1 Remove the crew

2 Put on the lampshade

3 Fix the lampshade with the screw

Image: Visual guide showing the easy installation of the lampshades: remove the screw, put on the lampshade, and fix with the screw.

4. OPERATION

Once installed, restore power at the circuit breaker. The light fixture is operated via your wall switch.

Dimmable Functionality

This fixture is fully dimmable when used with compatible E26 base dimmable bulbs (Max 60W per bulb) and a compatible dimmer switch (both sold separately). This allows you to adjust the light intensity to create your desired ambiance.

Image: Illustrates the difference between warm light and white light settings, achievable with compatible dimmable bulbs.

Reversible Mounting

The fixture can be mounted with the lights facing upwards (uplight) or downwards (downlight) to suit your preference and lighting needs.

Upside and Downside Illumination

Image: Demonstrates the vanity light fixture installed in both an upward-facing (uplight) and downward-facing (downlight) orientation.

5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your light fixture.

Cleaning

- Always turn off power before cleaning.
- Wipe the fixture with a soft, dry cloth.
- Do not use harsh chemicals, abrasive cleaners, or polishes as they may damage the finish.
- For glass shades, use a mild glass cleaner applied to a cloth, not directly to the fixture.

Bulb Replacement

- Turn off power at the circuit breaker and allow bulbs to cool completely before replacing.
- Unscrew the old bulb from the E26 socket.

- Screw in a new E26 base bulb, ensuring it does not exceed the maximum 60W rating.

6. TROUBLESHOOTING

If you experience issues with your light fixture, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power supply Loose wiring Faulty bulb	Check circuit breaker and wall switch Verify all wire connections are secure (power off first) Replace bulb with a new one
Light flickers	Loose bulb Incompatible dimmer switch/bulb Loose wiring	Tighten bulb Ensure dimmer and bulbs are compatible and rated for dimming Check wiring connections (power off first)
Humming noise	Incompatible dimmer switch/bulb	Replace dimmer switch or bulbs with compatible models

If the problem persists after attempting these solutions, please contact BEHIYA customer support.
