## VIPEK V10 Heavy Duty Garment Rack

# VIPEK V10 Heavy Duty Garment Rack Instruction Manual

Model: V10 Heavy Duty Garment Rack | Brand: VIPEK

## 1. PRODUCT OVERVIEW

The VIPEK V10 Heavy Duty Garment Rack is designed to provide extensive and organized storage for clothing and accessories. Constructed from high-quality carbon steel and iron, this freestanding unit offers exceptional durability and stability. It features multiple hanging rods, adjustable shelves, and convenient sliding storage baskets to maximize your storage space.

### Key Features:

- **Dimensions:** 68.9" W x 15.7" D x 76.4" H
- **Strong Bearing Capacity:** Max load up to 920 lbs; each hanging rod supports up to 75 lbs.
- **Multifunction Design:** 5 tiers for hanging clothes, placing accessories, bedding, shoes, and more.
- **Adjustable Shelves:** Customize shelf height to suit your storage needs.
- **Sliding Storage Baskets:** Two convenient baskets for folded items or smaller accessories.
- **Sturdy Construction:** Made from high-quality iron with a powder-coated finish for durability.

This garment rack is suitable for various environments including bedrooms, cloakrooms, clothing stores, laundry rooms, and walk-in closets.

## 2. SETUP AND ASSEMBLY

Assembly of the VIPEK V10 Garment Rack is designed to be straightforward. Please read these instructions carefully before beginning. A rubber mallet (not included) may be helpful for securing shelves.

### 2.1. Unpacking and Component Identification

Carefully unpack all components and verify against the parts list provided in your package. Ensure all parts are present and undamaged.

### 2.2. Assembly Steps

1. **Prepare the Poles:** Attach the leveling feet to the bottom of the main poles. Ensure the plastic clips are securely placed at the desired height for the first shelf.
2. **Install Bottom Shelves:** Slide the bottom shelves over the poles, ensuring they are parallel to the floor. Gently tap with a rubber mallet until the four sleeves fit snugly onto the poles.
3. **Connect Middle Sections:** Attach the middle pole sections and secure them with plastic clips for

the next set of shelves or hanging rods.

4. **Add Hanging Rods:** Secure the hanging rods using the designated clips at your preferred height.
5. **Install Sliding Baskets:** Position the sliding basket supports at the desired height using plastic clips, then insert the baskets.
6. **Complete Top Sections:** Attach the top pole sections and install the remaining shelves.
7. **Wall Anchoring (Optional but Recommended):** For added stability, especially in homes with children or pets, use the provided wall anchor kit to secure the rack to a wall.

### 3. OPERATING INSTRUCTIONS

The VIPEK V10 Garment Rack is designed for versatile and efficient clothing storage. Utilize its features to organize your wardrobe effectively.

### 3.1. Utilizing Hanging Rods

Hang shirts, dresses, coats, and trousers on the multiple hanging rods. The rods are adjustable in height to accommodate different garment lengths. Each rod can support up to 75 lbs.

### 3.2. Adjustable Shelving

The wire shelves can be adjusted to various heights along the poles. This allows you to customize storage for folded clothes, boxes, shoes, or other items. Ensure shelves are evenly distributed for optimal weight bearing.

### 3.3. Sliding Storage Baskets

The two included sliding baskets are ideal for storing folded garments, linens, accessories, or smaller items. They slide smoothly for easy access. Ensure items are placed evenly to prevent tipping.

## 4. MAINTENANCE

Proper maintenance will ensure the longevity and continued performance of your VIPEK V10 Garment Rack.

- **Cleaning:** Wipe down the metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the powder-coated finish.
- **Regular Inspection:** Periodically check all connections, screws, and plastic clips to ensure they remain tight and secure. Tighten any loose components as needed.
- **Weight Distribution:** Distribute weight evenly across shelves and hanging rods to prevent strain on any single section and maintain stability.
- **Relocation:** If relocating the rack, empty it of all contents first to prevent damage or injury.

## 5. TROUBLESHOOTING

If you encounter any issues with your garment rack, refer to the following common solutions:

- **Rack feels unstable:** Ensure all poles are fully inserted into their connectors and all plastic clips are securely snapped into place. Verify that the leveling feet are adjusted correctly on an even surface. Consider using the wall anchor kit for enhanced stability.
- **Shelves are not level:** Recheck the placement of the plastic clips on the poles. Ensure they are at the same height on all four poles for each shelf. Gently tap the shelves with a rubber mallet to fully seat them.
- **Difficulty sliding baskets:** Check for any obstructions in the basket tracks. Ensure the baskets are correctly aligned on their supports.
- **Missing parts:** If any parts are missing upon arrival, please contact VIPEK customer support for assistance.
