

Recaro J1 Neo

Recaro J1 Neo Child Car Seat Instruction Manual

Model: J1 Neo

1. INTRODUCTION

This manual provides essential information for the correct installation, safe use, and maintenance of your Recaro J1 Neo child car seat. Please read it thoroughly before using the product and keep it in a safe place for future reference. Proper installation and use are crucial for your child's safety.

2. SAFETY INFORMATION

Ensuring your child's correct seating posture is paramount for both comfort and safety. The Recaro J1 Neo is designed to support a natural and correct sitting position throughout your child's growth. Always ensure:

- The child's bottom is pushed all the way back into the seat.
- Their back is flat against the seat backrest.
- The shoulder belts are adjusted snugly across the child's chest, with no slack.

The car seat features impact-absorbing cushions in the headrest and side protection areas to provide enhanced safety in the event of a collision.

お子さまを安全に

衝撃吸収性に優れたクッションで頭部をしっかりサポート。サイドはお子さまの体を包み込む大型のプロテクション。

3. FEATURES

3.1. HERO Harness System with One-Touch Adjustment

The Recaro J1 Neo incorporates the unique, patented HERO harness system. This innovative design allows the head support and shoulder belts to move simultaneously, enabling one-touch adjustment of both head and shoulder belt positions to perfectly fit your child's body as they grow. This eliminates the need to re-thread the shoulder belts.

Image: One-touch adjustment of head support and shoulder belts.

3.2. Secure and Twist-Resistant Belts

The shoulder belt pads are designed to be long and resistant to twisting. They provide broad support across the child's body, helping to prevent slippage and ensuring a secure fit.

Image: Child demonstrating secure and twist-resistant shoulder belts.

3.3. Pressure-Distributing Cushion

The seat surface features a high-density urethane pad engineered to effectively distribute body pressure. This moderate firmness prevents the child from 'bottoming out' and helps maintain a naturally correct sitting posture, making it ideal for extended journeys.

体圧分散クッション

3.4. Excellent Breathability

The car seat is constructed with mesh materials and a design that prioritizes ventilation for comfort, without compromising safety. Ventilation holes are strategically placed on both the sides and the seat surface to ensure optimal airflow.

通気性がよく快適

メッシュ素材の使用。快適に過ごすための通気性を追求した構造です。サイド、座面ともに通気孔を設けています。

3.5. Washable Cover

For easy cleaning, the car seat cover is designed to separate into three distinct parts, allowing for convenient removal and washing.

洗えるカバー

カバーは3つに分かれるので
着脱しやすく、洗えます。

3.6. Easy Parts Storage

As your child grows and certain components are no longer needed, they can be conveniently stored within the car seat itself.

簡単パーツ収納

成長に合わせて不要になったパーツは、すべてチャイルドシートに収納可能です。

Image: Internal storage for unused car seat components.

3.7. Angle Adjustment

The car seat features an angle adjustment mechanism, allowing it to be precisely fitted to the angle of your vehicle's seat for optimal stability and comfort.

4. SETUP AND INSTALLATION

The Recaro J1 Neo is designed for installation using your vehicle's seat belt system. Always refer to your vehicle's owner's manual for specific instructions regarding child restraint installation points.

4.1. Initial Assembly

Unpack all components. Ensure the headrest and backrest are securely attached to the base. If any parts are detached for shipping, reassemble them according to the diagrams in the full manual.

4.2. Vehicle Installation (Forward-Facing)

1. Place the car seat on the desired vehicle seat, ensuring it is forward-facing.
2. Route the vehicle's 3-point seat belt through the designated belt paths on the car seat. Follow the color-coded guides (usually red for forward-facing).
3. Buckle the vehicle's seat belt.
4. Press down firmly on the car seat while pulling the vehicle's seat belt tight to remove all slack. The car

seat should not move more than 1 inch (2.5 cm) from side to side or front to back at the belt path.

5. Adjust the car seat's angle to match the vehicle seat for a snug fit.

Important: Never install the car seat on a vehicle seat equipped with an active front airbag.

5. OPERATING INSTRUCTIONS

The Recaro J1 Neo is suitable for children weighing 9 kg to 36 kg, and approximately 1 to 12 years old (up to 125 cm in height). The head support position can be adjusted in 7 stages to accommodate your child's growth.

12才頃まで使える

1才頃～12才頃(9kg～36kg)もの長い期間使用できるよう、ヘッドサポート位置が7段階で調節でき、成長するお子さまの体のサポートします。

Image: Usability across different age groups.

5.1. Adjusting the Harness and Headrest

To adjust the headrest and shoulder belts, use the one-touch adjustment mechanism. Simply squeeze the adjustment handle (usually located at the top of the headrest) and slide the headrest up or down until the shoulder belts are at or just above your child's shoulders.

5.2. Securing Your Child

1. Place your child in the car seat, ensuring their back is flat against the backrest and their bottom is fully

- against the seat.
2. Bring the shoulder belts over your child's shoulders and buckle the harness.
 3. Pull the harness adjustment strap (usually located at the front of the seat) until the harness is snug against your child's body. You should not be able to pinch any slack in the harness webbing at the child's collarbone.

5.3. Booster Seat Mode

For children over 125 cm in height and weighing more than 22 kg, the Recaro J1 Neo can be converted into a booster seat. In this mode, the internal harness is removed, and the child is secured using the vehicle's 3-point seat belt. Ensure the vehicle's seat belt is properly positioned across the child's shoulder and lap.

ブースターのみでも 使用可能

125cm以上かつ22kg以上のお子さまはブースターシートモードでも使用できます。

6. MAINTENANCE

6.1. Cleaning the Cover

The car seat cover is washable. To clean:

1. Remove the cover by separating its three parts.

2. Follow the washing instructions on the care label, typically machine wash on a gentle cycle with cold water and mild detergent. Do not bleach.
3. Air dry the cover completely before reattaching it to the car seat.

6.2. Cleaning the Harness and Buckle

Wipe the harness straps and buckle with a damp cloth and mild soap. Do not immerse the buckle in water or use harsh chemicals, as this can compromise its performance.

6.3. General Care

Regularly inspect the car seat for any signs of wear, damage, or loose parts. Ensure all components are securely fastened. Do not use the car seat if it has been involved in a crash, even if there is no visible damage.

7. TROUBLESHOOTING

7.1. Car Seat Feels Loose After Installation

If the car seat moves more than 1 inch (2.5 cm) at the belt path, it is not installed securely. Re-read the installation instructions carefully and ensure the vehicle's seat belt is pulled as tight as possible while pressing down on the car seat.

7.2. Harness is Difficult to Tighten or Loosen

Check for any twists in the harness straps. Ensure the harness adjustment strap is not obstructed. If the issue persists, inspect the buckle mechanism for debris.

7.3. Headrest Adjustment is Stiff

Ensure no fabric or debris is obstructing the headrest's sliding mechanism. Apply gentle, even pressure when adjusting. If it remains stiff, consult the full product manual or contact customer support.

8. SPECIFICATIONS

Feature	Specification
Product Model Number	00089048560080
Product Dimensions (L x W x H)	50 x 46.5 x 58 cm
Product Weight	6.4 kg
Recommended Minimum Child Weight	9 kg
Recommended Maximum Child Weight	36 kg
Recommended Child Height	Up to 125 cm
Material	Polyurethane
Battery Required	No
Harness Type	4-point
Installation Type	Vehicle Seat Belt

Orientation	Forward-facing
Color	Sunrise Red
Model Year	2021

9. WARRANTY INFORMATION

For detailed warranty information, please refer to the warranty card included with your product or contact your retailer. Warranty terms and conditions may vary by region and purchase location.

10. CUSTOMER SUPPORT

If you have any questions, require assistance with installation, or need to report a problem, please contact Recaro customer service or your authorized Recaro retailer. Contact details can typically be found on the Recaro official website or on the product packaging.

11. OFFICIAL PRODUCT VIDEOS
