AROMELY ARO-PRO

Aromely Smart Bluetooth HVAC Scent Diffuser

MODEL: ARO-PRO

1. INTRODUCTION

The Aromely Smart Bluetooth HVAC Scent Diffuser (Model ARO-PRO) is a professional-grade, waterless nebulizing aromatherapy system designed for large spaces up to 4,000 square feet. It utilizes advanced cold air diffusion technology to transform essential oils into ultra-fine, dry nanoparticles, ensuring consistent and pure scent distribution without heat, water, dripping, or residue. This diffuser offers smart control via a mobile application, allowing for remote adjustment of scent intensity and customized scheduling.

2. SAFETY INFORMATION

- Avoid direct skin contact with undiluted essential oils.
- Keep out of reach of children and pets.
- Ensure proper ventilation during use.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- Aromely Smart Bluetooth HVAC Scent Diffuser (ARO-PRO)
- Empty 800ml Oil Bottle
- HVAC Installation Accessories (tubing, nozzle)
- Keys
- Power Supply
- Instruction Manual (this document)

4. SETUP INSTRUCTIONS

Follow these steps for initial setup and installation of your Aromely diffuser:

Figure 2: Visual guide for adding oil, powering on, app setup, and HVAC installation.

Your browser does not support the video tag.

Video 2: A step-by-step guide on how to set up the ARO-PRO Diffuser, including physical installation and initial configuration.

4.1. Adding Essential Oil

1. Unlock the device using the provided key and open the oil bottle compartment.
2. Carefully pour your desired essential oil into the empty 800ml oil bottle.**Do not mix with water.**
3. Securely reattach the atomizing head to the filled oil bottle.
4. Place the bottle back into the compartment and close it, ensuring it is locked.

4.2. Powering On

1. Connect the power supply to the diffuser and plug it into a standard electrical outlet.
2. Flip the power switch to the 'ON' position. The device will start in default mode until customized.

4.3. App Installation and Connection

1. Download the 'Aromely' mobile app from your device's app store (iOS/Android).
2. Open the app and follow the on-screen instructions to connect to your diffuser via Bluetooth. You may need to enter a default password (e.g., 1234) for initial pairing.
3. Once connected, you can manage settings, adjust intensity, and create schedules.

4.4. HVAC Installation (Optional)

For whole-space scenting, the ARO-PRO can be connected to your HVAC system:

1. Connect the provided hose to the quick-connect nozzle on the diffuser.
2. Drill a small hole (approximately 3-4 inches or 7.5-10 cm) in the supply duct of your HVAC system.
3. Insert the hose into the drilled hole.
4. Test the system via the Aromely app to ensure proper diffusion through your HVAC vents.

5. OPERATING INSTRUCTIONS

The Aromely ARO-PRO diffuser is primarily controlled through the dedicated mobile application, offering comprehensive customization options.

Figure 3: Aromely mobile app interface for controlling the diffuser.

5.1. App Control

- **Scent Intensity Adjustment:** Use the app to precisely control the diffusion intensity to suit your preference and room size.
- **Customized Scheduling:** Create daily or weekly schedules for the diffuser to operate automatically. Set specific start and end times, as well as work and pause intervals (e.g., diffuse for 60 seconds, pause for 120 seconds).
- **Remote Monitoring:** Monitor the device's status and remaining oil levels directly from the app.
- **Fan Control:** Turn the internal fan on or off via the app to optimize scent distribution.

5.2. Manual Operation

The device also features a basic control panel for direct interaction:

- **Power Button:** Press to manually turn the diffuser on or off.
- **Navigation Buttons:** Use the 'BACK', 'ENT' (Enter), and arrow buttons to navigate through basic settings displayed on the LCD screen, such as current time and basic work/pause intervals.

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Aromely diffuser:

- **Oil Bottle Replacement:** When the oil bottle is empty, refill it with essential oil as described in the setup section. Ensure the atomizing head is clean before reattaching.
- **Cleaning:** Periodically wipe the exterior of the diffuser with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Atomizing Head Cleaning:** If you notice reduced diffusion or a change in scent quality, the atomizing head may

need cleaning. Consult the full user manual for detailed cleaning instructions for the atomizing core.

7. TROUBLESHOOTING

If you encounter issues with your Aromely diffuser, refer to the following common solutions:

- **No Scent Diffusion:**
 - Check if the oil bottle is empty and refill if necessary.
 - Ensure the atomizing head is correctly installed and not clogged.
 - Verify the device is powered on and the schedule is active in the app.
- **App Connection Issues:**
 - Ensure Bluetooth is enabled on your mobile device and the diffuser is within range.
 - Restart both the diffuser and the Aromely app.
 - If issues persist, try re-pairing the device through the app's settings.
- **Device Not Powering On:**
 - Check if the power adapter is securely plugged into both the diffuser and the wall outlet.
 - Ensure the power switch is in the 'ON' position.

8. PRODUCT SPECIFICATIONS

HOW TO USE

- Adding oil (do not mix with water):
 - Powering on: once connected to power, it will start in default mode until settings are customized
 - Power on: plug the diffuser in — it will run with default settings until configured
 - Set up Aromely app
 - HVAC installation: connect hose to the quick-connect nozzle, drill a hole in the supply duct, insert hose 3-4 in (≈ 7.5–10 cm), and test via the app

Included: , HVAC connection accessories, a wall-mounting kit
