Radiant RAS10502

Radiant RAS10502 Smartwatch User Manual

Model: RAS10502 | Brand: Radiant

INTRODUCTION

Thank you for choosing the Radiant RAS10502 Smartwatch. This device combines modern technology with elegant design, offering a range of features to enhance your daily life. This manual provides essential information to help you set up, operate, and maintain your smartwatch effectively. Please read these instructions carefully before use.

Image: The Radiant RAS10502 Smartwatch, featuring a square LCD dial and a red silicone strap. Note: The main product image shows a black band, but the product description specifies a red band.

Safety Information

For important safety guidelines and regulatory compliance, please refer to the official safety document: [Safety Information \(PDF\)](#). Always ensure the device is used in accordance with local regulations and guidelines. Avoid exposing the device to extreme temperatures or harsh chemicals.

PACKAGE CONTENTS

Upon unpacking your Radiant RAS10502 Smartwatch, please verify that all the following items are included:

- Radiant RAS10502 Smartwatch
- Charging Cable
- User Manual (this document)
- Branded Case

SETUP

1. Charging the Smartwatch

Before initial use, fully charge your smartwatch.

1. Connect the charging cable to the charging port on the back of the smartwatch.
2. Plug the other end of the cable into a USB power adapter (not included) or a computer's USB port.
3. The watch display will indicate charging status. A full charge typically takes approximately 2 hours.

2. Downloading the Companion App

To unlock all features and synchronize data, download the official Radiant companion app on your smartphone.

- Search for "Radiant Smartwatch" in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
- Install the app and create an account or log in if you already have one.

3. Pairing with Your Smartphone

Ensure Bluetooth is enabled on your smartphone.

1. Open the Radiant companion app on your smartphone.
2. Follow the on-screen instructions to add a new device.
3. On your smartwatch, ensure Bluetooth is active (usually indicated by an icon on the watch face or in settings).
4. Select your smartwatch from the list of available devices in the app.
5. Confirm the pairing request on both your smartphone and smartwatch if prompted.

OPERATING INSTRUCTIONS

Basic Navigation

- **Touch Screen:** The smartwatch features a full touch screen for navigation. Swipe left, right, up, or down to access different functions and menus.
- **Side Button:** Press the side button to return to the home screen or wake the device. A long press may access power options.

Key Features

- **Time and Date:** Displays current time and date. Synchronizes with your paired smartphone.
- **Activity Tracking:** Monitors steps, distance, and calories burned. View your daily progress on the watch or in the app.
- **Heart Rate Monitor:** Provides real-time heart rate readings. Access this feature from the main menu.
- **Notifications:** Receive call, message, and app notifications directly on your wrist when paired with your smartphone.
- **Sleep Monitoring:** Tracks your sleep patterns, including deep and light sleep. Data is available in the companion app.
- **GPS:** Integrated GPS for tracking outdoor activities without needing your phone.
- **Water Resistance:** The smartwatch is water-resistant up to 3 bars, suitable for daily use and splashes, but not recommended for swimming or diving.

MAINTENANCE

Cleaning

- Wipe the screen and strap regularly with a soft, damp cloth.
- Avoid using abrasive cleaners or solvents, as these can damage the device.
- Ensure the charging contacts are clean and dry before charging.

Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- Charge the device in a cool, dry environment.
- If storing the device for an extended period, charge it to about 50% and store it in a cool, dry place. Recharge every few months.

Water Resistance

The RAS10502 is rated for 3 bars of water resistance (IPX3). This means it is resistant to splashes and light rain. It **is not** suitable for showering, swimming, or diving. Do not press buttons underwater.

TROUBLESHOOTING

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone	• Ensure Bluetooth is enabled on both devices. • Make sure the watch is within range of the phone. • Restart both the watch and the phone. • Forget the device in your phone's Bluetooth settings and try pairing again through the app.
Notifications not received	• Check app notification settings on your phone and in the Radiant app. • Ensure the watch is connected via Bluetooth. • Verify that the Radiant app has necessary permissions on your phone.
Inaccurate health data	• Ensure the watch is worn snugly on your wrist, not too tight or too loose. • Clean the sensor on the back of the watch. • Environmental factors and movement can affect readings.
Short battery life	• Reduce screen brightness. • Disable unnecessary features like continuous heart rate monitoring or GPS when not needed. • Ensure the watch is fully charged.
