BLANCO EVOL-S Pro 4-in-1

BLANCO drink.hot EVOL-S Pro 4-in-1 Faucet User Manual

Model: EVOL-S Pro 4-in-1 (Reference: 526634)

INTRODUCTION

The BLANCO drink.hot EVOL-S Pro 4-in-1 faucet system provides conventional hot and cold water, along with filtered cold and filtered boiling water. This manual offers detailed instructions for installation, operation, and maintenance to ensure safe and efficient use of your new kitchen faucet.

SAFETY INFORMATION

- **Electrical Safety:** Ensure the power supply for the boiler unit is properly grounded and installed by a qualified electrician. Disconnect power before any maintenance.
- **Boiling Water Hazard:** The separate spout for boiling water is insulated, but exercise extreme caution when dispensing boiling water to prevent burns. Keep children away from the boiling water function.
- **Water Pressure:** Verify that your household water pressure is within the recommended range for the faucet system.
- **Installation:** Installation should be performed by a qualified plumber or technician to ensure proper function and prevent leaks.
- **Maintenance:** Only use recommended cleaning agents and follow maintenance instructions to avoid damage to the faucet finish and internal components.

PACKAGE CONTENTS

Before beginning installation, please verify that all components are present:

- Faucet unit
- Mounting kit
- Power supply plug
- BWT filter
- Boiler unit

Figure 1: Included components for the BLANCO drink.hot EVOL-S Pro system, showing the faucet, boiler, and BWT filter.

SETUP AND INSTALLATION

The BLANCO drink.hot EVOL-S Pro is designed for single-hole installation. Professional installation is recommended.

1. **Prepare the Installation Area:** Ensure sufficient space under the sink for the boiler unit and filter. The product dimensions are approximately 44.7 x 25.2 x 16 cm for the main unit.
2. **Mount the Faucet:** Insert the faucet into the pre-drilled hole in your sink or countertop. Secure it from underneath using the provided mounting kit.
3. **Connect Water Lines:** Connect the conventional hot and cold water supply lines to the faucet.
4. **Install Boiler and Filter:** Install the boiler unit and BWT filter according to their specific instructions. Connect the filtered water lines from the main supply through the filter to the boiler, and then from the boiler to the dedicated filtered water inlet on the faucet.
5. **Electrical Connection:** Plug the boiler unit into a grounded power outlet.
6. **Test for Leaks:** Slowly turn on the main water supply and check all connections for leaks.

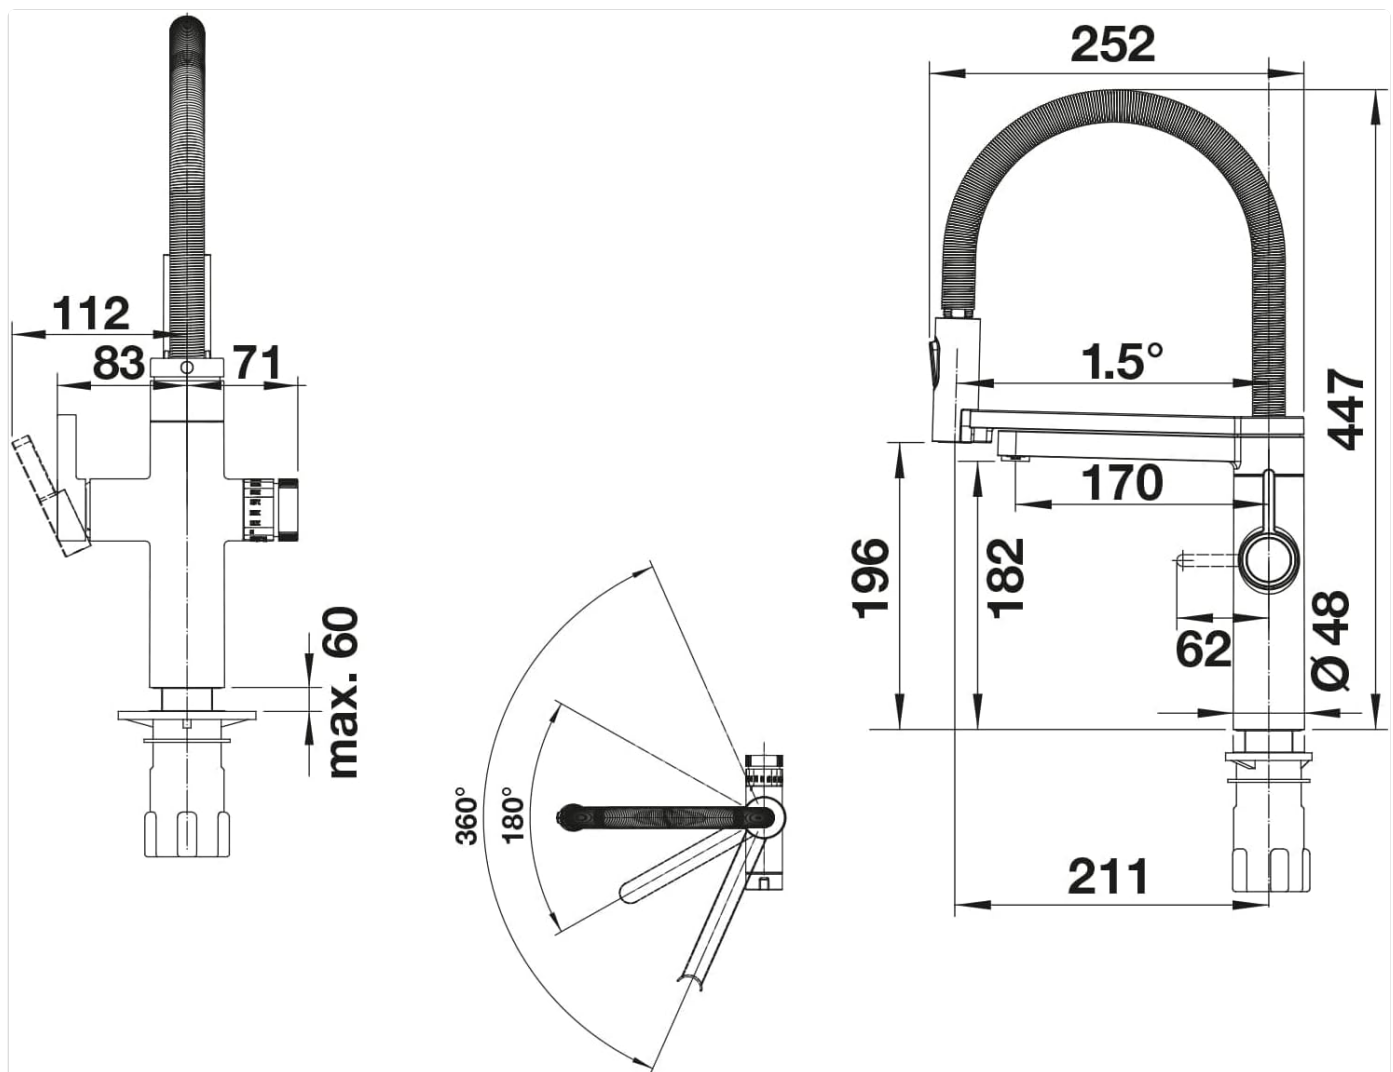

Figure 2: Technical drawing showing the dimensions and installation requirements for the faucet.

OPERATING INSTRUCTIONS

The BLANCO drink.hot EVOL-S Pro offers four water types through distinct controls:

Figure 3: The BLANCO drink.hot EVOL-S Pro faucet, showcasing its matte black finish and dual spouts.

Conventional Hot and Cold Water

- The lever on the right side of the faucet controls the flow and temperature of conventional hot and cold tap water.
- Move the lever forward or backward to adjust flow.

- Move the lever left for hot water and right for cold water.
- Water is dispensed through the flexible, arched spout.

Filtered Cold and Boiling Water

- Filtered cold and boiling water are activated via the rotary knob on the left side of the faucet.
- These water types are dispensed through a separate, fixed, and insulated spout to prevent mixing and ensure safety.
- **Click & Touch Function:** The rotary knob allows precise adjustment of the filtered water quantity.
- A sensor control on the front activates the comfort function for dispensing.
- An integrated safety mechanism ensures safe handling of boiling water.

Dieses Szenebild ist beispielhaft. Alle Informationen entnehmen Sie bitte der Artikelbeschreibung.

Figure 4: Demonstrating the "Click & Touch" rotary knob for precise quantity control of filtered water.

Figure 5: Boiling water being dispensed from the dedicated spout into a cup, illustrating the hot water function.

Dual-Jet Spray Head

- The flexible spout features a dual-jet spray head with a precise magnetic holder.
- Switch between different spray patterns as needed for various kitchen tasks.

Dieses Szenebild ist beispielhaft. Alle Informationen entnehmen Sie bitte der Artikelbeschreibung.

Figure 6: The flexible spout in use, filling a pot with water, highlighting its versatility.

MAINTENANCE

- **Cleaning the Faucet:** Clean the faucet regularly with a soft cloth and mild soap. Avoid abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the matte black finish.
- **Filter Replacement:** The BWT filter requires periodic replacement to ensure optimal water quality. Refer to the filter's specific instructions for replacement intervals and procedures.
- **Descaling the Boiler:** Depending on water hardness, the boiler unit may require descaling. Follow the manufacturer's guidelines for descaling to maintain efficiency and longevity.
- **Spout Maintenance:** Periodically check the flexible spout and spray head for any blockages or mineral buildup. Clean as necessary.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No water flow (conventional)	Main water supply off; clogged aerator	Check main water supply valve; clean or replace aerator.
No filtered water	Filter clogged or expired; boiler not powered	Replace BWT filter; ensure boiler is plugged in and powered on.

Problem	Possible Cause	Solution
No boiling water	Boiler not powered; safety mechanism engaged; boiler fault	Check boiler power; reset safety mechanism (refer to boiler manual); contact support if fault persists.
Leaks from connections	Loose connections; damaged seals	Tighten connections (do not overtighten); inspect and replace seals if damaged. Professional assistance may be required.
Reduced water pressure	Clogged filter; mineral buildup in spout/aerator	Replace filter; clean aerator and spout.

SPECIFICATIONS

Brand	BLANCO
Model Name	Drink System (EVOL-S Pro 4-in-1)
Model Number	526634
ASIN	B09HCN7437
Color	Matte Black
Material	Stainless Steel (Faucet body), Brass (Handle/Lever)
Finish	Painted
Product Dimensions (L x W x H)	44.7 x 25.2 x 16 cm
Item Weight	11.5 Kilograms
Spout Height	196 Millimeters
Spout Depth	170 Millimeters
Installation Method	Single Hole
Power Source	Wired (for boiler unit)
Included Components	Faucet, Mounting Kit, Power Supply Plug, BWT Filter, Boiler

WARRANTY AND SUPPORT

For warranty information, please refer to the documentation provided with your purchase or visit the official BLANCO website. Information regarding spare parts availability is not directly provided in the product specifications. For technical support or service inquiries, please contact BLANCO customer service. Item no. 527429

BLANCO

Benefits

- 4-in-1 semi-pro mixer tap: cold, warm and filtered cold and filtered boiling water
- Delivering exactly the amount of cold or boiling filtered water you need
- Intuitive measuring function and touch control for improved efficiency and reduced water consumption
- Separate insulated outlet for perfect drinking and boiling water
- Both outlets can be used simultaneously
- Taste neutral titanium boiler and five-stage filtration system with DigFlon material
- Dual water on practical semi-professional flexible spout with precise magnetic holder
