SETUP

Initial Charging

1. Remove the massage gun from its packaging.
2. Charge the battery fully before first use. The device features a USB charging port.
3. The battery indicator lights will show charging progress. A full charge provides up to 2 hours of runtime.

Attaching Massage Heads

- Select the desired attachment based on the area of your body you want to massage and the desired intensity.
- Gently insert the stem of the attachment into the opening on the massage gun until it is securely in place.
- To remove, simply pull the attachment straight out.

OPERATING INSTRUCTIONS

Power On/Off

1. To turn on the device, press and hold the power button located at the bottom of the handle.
2. To turn off the device, press and hold the power button again.

Adjusting Intensity Levels

- The Powerboost Move offers 4 variable speeds. Once powered on, tap the power button to cycle through the intensity levels.
- Indicator lights on the device will illuminate to show the current speed setting.

Dynamic Response Mode

- The device features a dynamic response mode where the intensity of the percussion adapts to the pressure you apply.
- To activate this mode, double-click the power button. The more pressure you apply, the faster the percussion will be.

Usage Guidelines

- Place the chosen attachment on the desired area of your body.
- Move the massage gun slowly and evenly over the area for a few minutes.
- Limit use to 15 minutes at a time per area to prevent overheating and ensure device longevity.

MESSAGE ATTACHMENTS

The Powerboost Move comes with four versatile massage nodes, each designed for specific muscle groups and massage types:

Round Head

Ideal for larger muscles and overall comfort. Provides a general, softer massage.

Cone Head

Designed for deep-tissue targeting and penetration, perfect for pinpointing stubborn knots.

Fork Head

Excellent for working out knots and tense spots, especially along the spine and neck, or for targeting specific muscle contours.

Flat Head

Provides deep impact and is suitable for general use across various muscle groups, offering a broader massage area.

MAINTENANCE

Cleaning and Storage

- Always unplug the device and allow it to cool down after each use.

- Wipe the massage gun and attachments with a clean, damp cloth. Do not use abrasive cleaners or submerge the device in water.
- Store the massage gun and its attachments in a dry place, away from direct sunlight and heat sources.

Battery Care

- To prolong battery life, avoid completely draining the battery before recharging.
- If storing for an extended period, charge the device to approximately 50% capacity.

TROUBLESHOOTING

No specific troubleshooting steps are provided in the product information. If you encounter issues with your device, please ensure it is fully charged and that attachments are correctly secured. For persistent problems, refer to the official Sharper Image support channels.
