Nania ORLA 012340

Nania ORLA Compact Stroller Instruction Manual

Model: ORLA 012340

1. Introduction

Thank you for choosing the Nania ORLA Compact Stroller. This manual provides essential information for the safe assembly, operation, and maintenance of your stroller. Please read it thoroughly before first use and keep it for future reference. The Nania ORLA stroller is designed for children from birth up to 15 kg.

2. Safety Information

- Always use the 5-point harness to secure your child.
- Never leave your child unattended in the stroller.
- Ensure all locking devices are engaged before use.
- Do not overload the storage basket; maximum weight capacity is typically 2 kg.
- Do not use accessories or spare parts other than those approved by the manufacturer.
- The stroller is suitable for children from birth up to a maximum weight of 15 kg.
- Always engage the brake when placing or removing your child from the stroller.
- Be aware of the risk of open flames and other sources of strong heat near the stroller.
- Do not allow children to play with the stroller.

3. Product Components

The Nania ORLA Compact Stroller includes the main frame, seat unit, canopy, wheels, 5-point harness, adjustable footrest, and a storage basket.

Figure 3.2: The Nania ORLA Compact Stroller shown both open and in its compact folded state.

4. Setup and Assembly

The Nania ORLA stroller comes largely pre-assembled. Follow these steps for initial setup:

1. **Unfolding the Stroller:** Release any transport locks. Hold the handle and lift the stroller upwards until it clicks into its fully open position. Ensure all frame locks are securely engaged.
2. **Attaching Wheels:** If not already attached, push the wheels onto their axles until they click into place. Verify they are securely fastened by pulling on them.
3. **Attaching the Canopy:** Secure the canopy to the frame attachment points.
4. **Adjusting the Footrest:** The footrest can be adjusted to provide comfort for your child.

5. Operating Instructions

5.1. Automatic Folding

The Nania ORLA stroller features an automatic one-hand folding mechanism for convenience.

1. Ensure the child is removed from the stroller.
2. Locate the folding mechanism release (refer to product diagrams for exact location).
3. Activate the release and gently push the stroller downwards. The stroller will automatically fold into a compact size.
4. Ensure the stroller is fully locked in its folded position before lifting or storing.

Figure 5.1: Visual guide demonstrating the automatic folding sequence of the stroller.

Figure 5.2: The Nania ORLA Compact Stroller in its fully folded, upright position.

5.2. Reclining Backrest

The backrest can be reclined to multiple positions, including a lie-flat position suitable for newborns.

1. Locate the recline adjustment mechanism behind the seat.
2. Squeeze or lift the lever/strap to adjust the backrest to the desired angle.
3. Ensure the backrest is securely locked in place before placing your child in the stroller.

Figure 5.3: The stroller highlighting the adjustable footrest and reclining backrest features.

5.3. 5-Point Harness

The 5-point harness system ensures your child's safety.

1. Place your child in the seat.
2. Bring the shoulder straps over your child's shoulders and the waist straps around their hips.
3. Insert the buckle tongues into the central buckle until they click.
4. Adjust the straps to fit snugly around your child without being too tight.
5. To release, press the button on the central buckle.

5.4. Brake System

The stroller is equipped with a foot-operated brake system.

1. To engage the brake, press down firmly on the brake pedal located near the rear wheels.
2. To release the brake, lift the pedal upwards.

3. Always ensure the brake is fully engaged when the stroller is stationary.

5.5. Canopy

The removable canopy provides shade and protection. It can be adjusted by pulling it forward or backward. The canopy also features a viewing window.

Figure 5.4: Close-up view of the stroller's canopy, showing the integrated viewing window.

6. Maintenance and Care

- **Cleaning:** The fabric components should be hand washed only. Do not machine wash, bleach, tumble dry, iron, or dry clean.
- **Frame:** Wipe the frame with a damp cloth and mild soap. Dry thoroughly.
- **Wheels:** Regularly check the wheels for debris and clean them. Lubricate moving parts if necessary with a silicone-based lubricant.
- **Storage:** Store the stroller in a dry, well-ventilated area, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check all parts for wear, damage, or loose fasteners. Replace worn parts immediately.

7. Troubleshooting

- **Stroller does not fold/unfold smoothly:** Check for any obstructions in the folding mechanism. Ensure all locks are disengaged before folding. Lubricate moving parts if needed.
- **Wheels squeak:** Clean the wheel axles and apply a small amount of silicone lubricant.
- **Brake not engaging:** Check for debris around the brake mechanism. Ensure the brake pedal is fully depressed.
- **Harness difficult to buckle/unbuckle:** Ensure the buckle tongues are aligned correctly. Clean any dirt or debris from the buckle mechanism.

8. Specifications
