### Igloo IGLICEB26HNBK

# Igloo Premium Self-Cleaning Countertop Ice Maker Machine

Model: IGLICEB26HNBK

Brand: Igloo

## INTRODUCTION

Thank you for purchasing the Igloo Premium Self-Cleaning Countertop Ice Maker Machine. This manual provides important information for the proper operation, maintenance, and troubleshooting of your new appliance. Please read it thoroughly before use and retain it for future reference.

## IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed, including:

- Read all instructions before operating this appliance.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plug, or any part of the unit in water or other liquids.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner. Return the appliance to the nearest authorized service facility for examination, repair, or adjustment.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.

- Do not let the cord hang over the edge of a table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off," then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- Check the dimension and item weight of the product and confirm it fits your space before permanent placement.

## PARTS AND FEATURES

---

The Igloo Countertop Ice Maker is designed for convenience and efficiency, producing ice quickly for all your needs.

- **Large Ice-Making Capacity:** Produces up to 26 pounds of ice in a 24-hour period.
- **Quick Ice Production:** Ice cubes ready in as little as 6-8 minutes.
- **Self-Cleaning Function:** Automatic five-cycle cleaning for easy maintenance.
- **Portable Design:** Features an easy-carry handle for convenient transport.
- **Ice Cube Sizes:** Choose between small or large ice cube sizes.
- **Viewing Window:** Allows you to monitor ice production.
- **LED Control Panel:** Indicates when to add water and when the ice basket is full.
- **Ice Basket & Scoop:** Includes a 1.25-pound ice basket and an ice scoop.

## BEFORE FIRST USE

---

1. Remove all exterior and interior packaging.
2. Check to ensure all parts are included (ice maker, ice basket, ice scoop).
3. Clean the interior with lukewarm water and a soft cloth.
4. Place the ice maker on a level and stable surface, away from direct sunlight or other heat sources. Ensure at least 6 inches of space around the unit for proper ventilation.
5. Allow one hour for the refrigerant fluid to settle before plugging in the unit.

## SETUP

---

1. Open the top cover and remove the ice basket.
2. Fill the water reservoir with potable water up to the MAX water level mark. Do not overfill.
3. Replace the ice basket and close the top cover.
4. Plug the power cord into a grounded electrical outlet.

## OPERATING INSTRUCTIONS

1. **Power On:** Press the POWER button to turn on the ice maker. The POWER indicator light will illuminate.
2. **Select Ice Size:** Press the SELECT button to choose between SMALL or LARGE ice cube sizes. The corresponding indicator light will illuminate.
3. **Ice Production:** The ice maker will begin the ice-making cycle. The first batch of ice may take slightly longer to produce.
4. **Add Water Indicator:** If the "ADD WATER" indicator light illuminates, the water reservoir is low. Add more water and press the POWER button to restart the cycle.
5. **Ice Full Indicator:** When the "ICE FULL" indicator light illuminates, the ice basket is full. Remove ice to continue production.
6. **Power Off:** Press the POWER button again to turn off the ice maker.

For optimal performance, ensure the water reservoir is always adequately filled and the ice basket is not overfilled.

## MAINTENANCE AND CLEANING

### Self-Cleaning Function

The ice maker features an automatic five-cycle self-cleaning function:

1. Ensure the unit is empty of ice and water.
2. Fill the water reservoir with a mixture of water and a small amount of white vinegar or a dedicated ice machine cleaner.
3. Press and hold the CLEAN button (refer to your unit's control panel for exact button). The cleaning cycle will begin.
4. Once the cycle is complete, drain the cleaning solution and rinse the reservoir thoroughly with clean water.
5. Run a cycle with clean water to flush out any remaining cleaning solution before making ice for consumption.

### Manual Cleaning

- Unplug the ice maker before cleaning.
- Remove the ice basket and wash it with warm, soapy water. Rinse and dry thoroughly.
- Clean the interior of the unit, including the water reservoir and ice chute, with a soft cloth dampened with a mild detergent solution.
- Wipe down the exterior with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- Ensure all parts are completely dry before reassembling and storing the unit.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Ice maker not working.	Unit not plugged in; power outage; fuse blown/circuit breaker tripped.	Plug in unit; check power supply; reset circuit breaker.
"ADD WATER" indicator light is on.	Water reservoir is empty or low.	Add water to the reservoir up to the MAX line.
"ICE FULL" indicator light is on.	Ice basket is full.	Remove ice from the basket.
Ice cubes are too small or not forming.	Water temperature too high; ambient temperature too high; insufficient water.	Use colder water; place unit in a cooler environment; ensure water is at MAX level.
Unit is noisy.	Normal operation sounds (compressor, water pump); unit not level.	Ensure unit is on a level surface. Some noise is normal during operation.

## SPECIFICATIONS

- **Model:** IGLICEB26HNBK
- **Product Dimensions:** 12.2"D x 9.06"W x 12.8"H
- **Weight:** 16.95 Pounds
- **Capacity:** 26 Pounds (ice production per 24 hours)
- **Wattage:** 105 watts
- **Country of Origin:** China

## WARRANTY AND SUPPORT

This product is covered by a manufacturer's warranty against defects in material and workmanship. For specific warranty details, please refer to the warranty card included with your purchase or contact Igloo customer support. If you experience any issues or have questions regarding your ice maker, please contact our customer service team for assistance.
