## Igloo IGLICEB26HNWH

# Igloo Automatic Self-Cleaning Portable Countertop Ice Maker

Model: **IGLICEB26HNWH**Brand: **Igloo**

## 1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before operating this appliance. Failure to follow these instructions may result in electric shock, fire, or injury.

- Ensure the appliance is connected to a properly grounded electrical outlet.
- Do not immerse the power cord, plug, or appliance in water or other liquids.
- Keep the appliance away from direct sunlight and other heat sources (e.g., stoves, furnaces, radiators).
- Ensure adequate ventilation around the appliance. Maintain at least 5 inches of space on all sides.
- Do not use the appliance outdoors or in environments with temperatures exceeding 80°F (27°C) for extended periods, as this may affect performance.
- Unplug the appliance before cleaning or when not in use.
- This appliance is not intended for use by persons with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

## 2. PRODUCT OVERVIEW

The Igloo Automatic Self-Cleaning Portable Countertop Ice Maker is designed for convenient ice production. It can produce up to 26 pounds of ice in a 24-hour period, with 9 ice cubes ready in as little as 7 minutes. The unit features a 1.25-pound ice basket, a viewing window, and an easy-carry handle for portability. An LED-lighted control panel allows selection of small or large ice cube sizes and indicates when to add water or when the ice basket is full. The automatic five-cycle self-cleaning function simplifies maintenance.

### 2.1 Components

- Ice Maker Unit
- Ice Basket
- Ice Scoop

### 2.2 Product Features

**Compact & Mighty Design:** This image displays the Igloo ice maker with its dimensions (10.87"D x 8"W x 10.87"H) and highlights its 1.25 lb ice capacity, carrying handle, and included removable ice basket and scoop. It emphasizes the unit's ability to keep drinks cold all day and its 26 lbs daily ice production.

# Fast Ice Making

PERFECT FOR A QUICK REFRESHMENT

8 ice cubes in  
7-15 minutes

automatic shut  
off when full

26lb yield in  
24 hours

**Fast Ice Making:** This image illustrates the rapid ice production capability, noting 8 ice cubes in 7-15 minutes, automatic shut-off when full, and a 26 lb yield in 24 hours, ideal for quick refreshment.

# One-Touch Operation

Easy to make ice

**One-Touch Operation:** A close-up of the control panel shows the buttons for 'LARGE' and 'CLEAN' ice cube sizes, along with indicators for 'ICE FULL' and 'ADD WATER', and a 'SELECT' button for easy operation.

# Self-Cleaning Function

REMOVES LIMESCALE & ENSURES FRESH TASTING ICE

Press and hold the **POWER** button for 5 seconds to activate the self-cleaning program

\*See instruction manual for cleaning & maintenance directions

**Bullet Ice Cubes:** This image highlights the bullet-shaped ice cubes produced by the machine, noting that they melt slower than standard ice cubes, keeping drinks colder for longer.

## 3. SETUP

### 3.1 Unpacking and Placement

- Remove all packaging materials and check for any damage.
- Place the ice maker on a stable, level surface, away from direct sunlight and heat sources.
- Ensure there is at least 5 inches of clear space around the unit for proper ventilation.

### 3.2 Initial Cleaning

Before first use, it is recommended to clean the unit. The ice maker has a self-cleaning function:

1. Fill the water reservoir with clean water.
2. Press and hold the **POWER** button for 5 seconds to activate the self-cleaning program.
3. Allow the cycle to complete.
4. Drain the water from the unit using the drain plug located at the bottom.
5. Wipe the interior with a soft cloth.

Discard the first few batches of ice produced to ensure optimal taste and hygiene.

### 3.3 Filling the Water Reservoir

Open the lid and fill the water reservoir with potable water up to the 'MAX' fill line. The reservoir has a 2-quart capacity.

**Video: Filling the Water Reservoir and Initial Operation.** This video demonstrates how to fill the water reservoir to the maximum line, place the ice basket and scoop, and select the ice cube size (small or large) before starting the ice maker. It also shows the initial freezing process.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Powering On/Off

- Plug the ice maker into a grounded electrical outlet.
- Press the **POWER** button to turn the unit ON. The **POWER** indicator light will illuminate.
- To turn OFF, press the **POWER** button again.

### 4.2 Selecting Ice Cube Size

- After powering on, use the **SELECT** button to toggle between 'SMALL' and 'LARGE' ice cube sizes. The corresponding indicator light will illuminate.
- The ice maker will begin producing ice shortly after selection.

### 4.3 Indicator Lights

- **ADD WATER:** This light illuminates when the water reservoir is low and needs to be refilled. The ice production will pause until water is added.
- **ICE FULL:** This light illuminates when the ice basket is full. The ice production will pause until ice is removed from the basket.

**Video: Ice Maker Features and Operation.** This video provides an overview of the ice maker's control panel, including the 'ADD WATER' and 'ICE FULL' indicators, and demonstrates the ice production process. It also highlights the drain plug location and the unit's power consumption.

## 5. MAINTENANCE AND CLEANING

---

Regular cleaning and maintenance will ensure the longevity and optimal performance of your ice maker.

### 5.1 Automatic Self-Cleaning Function

The ice maker features an automatic five-cycle self-cleaning function to remove mineral buildup and ensure fresh-tasting ice.

- To activate, ensure the water reservoir is filled with clean water.
- Press and hold the **POWER** button for 5 seconds. The 'CLEAN' indicator light will illuminate, and the cleaning cycle will begin.
- Once the cycle is complete, drain the water from the unit.

**Self-Cleaning Function:** This image visually explains the self-cleaning process, showing water circulating within the unit to remove limescale and ensure fresh-tasting ice. It advises cleaning weekly and refers to the instruction manual for detailed directions.

## 5.2 Manual Cleaning

- Unplug the ice maker from the power outlet.
- Remove the ice basket and scoop.
- Locate the drain plug at the bottom of the unit and remove it to drain any remaining water.
- Clean the interior of the water reservoir and ice basket with a soft cloth and mild detergent. Rinse thoroughly.
- Wipe the exterior of the unit with a damp cloth.
- Ensure all parts are dry before reassembling and storing or operating the unit.

## 6. TROUBLESHOOTING

If your ice maker is not functioning correctly, please refer to the following common issues:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Ice maker does not turn on.	No power.	Ensure the unit is plugged into a working electrical outlet. Check the circuit breaker.
'ADD WATER' indicator is on.	Water reservoir is empty.	Fill the water reservoir with clean water up to the 'MAX' line.
'ICE FULL' indicator is on.	Ice basket is full.	Remove ice from the basket.
Ice is not forming or is too small.	Water temperature too high, or ambient temperature too high.	Use colder water. Ensure the unit is in a cool, well-ventilated area.
Unusual noise during operation.	Normal operation sounds (compressor, water pump) or unit not level.	Ensure the unit is on a level surface. If noise is excessive or unusual, contact customer support.

For more detailed troubleshooting, please refer to the complete user manual or contact Igloo customer support.

## 7. SPECIFICATIONS

Feature	Specification
Brand	Igloo
Model Name	Countertop Ice Maker Machine
Product Dimensions (D x W x H)	12.2" x 9.06" x 12.8"
Capacity	26 Pounds (ice production in 24 hours)
Ice Basket Capacity	1.25 Pounds
Ice Cube Production Time	9 cubes in 7 minutes
Wattage	1100-1430 Watts (approximate operating range)
Voltage	120 Volts
Refrigerant	R600a
Material	Stainless Steel (exterior), Plastic (interior)
Item Weight	19.11 pounds
UPC	810061702993

## 8. WARRANTY AND SUPPORT

This product comes with a manufacturer's warranty. Please refer to the warranty card included with your purchase or visit the official Igloo website for detailed warranty information and terms.

For technical support, troubleshooting assistance, or to inquire about replacement parts, please contact

Igloo customer service. Contact information can typically be found in the product packaging or on the manufacturer's website.
