VASCO Compression Packing Cubes for Travel Grey User Manual

MODEL: 43238-171428

1. Introduction

The VASCO Compression Packing Cubes are designed to streamline your travel experience by providing an organized and space-efficient packing solution. This set helps compartmentalize your belongings within suitcases, backpacks, or other luggage, ensuring items are neatly stored and easily accessible. The unique compression feature allows for significant volume reduction, maximizing your packing capacity.

2. Product Features

- **Space-Saving Compression:** Equipped with smart compression zippers that reduce clothing volume by up to 60%, allowing more items to fit into your luggage without the need for external pumps.
- **Wrinkle Reduction:** Designed to store clothes in a manner that minimizes wrinkles, keeping your garments presentable.
- **Durable Construction:** Features water-proof fabric, strong zippers (reverse coil zipper & double slider), and precisely done stitching for long-lasting use.
- **Easy Identification:** See-through mesh panels allow for quick identification of contents without opening each cube.
- **Versatile Organization:** The set includes various sizes and specialized bags for different types of items, from clothing to toiletries and electronics.
- **Separation of Items:** Useful for separating clean clothes from dirty ones within the same bag.

2.1 Specialized Bags

Toiletry Bag

A dedicated bag for personal care products, featuring a hangable hook for convenient access in various settings, including small bathrooms. Constructed with water-resistant material and a waterproof fastener to protect contents from spills.

Video: Demonstration of the VASCO Toiletry Bag, showcasing its features and how it organizes personal care items.

Electronic Organizer

This organizer keeps all your electronic accessories, such as cables, chargers, and small gadgets, neatly arranged and protected. It prevents tangling and damage, ensuring your electronics are secure and easily accessible.

HANGING TOILETRY BAG

- ✓ Waterproof fastener
- ✓ Hangable hooker
- ✓ Water resistant nylon

Travel Wallet (Document Bag + RFID)

A secure travel wallet with RFID shielding to protect your personal information. It provides organized storage for passports, tickets, credit cards, and other essential documents, making them easy to find during travel.

3. Using Your Packing Cubes

3.1 Packing and Compression

1. **Fill the Cube:** Place your folded or rolled clothes neatly inside the packing cube. Do not overfill beyond the main zipper.
2. **Close Main Zipper:** Securely close the primary zipper of the cube.
3. **Engage Compression Zipper:** Locate the secondary compression zipper around the perimeter of the cube. Carefully zip this closure to compress the contents, reducing the cube's overall volume. This process helps to save up to 60% of space in your luggage.

Video: A detailed demonstration of how to pack and compress the VASCO packing cubes to maximize space.

3.2 Organizing Your Luggage

Utilize the different sizes and types of bags to categorize your items. For example, use larger cubes for bottoms or dresses, medium ones for tops, and smaller ones for innerwear or accessories. The specialized bags (toiletry, electronic, shoe, travel wallet) ensure specific items are protected and easily accessible.

Video: An overview of the VASCO packing cube set, demonstrating how different bags can be used for various items and organized within luggage.

4. Care and Maintenance

The VASCO Compression Packing Cubes feature a washable design. For best results and to maintain the integrity of the fabric and zippers, it is recommended to hand wash the cubes with mild soap and cold water. Air dry thoroughly. Avoid machine washing, bleaching, or tumble drying, as this may damage the materials or compromise the water-resistant properties.

5. Specifications

Feature	Detail
Brand Name	VASCO
Model Number	43238-171428
