Package Contents

- AIRAUX AA-UM8 TWS Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual
- Ear Tips (S/M/L, typically)

3. SETUP

3.1 Charging the Earbuds and Case

Before first use, fully charge both the earbuds and the charging case.

1. Place the earbuds into the charging case. Ensure they are correctly seated; magnetic contacts will hold them in place.
2. Connect the USB charging cable to the charging port on the case and plug the other end into a USB power adapter (not included) or a computer's USB port.
3. The indicator lights on the charging case will show the charging status. Once fully charged, the lights will indicate completion or turn off.
4. A fully charged case can recharge the earbuds approximately 4-5 times.

500mAh Long Battery Life

Fully charge earbuds 4-5 times

Image: The earbuds are shown inside the charging case, with an illustration of the 500mAh battery capacity and estimated usage times: 5 hours play time, 3 hours call time, 50 hours standby time, and 1.5 hours charging time.

3.2 Pairing with Your Device

Follow these steps to pair your earbuds with a Bluetooth-enabled device:

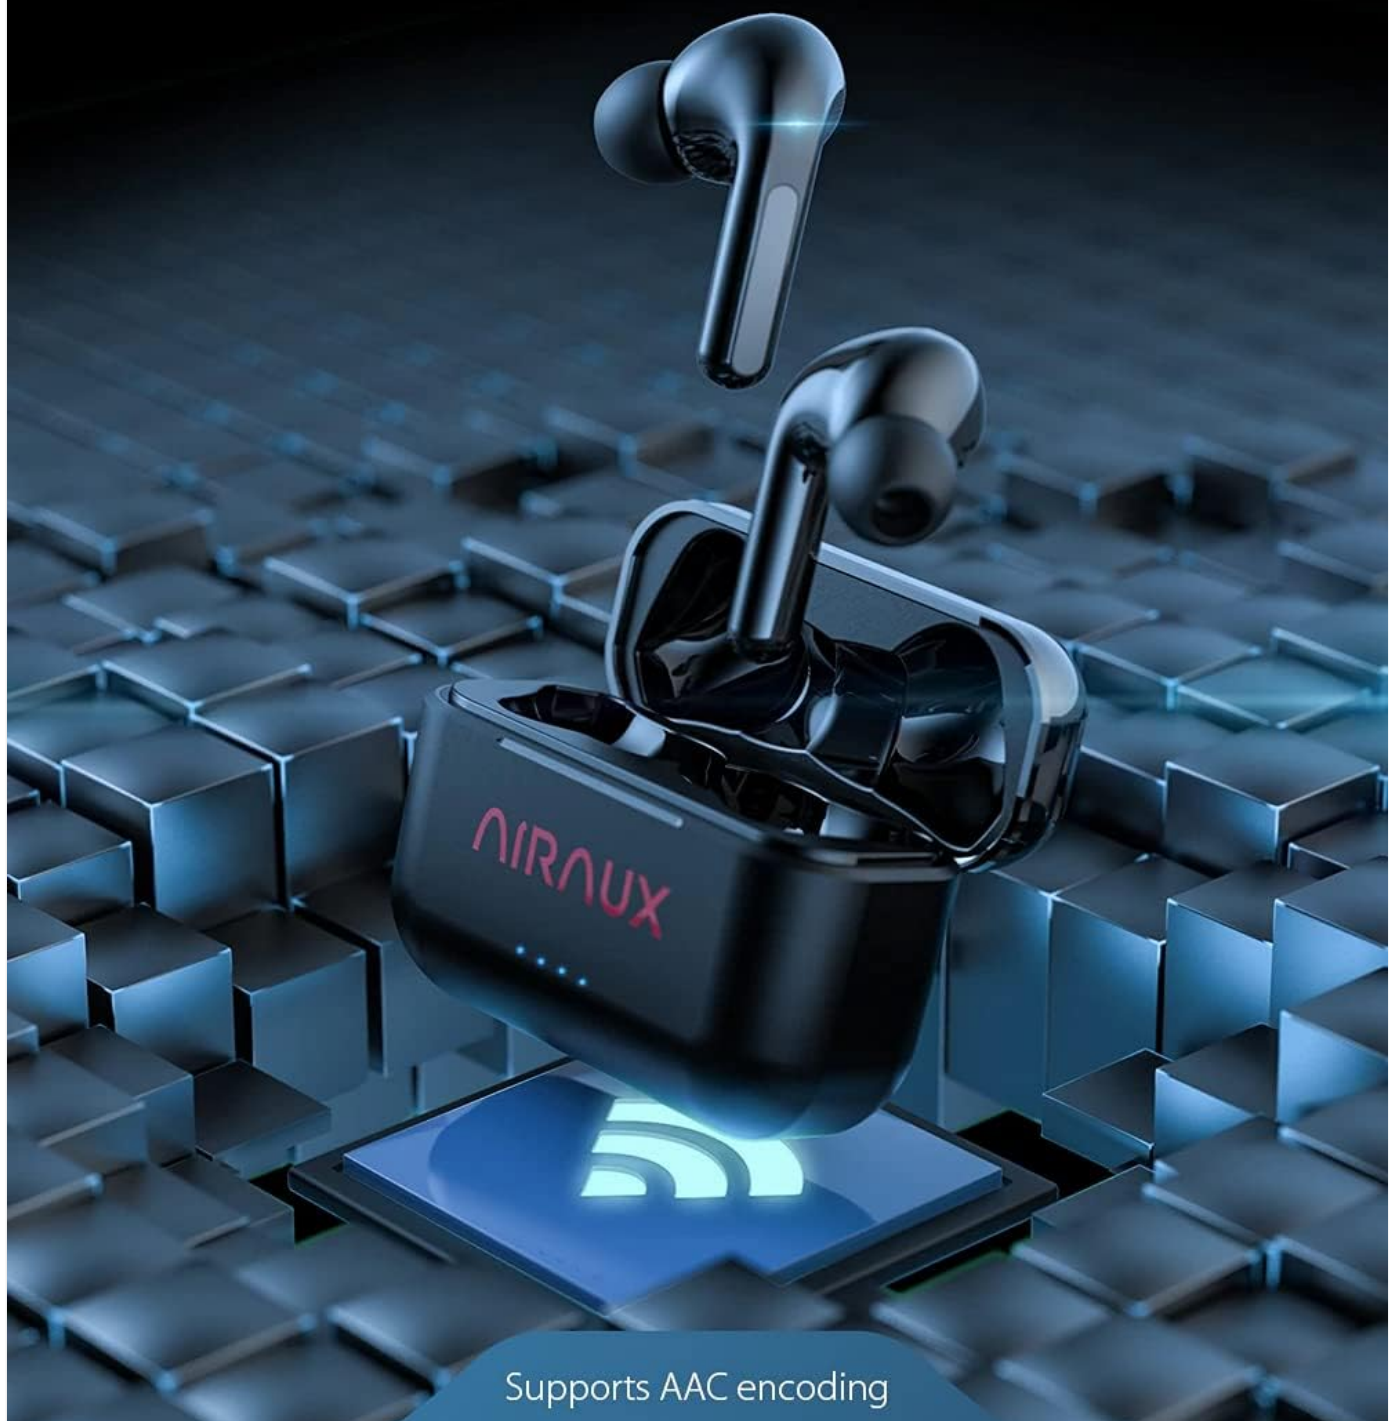

1. Initial Pairing:

- Open the charging case, and the earbuds will automatically power on and enter pairing mode.

- On your device (smartphone, tablet, etc.), enable Bluetooth.
 - Search for "AA-UM8" in the list of available Bluetooth devices and select it to connect.
 - Once connected, you will hear a confirmation tone, and the earbud indicator lights will change.
2. **Automatic Reconnection:** After the initial pairing, the earbuds will automatically connect to the last paired device when taken out of the charging case, provided Bluetooth is enabled on the device.
 3. **Single Earbud Mode:** Either earbud can be used independently. Simply take one earbud out of the case, and it will connect.

Top-end bluetooth V5.1 Chip

Perfect for ultra-fast connection, stable dual channel transmission signal and low latency

Supports AAC encoding

Image: The earbuds and charging case are depicted with an overlay illustrating the "Top-end Bluetooth V5.1 Chip" for ultra-fast connection, stable dual-channel transmission, and low latency, also noting AAC encoding support.

4. OPERATING INSTRUCTIONS

4.1 Touch Controls

The AIRAUX AA-UM8 earbuds feature highly-sensitive touch controls on each earbud. Refer to the table below for common functions:

Low Delay

Image and sound sync allow your team to be ahead of the game

Image: An earbud is shown with a fingerprint icon indicating the touch control area, alongside a list of functions: ON/OFF, Play/Pause, Answer/Hang up, Previous Track, and Next Track.

Action	Function
Tap once	Play/Pause music, Answer/Hang up call
Long press (approx. 2 seconds)	Power ON/OFF

Action	Function
Triple tap Left earbud	Previous Track
Triple tap Right earbud	Next Track
Double tap	(Function not specified in image, typically voice assistant or volume)

Note: Specific functions for double tap may vary or be customizable depending on your device.

4.2 Low Latency Mode

The AA-UM8 earbuds feature low latency technology, ensuring that audio and video are synchronized. This is particularly beneficial for gaming and watching videos, providing an immersive experience without noticeable delay.

Highly-sensitive Touch Control

Image: The earbuds and charging case are shown next to a smartphone displaying a game, emphasizing the "Low Delay" feature where image and sound sync allows users to be ahead in gaming.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your earbuds.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials.

- **Ear Tips:** Remove ear tips and clean them with water and mild soap if necessary. Ensure they are completely dry before reattaching.
- **Charging Contacts:** Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab to ensure good connection.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage.
- **Avoid Water:** The earbuds are not waterproof. Avoid exposure to excessive moisture or submersion in water.

6. TROUBLESHOOTING

If you encounter any issues, try the following troubleshooting steps:

- **Earbuds not pairing with device:**
 - Ensure both earbuds are charged.
 - Turn off Bluetooth on your device and turn it back on.
 - Forget "AA-UM8" from your device's Bluetooth list and try pairing again.
 - Place earbuds back in the case, close the lid, wait a few seconds, then open to re-initiate pairing mode.
- **Only one earbud working:**
 - Ensure both earbuds are charged.
 - Place both earbuds back into the charging case, close the lid, then open it again.
 - Try resetting the earbuds (refer to manufacturer's specific reset instructions if available, otherwise, forgetting and re-pairing is a common reset).
- **No sound:**
 - Check the volume level on both your device and the earbuds.
 - Ensure the earbuds are properly connected to your device.
 - Try playing audio from a different application or source.
- **Charging issues:**
 - Ensure the charging cable is securely connected to both the case and the power source.
 - Clean the charging contacts on the earbuds and inside the case.
 - Try a different USB cable or power adapter.

7. SPECIFICATIONS
