What's Included:

- Portable Baby Nest
- Removable Insert
- Soft Blanket
- Sensory Cube
- Thermal Cushion (with cherry pits)

Image 1.2: All individual components of the baby nest set laid out.

2. SAFETY WARNINGS

IMPORTANT SAFETY INFORMATION: Always read and follow all instructions and warnings to prevent serious injury or death.

- The baby nest is intended for newborns and premature babies up to 9 months of age.
- Always use the baby nest on a flat, firm, and stable surface.
- Always place the baby's head at the top of the nest and their feet towards the open end of the closed nest.
- Never leave the baby unattended in the nest.
- Ensure there are no loose blankets, pillows, or toys near the baby's face that could obstruct breathing.
- Do not use the nest if any part is damaged or missing.

Note on Color Variation: The color shade may vary slightly depending on the light in photos (natural/artificial), the material batch, or monitor settings.

3. SETUP AND ASSEMBLY

The Totsy Baby Nest is designed for easy setup. The main nest structure is pre-assembled. The following steps detail how to adjust and prepare the nest for use.

3.1 Adjusting the Nest Size

The baby nest features an adjustable drawstring at the foot end, allowing you to customize the size and snugness for your baby.

1. Locate the drawstrings at the foot end of the baby nest.
2. To tighten the nest and make it smaller, pull the strings gently.
3. To loosen the nest and make it larger, release the tension on the strings.
4. Once the desired size is achieved, tie the strings securely into a bow to prevent them from loosening and to keep them away from the baby.

Image 3.1: Illustration showing how to pull and tie the drawstrings to adjust the nest size.

3.2 Inserting the Removable Pad

The removable insert provides an additional layer of comfort and support. Simply place it inside the nest on the bottom surface.

Image 3.2: Diagram illustrating the baby nest and its separate components, including the removable insert.

4. OPERATING AND USAGE

The Totsy Baby Nest is versatile and can be used in various settings to provide a secure and comfortable space for your baby.

4.1 Recommended Uses:

- **In the Crib or Cot:** Place the nest inside a larger crib or cot to create a snugger sleeping environment.
- **As a Bassinet Reducer:** Use it to make a bassinet feel more enclosed and secure for a newborn.
- **For Tummy Time:** The cushioned edges can provide support during supervised tummy time sessions.
- **For Naps:** Offers a comfortable spot for supervised naps.
- **As a Changing Pad:** Can serve as a portable changing station on a flat surface.

4.2 Using the Thermal Cushion

The thermal cushion, filled with cherry pits, can be warmed to provide soothing comfort for your baby, particularly for colic relief.

1. Remove the thermal cushion from its cover if applicable.
2. Heat the cushion in a microwave according to the instructions provided on the cushion's label (typically a few seconds at a time, checking temperature).
3. Always check the temperature of the cushion on your wrist before placing it near your baby to ensure it is comfortably warm, not hot.
4. Place the warm cushion on the baby's abdomen or near them for comfort. Always supervise.

4.3 Using the Sensory Cube

The sensory cube is designed to stimulate your baby's senses and can be placed within reach for playtime.

5. CARE AND MAINTENANCE

Proper care ensures the longevity and hygiene of your Totsy Baby Nest Set.

5.1 Washing Instructions:

- The baby nest and its components are machine washable.
- Use a gentle cycle with cold water.
- Do not bleach.
- Air dry flat. Do not tumble dry to maintain shape and material integrity.
- Ensure all components are completely dry before reassembling or using.

Note: The thermal cushion (cherry pit pillow) should generally not be washed. Refer to its specific label for cleaning instructions.

6. SPECIFICATIONS

Product Dimensions	90 x 50 x 0.1 cm (Nest size)
Weight	1.43 Kilograms
Material	Cotton, Polyester
Gender	Unisex
Color	Rosa Sporco (Dusty Pink)
Care Instructions	Machine Washable
ASIN	B09WV8W51W

7. TROUBLESHOOTING

This section addresses common concerns or issues you might encounter with your baby nest.

7.1 Nest feels too loose or too tight:

- **Solution:** Adjust the drawstrings at the foot end of the nest. Pull to tighten for a snugger fit, or loosen to expand the nest. Ensure the strings are securely tied after adjustment.

7.2 Thermal cushion not heating properly:

- **Solution:** Ensure the cushion is heated in a microwave according to its specific instructions. Do not overheat. If it still doesn't retain heat, the filling might be compromised, and replacement may be necessary.

7.3 Nest appears misshapen after washing:

- **Solution:** Ensure you followed the care instructions, especially air drying flat and avoiding tumble drying. Gently reshape the nest while it is damp and allow it to dry completely in its intended form.

8. WARRANTY AND SUPPORT
