Mould King 13080

Mould King 13080 Oldtimer Technical Building Block Set Instruction Manual

Model: 13080 | Brand: Mould King

INTRODUCTION

This instruction manual provides detailed guidance for assembling and understanding the Mould King 13080 Oldtimer technical building block set. This set allows you to construct a detailed vintage car model, comprising 3564 high-quality interlocking building blocks. The finished model measures approximately 63.5 cm long, 20.3 cm wide, and 17.3 cm high. The construction process is designed to enhance practical skills, creativity, and imagination. Please read all instructions carefully before beginning assembly.

SETUP AND ASSEMBLY

The Mould King 13080 set includes all necessary building blocks and a comprehensive, detailed instruction manual to guide you through the assembly process. Each step is clearly illustrated to ensure a smooth building experience.

Assembly Steps Overview:

- Unpacking:** Carefully open the packaging and verify all building block bags and the instruction manual are present.
- Sorting:** For easier assembly, it is recommended to sort the building blocks by type or color as indicated in the manual.
- Follow Instructions:** Adhere strictly to the step-by-step instructions provided in the included manual. Each step shows which blocks to use and where to place them.
- Component Integration:** Pay close attention to the integration of various components, such as the engine, doors, and chassis, as detailed in the manual.
- Final Inspection:** After completing the assembly, perform a final check to ensure all parts are securely connected and the model is stable.

FEATURES AND FUNCTIONALITY

The Mould King 13080 Oldtimer model is designed with numerous realistic details and interactive features, providing an engaging experience once assembled.

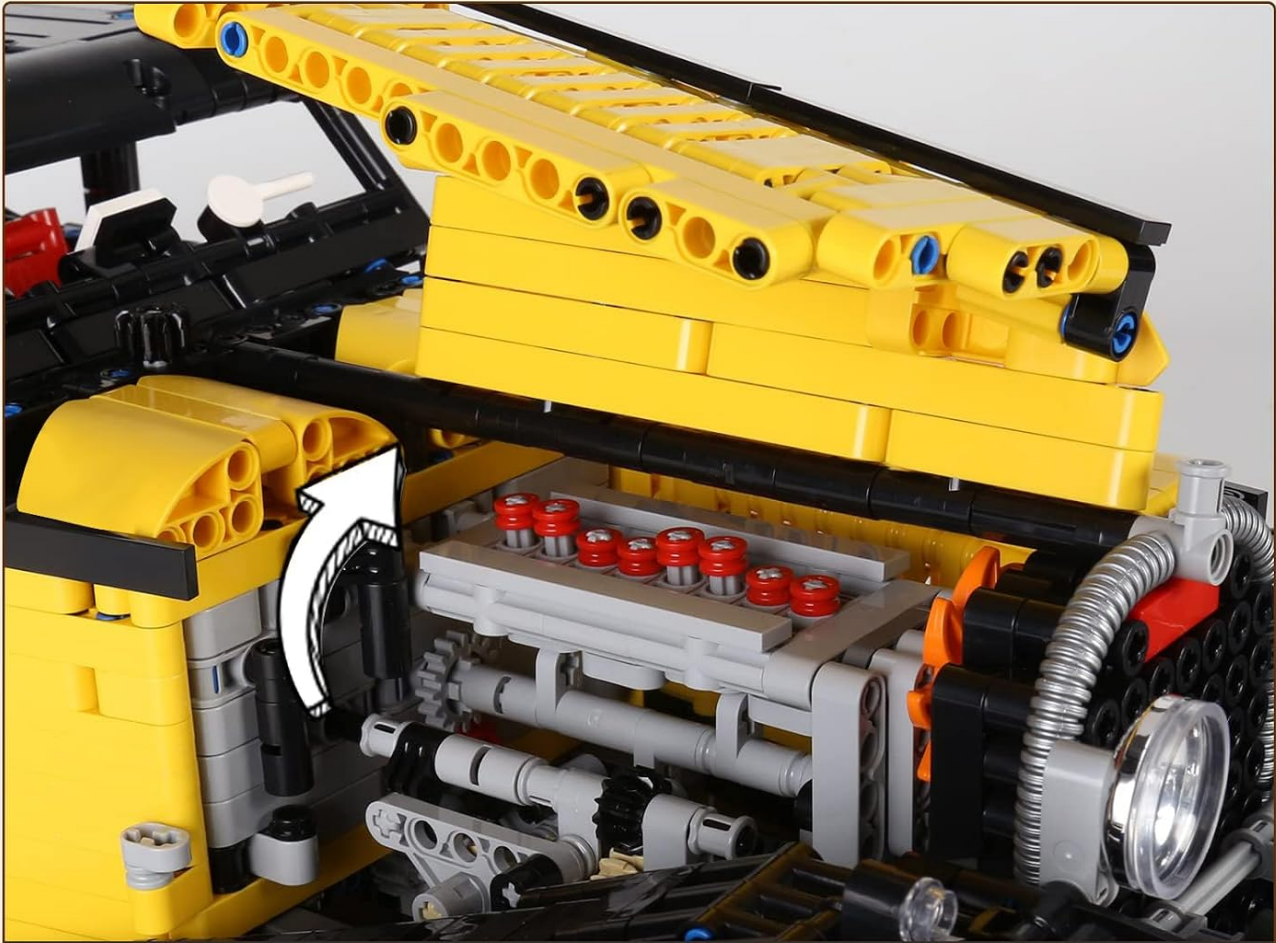

- **Detailed Engine:** The hood of the car can be opened to reveal a meticulously designed engine compartment.
- **Functional Doors:** The classic car doors are designed to open, showcasing the detailed interior.
- **Adjustable Gear Mode:** The interior features a gear lever that can be switched, adding to the interactive elements.
- **Spare Tire:** A simulated spare tire is mounted at the rear, enhancing the vintage aesthetic.
- **Authentic Design:** The model includes fine tires, front lights, a number plate, a curved pedal, and a front hatch, all contributing to its realistic vintage appearance.

MAINTENANCE

To ensure the longevity and appearance of your Mould King 13080 Oldtimer model, follow these simple maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth or a soft brush. Avoid using abrasive cleaners or harsh chemicals, as these can damage the plastic.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic blocks.
- **Handling:** Handle the model with care to avoid accidental disassembly or damage to delicate parts.
- **Disassembly (Optional):** If you wish to disassemble the model, refer to the instruction manual for reverse steps or use a block separator tool if available.

TROUBLESHOOTING

While the Mould King 13080 set is designed for a smooth building experience, you might encounter minor issues. Here are some common troubleshooting tips:

Missing Parts:

If you find any parts missing from your set, please contact Mould King customer support. The manufacturer ensures that any missing parts will be sent to you.

Assembly Difficulties:

- **Review Instructions:** Double-check the instruction manual for the specific step you are on. Ensure all blocks are oriented correctly and placed in the designated positions.
- **Check Connections:** Make sure all blocks are firmly pressed together. Loose connections can lead to instability.
- **Identify Incorrect Blocks:** Sometimes, a similar-looking block might be used incorrectly. Compare the block with the image in the manual carefully.

SPECIFICATIONS

Feature	Detail
Model Name	Mould King 13080 Oldtimer
Model Number	WX13080-HJY
Brand	Mould King

Feature	Detail
Number of Pieces	3564
Material	High-quality ABS environmental-friendly plastic
Product Dimensions (L x W x H)	63.5 x 20.3 x 17.3 cm (25.1 x 8.0 x 6.8 inches)
Weight	2.4 g
Recommended Age	8 years and older
Educational Objective	Building skills, Creative thinking
Power Source	No battery needed (Manual operation)
Color	Green (Note: Product images show a yellow and black model)
GTIN/UPC	731694942191
