HOROW HR-T05SG

HOROW Upgraded Integrated Smart Toilet User Manual

Model: HR-T05SG

Introduction

This manual provides comprehensive instructions for the installation, operation, and maintenance of your HOROW Upgraded Integrated Smart Toilet (Model: HR-T05SG). Please read this manual thoroughly before installation and use to ensure proper function and safety.

Figure 1: HOROW HR-T05SG Integrated Smart Toilet. This image shows the sleek, one-piece design of the smart toilet in white, highlighting its modern aesthetic.

Key Features:

- **Integrated Design:** Combines toilet and bidet functions, offering seat heating, warm water bubble wash, and warm air drying.
- **Automated Operation:** Features automatic or foot-kick lid opening/closing and automatic flushing after use for hands-free convenience.
- **Powerful Flushing:** Equipped with an electric pump to boost Tornado Flush and Bottom Flush, ensuring effective waste removal even with low water pressure.
- **High-Quality Ceramics:** Constructed from high-temperature calcined ceramics with a microcrystal glazed surface, designed for long-lasting color and easy cleaning. Pre-wet toilet wall technology prevents dirt adhesion.
- **Intelligent Protection:** Built-in smart chip and sensors provide protection against high temperature, leakage, and

high water pressure.

Setup and Installation

Before beginning installation, ensure you have all necessary tools and that the installation area meets the product's requirements (e.g., 110 volts power supply, appropriate water supply). Refer to the official Installation Manual (PDF) for detailed steps.

Pre-Installation Checklist:

- Verify power supply: 110 Volts AC.
- Ensure adequate water pressure.
- Confirm floor-mounted installation compatibility.
- Unpack all components and check for any damage.

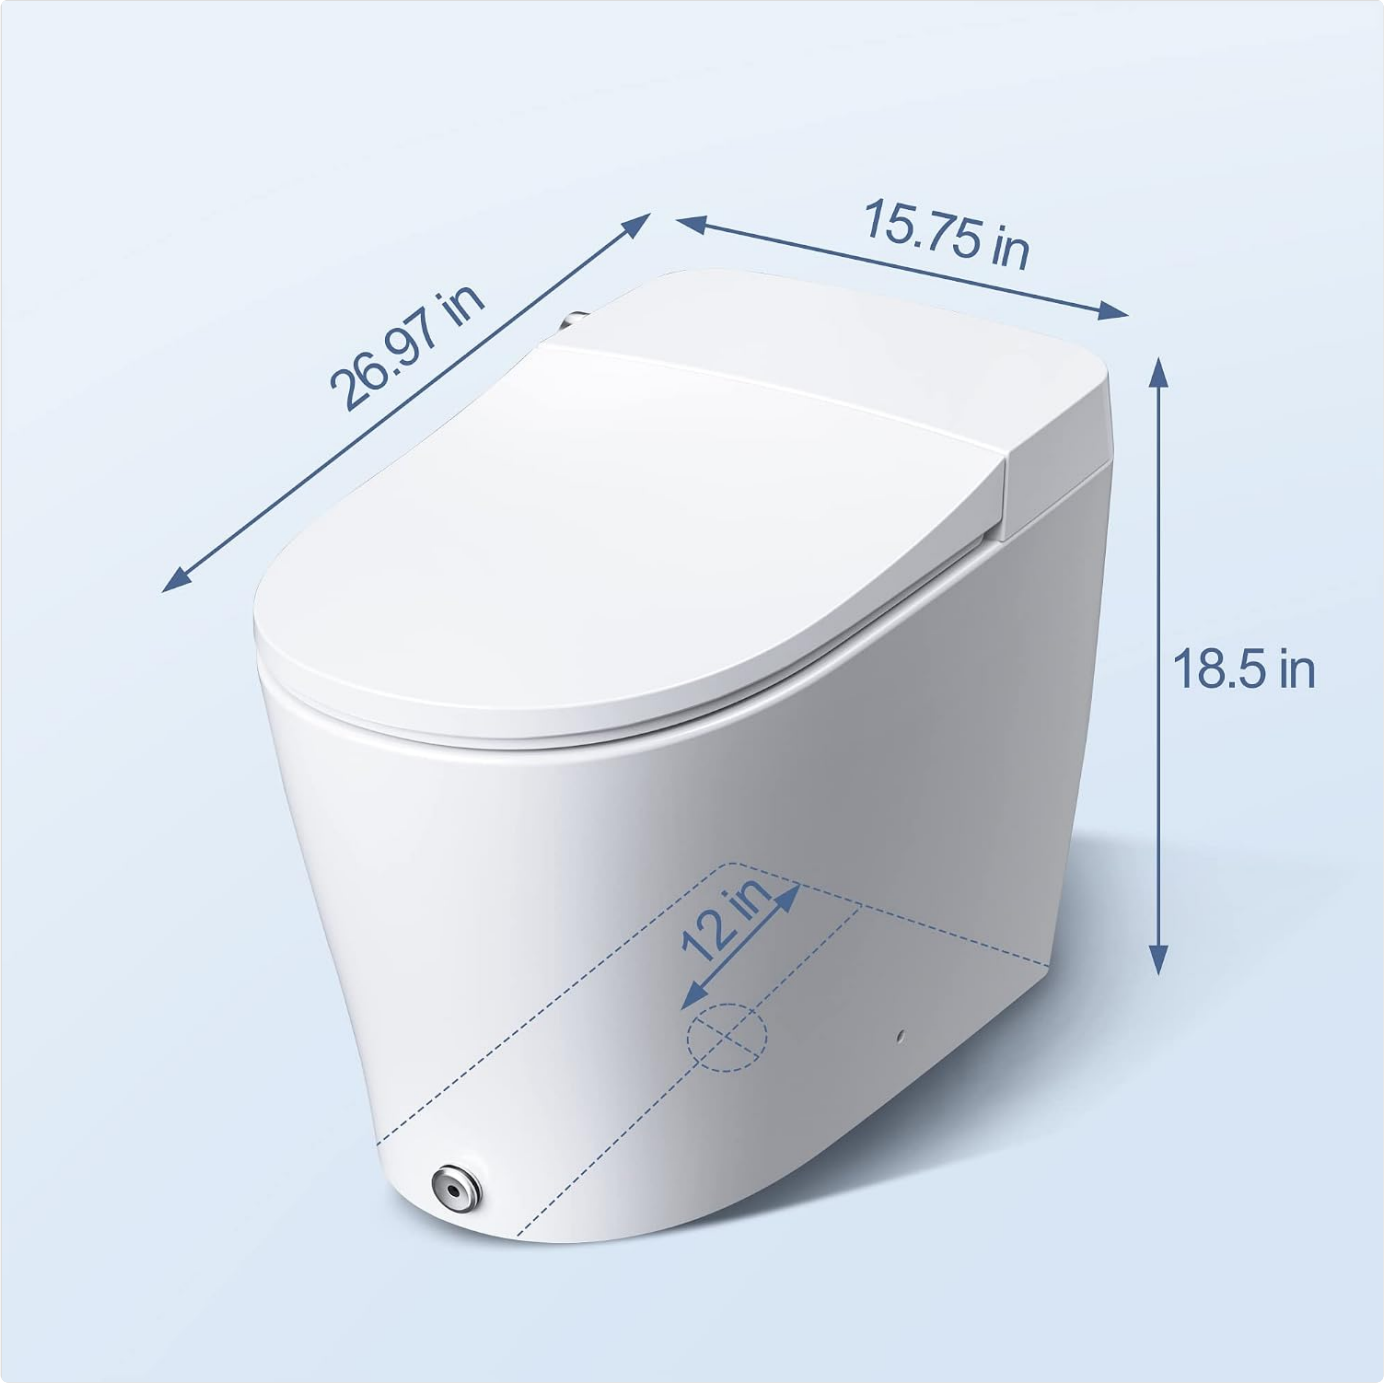

Figure 2: Product Dimensions. This diagram illustrates the length (26.97 inches), width (15.75 inches), and height (18.5 inches) of the HOROW HR-T05SG smart toilet, crucial for pre-installation planning.

Installation Steps (Summary):

1. Prepare the installation area by ensuring it is clean and level.
2. Connect the water supply line to the toilet's inlet.
3. Secure the toilet to the floor using the provided mounting hardware.
4. Connect the power cord to a grounded 110V AC outlet.
5. Perform a leak check and initial flush to ensure proper operation.

For detailed installation instructions, please refer to theOfficial Installation Manual (PDF).

Operating Instructions

Your HOROW Smart Toilet offers a range of intelligent features designed for comfort and hygiene. Familiarize yourself with the controls and functions for optimal use.

Automated Functions:

- **Motion Activation:** The lid opens automatically when approached.
- **Foot Activation:** A gentle foot kick can open or close the toilet cover and seat.
- **Soft Night Light:** An integrated night light illuminates the bowl, providing visibility without harsh brightness.
- **Heated Seat:** The seat temperature is adjustable via remote control, providing warmth and comfort.
- **Sit Activation:** The seat automatically adjusts its temperature before you sit.
- **Auto-Deodorization:** Scientific deodorization and bacteria elimination features ensure a fresh environment.
- **Nozzle Self-Cleans Pre-Use:** The bidet nozzle self-cleans before every use for enhanced hygiene.
- **Automatic Flush:** The toilet automatically flushes after use and closes the lid.

Bidet Functions:

- **Instant Heating:** Rinsing water heats instantly for immediate warm water supply.
- **Fixed-Temperature Posterior Wash:** Provides fixed-temperature, steady pressure rinsing water for posterior comfort.
- **Mobile Washing:** Wash modes, positions, and ranges are adjustable.
- **Cold/Warm SPA Massage:** Choose cold/warm SPA massage for comfort, with cold and warm water alternating smoothly.
- **Feminine Bubble Wash:** Specifically designed for women, with gentler bubbles and flow for sensitive areas.
- **Warm Air Dryer:** Provides strong, warm wind for quick drying after washing.

Control Interface:

- **Infinite Knob:** Washing, drying, and flushing functions are controlled by a single knob. Clockwise rotation starts posterior wash, counter-clockwise starts feminine wash. Flow and wind speed are also knob-adjustable.
- **Remote Control:** A remote control is included for convenient adjustment of various settings, including seat temperature.

Video 1: HOROW HR-T05 Smart Toilet Features Overview. This video demonstrates the automatic lid opening, foot activation, night light, heated seat, auto-deodorization, self-cleaning nozzle, instant heating, various wash modes (posterior, mobile, SPA, feminine bubble), warm air drying, and automatic flushing features of the smart toilet.

Figure 3: Smart Toilet Features Diagram. This diagram visually outlines the various features of the smart toilet, including adjustable water temperature, self-cleaning nozzle, soft night light, adjustable seat temperature, warm air dryer, rear wash, front wash, bubble wash, oscillating massage, strong flush, automatic seat, foot kick, and infinite knob.

Figure 4: Powerful Flushing System. This image illustrates the internal mechanism of the powerful flushing system, showcasing the Tornado Flush and Bottom Flush capabilities, along with different activation methods like kick flushing, blackout flushing, automatic flush, and remote flushing.

Maintenance and Care

Regular maintenance ensures the longevity and optimal performance of your HOROW Smart Toilet. Follow these guidelines for cleaning and care.

Cleaning:

- **Exterior:** Wipe the exterior surfaces with a soft, damp cloth and mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive materials that could damage the finish.
- **Bowl:** Use a toilet brush and standard toilet bowl cleaner. The smooth glaze and pre-wet toilet wall technology help prevent dirt adhesion, making cleaning easier.
- **Nozzle:** The bidet nozzle self-cleans before and after each use. For deeper cleaning, refer to the detailed cleaning instructions in the full user manual.

Figure 5: High-Quality Ceramic Construction. This image highlights the layered construction of the toilet's ceramic, emphasizing the high-temperature calcined ceramics, microcrystalline glazed surface, and smooth glazed finish that contribute to its durability and ease of cleaning.

General Care:

- Do not use excessive force when operating the lid or seat.
- Ensure the power cord is not pinched or damaged.
- Periodically check water connections for leaks.

Troubleshooting

This section addresses common issues you might encounter with your HOROW Smart Toilet. For more complex problems, please consult the full Troubleshooting Guide or contact customer support.

Common Troubleshooting Scenarios

Problem	Possible Cause	Solution
Toilet not flushing automatically.	Sensor obstruction or power interruption.	Ensure the sensor is clean and unobstructed. Check power connection.
Bidet water not warm.	Heater issue or water temperature setting.	Verify water temperature setting on remote. Check power supply to the unit.
Lid not opening/closing automatically.	Motion sensor obstruction or malfunction.	Clean the motion sensor area. Ensure no objects are blocking the lid's path.
Unpleasant odors persist.	Deodorization filter issue or severe odor source.	Ensure the auto-deodorization function is active. Clean the toilet thoroughly.

For a more detailed list of troubleshooting steps, please refer to the Official Troubleshooting Guide (PDF).

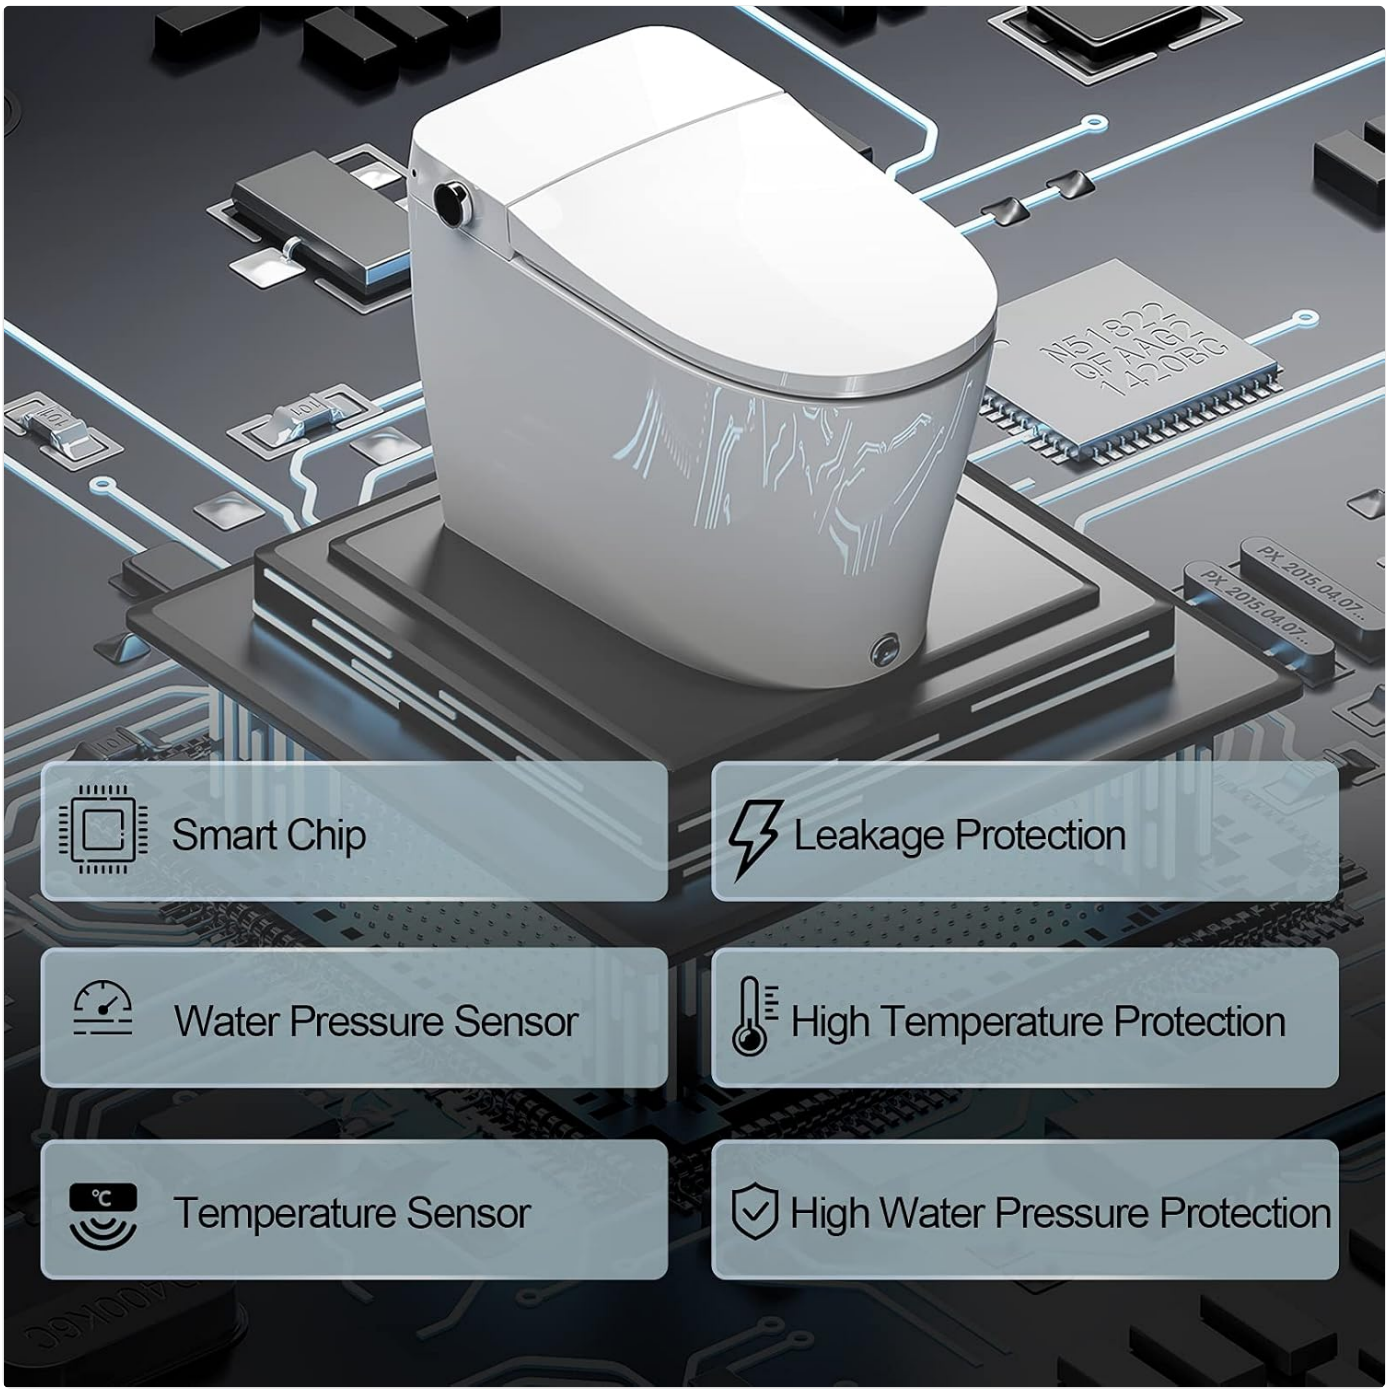

Figure 6: Intelligent Protection System. This image illustrates the various intelligent protection features of the smart toilet, including a smart

chip, leakage protection, water pressure sensor, high temperature protection, temperature sensor, and high water pressure protection, ensuring safe operation.

Product Specifications

Attribute	Detail
Brand	HOROW
Model Number	HR-T05SG
Color	White
Product Dimensions (D x W x H)	26.97"D x 15.75"W x 18.5"H
Material	Ceramic (Body), Plastic (Seat)
Installation Type	Floor Mounted
Shape	Oval
Item Weight	107.6 pounds
Power Source	AC
Voltage	110 Volts
Flow Rate	3.65 Gallons Per Minute
Water Consumption	1.03 Gallons per Flush
Air Flow Capacity	0.4 Cubic Meters per Minute
Hose Length	23.62 Inches
Cord Length	71 Inches
Type of Bulb	LED (for night light)
Flush Type	Automatic
Certification	UL

Warranty and Support

HOROW is committed to providing high-quality products and excellent customer service.

Warranty Information:

- **30-Day Money Back Guarantee:** If you encounter any issues upon receiving the product, you are eligible for a full refund within 30 days.
- **12-Month Replacement Warranty:** The product is covered by a 12-month replacement warranty for manufacturing defects.
