### GROHE 39898000

# GROHE BAU Ceramic WC Seat with Lid - Model 39898000 Instruction Manual

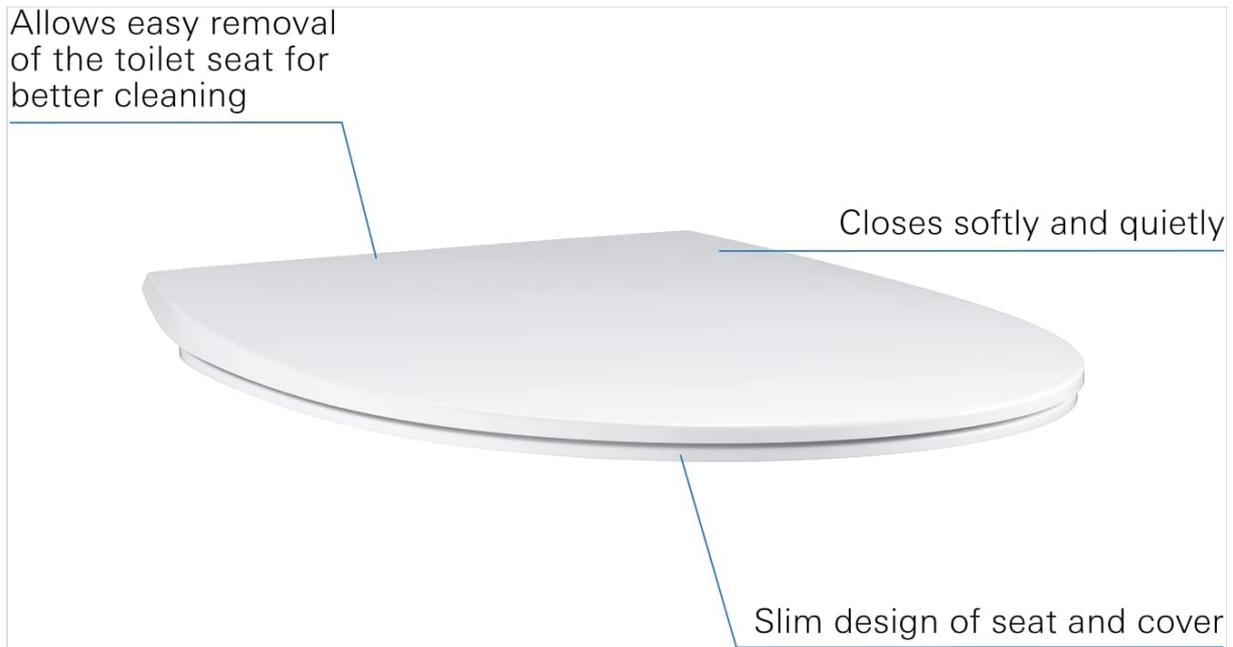

Your guide to installation, operation, and maintenance.

## 1. PRODUCT OVERVIEW

This manual provides essential information for the safe and efficient installation, operation, and maintenance of your GROHE BAU Ceramic WC Seat with Lid, Model 39898000. This product features a slim design, soft-close mechanism, and a quick-release function for easy cleaning.

**Image 1.1:** Top view of the GROHE BAU Ceramic WC Seat with Lid, showcasing its clean, D-shaped design.

**Image 1.2:** Angled view of the WC seat, illustrating its slim profile and the benefits of easy removal for cleaning and soft-closing functionality.

## 2. SAFETY INFORMATION

Please read all instructions carefully before installation and use. Retain this manual for future reference.

- Ensure all components are present and undamaged before beginning installation.
- Do not use abrasive cleaners or harsh chemicals on the seat surface, as this may damage the material.
- Avoid standing on the toilet seat or lid, as this can cause damage or injury.
- Periodically check the fixation for tightness to prevent the seat from shifting.

## 3. PACKAGE CONTENTS

Verify that all the following items are included in your package:

- GROHE BAU Ceramic WC Seat
- WC Seat Lid
- Fixation Set (including stainless steel hinges)

## 4. SETUP AND INSTALLATION

The GROHE BAU Ceramic WC Seat is designed for easy top-fix installation. Follow these general steps:

1. **Prepare the Toilet Bowl:** Ensure the toilet bowl's mounting holes are clean and free of debris.
2. **Insert Fixation Bolts:** Place the fixation bolts (part of the fixation set) into the mounting holes on the toilet bowl.
3. **Attach Hinges:** Position the stainless steel hinges over the fixation bolts. The design allows for adjustment to align with your toilet bowl's dimensions.
4. **Secure Hinges:** From above, tighten the screws to secure the hinges firmly to the toilet bowl. Ensure

the hinges are parallel and centered. Do not overtighten.

5. **Attach WC Seat:** Align the WC seat with the attached hinges and press down until it clicks securely into place. The quick-release mechanism allows for easy attachment and detachment.
6. **Test Stability:** Gently test the seat for stability. If it wobbles, detach the seat, re-tighten the fixation, and re-attach.

## 5. OPERATING INSTRUCTIONS

Your GROHE BAU Ceramic WC Seat is designed for user comfort and convenience.

- **Soft-Close Function:** The seat and lid are equipped with a soft-close mechanism. To close, simply push the seat or lid down gently, and it will lower slowly and quietly on its own. Do not force it closed.
- **Quick-Release Feature:** For thorough cleaning, the seat can be easily removed from the hinges. Locate the quick-release buttons or levers near the hinges (specific design may vary slightly) and press them to detach the seat. Re-attach by aligning and pressing down until it clicks.

## 6. MAINTENANCE AND CLEANING

Regular cleaning and proper maintenance will ensure the longevity and hygiene of your WC seat.

- **Daily Cleaning:** Use a soft cloth and mild soap or a non-abrasive bathroom cleaner. Wipe the entire surface of the seat and lid.
- **Deep Cleaning:** Utilize the quick-release feature to remove the seat. Clean the hinges and the area around the mounting holes on the toilet bowl. Clean both sides of the seat and lid thoroughly.
- **Avoid Harsh Chemicals:** Do not use abrasive powders, scouring pads, strong acids, alkalis, or chlorine-based cleaners, as these can damage the Duroplast material and the soft-close mechanism.
- **Hinge Care:** Keep the hinges clean and dry. Avoid excessive moisture buildup around the hinge mechanism.

## 7. TROUBLESHOOTING

If you encounter issues with your WC seat, refer to the following common solutions:

- **Seat Wobbles or Shifts:**
  - Remove the seat using the quick-release function.
  - Re-tighten the fixation bolts on the toilet bowl. Ensure they are snug but do not overtighten.
  - Re-attach the seat and test for stability.
- **Soft-Close Not Functioning Properly:**
  - Check for any obstructions around the hinges.
  - Ensure the seat is correctly attached to the hinges. Detach and re-attach if necessary.

- Clean the hinge mechanism to remove any dirt or debris that might impede its function.
- **Difficulty Removing/Attaching Seat:**
  - Ensure you are pressing the quick-release buttons/levers fully.
  - Check for any debris or residue around the quick-release mechanism.

## 8. SPECIFICATIONS
