CUTEBEE Forest Tea Shop DIY Miniature Dollhouse Kit Instruction Manual

Model: LV

INTRODUCTION

Welcome to the world of miniature crafting with your CUTEBEE Forest Tea Shop DIY Miniature Dollhouse Kit. This kit provides all the necessary components to assemble a detailed and charming miniature tea shop. This manual will guide you through the assembly process, operation, maintenance, and troubleshooting to ensure a rewarding building experience.

This kit is designed for individuals aged 14 years and older, offering a creative and engaging project. The finished product serves as a collectible display item or home decoration.

SAFETY PRECAUTIONS

- Keep small parts away from young children to prevent choking hazards.
- Use tools such as scissors, tweezers, and knives with caution. Adult supervision is recommended for younger builders.
- Ensure adequate ventilation when using adhesives.
- Dispose of waste materials responsibly.

WHAT'S IN THE BOX

Your CUTEBEE Forest Tea Shop kit includes a variety of materials for assembly. Please verify all components against the provided parts list in your printed manual. If any parts are missing or damaged, please contact customer support.

- Pre-cut wooden pieces for structure and furniture.
- Fabric, paper, and plastic components for decoration.
- LED lighting components.
- Detailed English instruction manual with colored pictures.
- Dust cover (for models that include it).
- Music box mechanism (for models that include it).

Note: Silicone liquid glue and two AAA batteries are **not included** due to air transportation restrictions. Please prepare

these items separately.

SETUP AND PREPARATION

1. **Unpack Components:** Carefully remove all items from the box. Organize them by type or according to the numbering in the instruction manual.
2. **Gather Tools:** You will need:
 - Scissors
 - Tweezers
 - Ruler
 - Hobby knife (e.g., X-Acto knife)
 - Silicone liquid glue (not included)
 - 2 AAA batteries (not included)
3. **Prepare Workspace:** Ensure you have a clean, well-lit, and spacious work area. Protect your surface from glue spills.
4. **Review Instructions:** Read through the entire instruction manual before beginning assembly to familiarize yourself with the steps and overall process.

ASSEMBLY INSTRUCTIONS

Follow the detailed, step-by-step instructions provided in your printed manual. Each step is accompanied by colored pictures to guide you. Patience is key for successful assembly.

General Tips for Assembly:

- **Identify Parts:** Use the numbered parts list and diagrams to correctly identify each piece before gluing or cutting.
- **Test Fit:** Before applying glue, dry-fit pieces together to ensure they align correctly.
- **Apply Glue Sparingly:** Use a small amount of silicone liquid glue. Excess glue can be messy and affect the appearance. Allow sufficient drying time for each glued component.
- **Handle Delicate Parts Carefully:** Some pieces are very small and fragile. Use tweezers for precise placement.
- **Wiring for LED Lights:** Follow the wiring diagrams carefully. Ensure all connections are secure before concealing them. Insert AAA batteries into the battery box once all wiring is complete and tested.
- **Customization:** While following instructions, feel free to add your personal touch to decorations if desired.

OPERATING INSTRUCTIONS

LED Lighting:

1. Ensure two AAA batteries are correctly installed in the battery box (polarity must be correct).
2. Locate the power switch, typically a small button or toggle, connected to the battery box.
3. Flip the switch to the 'ON' position to illuminate the miniature lights.
4. Flip the switch to the 'OFF' position when not in use to conserve battery life.

Music Box (if included):

If your kit includes a music box, gently wind the mechanism to play the melody. Avoid over-winding to prevent damage.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth or a small brush to gently remove dust from the miniature. For dust covers, a slightly damp cloth can be used, followed by a dry one.
- **Battery Replacement:** Replace AAA batteries when the LED lights dim or stop working. Ensure correct polarity.
- **Storage:** Store the finished dollhouse in a dry place, away from direct sunlight and extreme temperatures, to prevent material degradation.
- **Handling:** Handle the miniature with care to avoid accidental damage to delicate components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on.	Batteries are dead or incorrectly installed. Loose wire connection. Faulty switch.	Replace batteries and check polarity. Inspect all wire connections and re-secure if loose. Contact customer support if the switch is faulty.
Pieces do not fit together.	Incorrect piece identification. Excess glue preventing fit. Warped wooden piece.	Double-check the manual for correct part numbers. Carefully remove excess dried glue. Apply gentle pressure or use clamps while glue dries for warped pieces.
Music box does not play.	Not wound sufficiently. Mechanism is stuck or damaged.	Gently wind the music box. Ensure no obstructions. If still not working, contact customer support.

SPECIFICATIONS
