

Fjords Fjords Stockholm Large Power Dark Brown

Fjords Stockholm Large Power Recline Swivel Swing Relaxer Recliner Chair User Manual

Model: Fjords Stockholm Large Power Dark Brown

INTRODUCTION

This manual provides instructions for the proper setup, operation, and maintenance of your Fjords Stockholm Large Power Recline Swivel Swing Relaxer Recliner Chair. Please read this manual thoroughly before using your chair to ensure safe and optimal performance.

The Fjords Stockholm chair is designed to offer continuous support and comfort, featuring a power recline function, 170-degree swivel rotation, and an integrated footrest with a rocking function. It incorporates the Fjords Active Release System for neck support and utilizes cold cure molded foam for durability.

SAFETY INFORMATION

- Ensure all electrical components are connected properly and are UL and CE listed.
- Keep children and pets away from moving parts during operation.
- Do not stand on the footrest or apply excessive weight to it.
- Avoid placing hands or feet near the reclining mechanism during adjustment.
- Only use the chair for its intended purpose of seating and relaxation.

SETUP AND ASSEMBLY

Your Fjords Stockholm chair typically arrives partially assembled. Follow these steps for final setup:

1. **Unpacking:** Carefully remove all packaging materials. Inspect the chair for any signs of damage.
2. **Base Attachment:** If the base is separate, align it with the chair's main body and secure it according to the included hardware instructions. Ensure it is stable and level.
3. **Power Connection:** Locate the power cord and connect it to the chair's power input. Plug the power adapter into a standard electrical outlet. Ensure the cord is not pinched or obstructed.
4. **Placement:** Position the chair on a hard, level surface. Allow sufficient space around the chair for full

recline and swivel motion.

OPERATING INSTRUCTIONS

Power Recline Function

The chair features a power recline mechanism for effortless adjustment. Locate the control buttons, typically on the side of the chair or integrated into the armrest.

- **To Recline:** Press and hold the recline button to smoothly move the backrest backward and extend the integrated footrest. Release the button at your desired position.
- **To Return Upright:** Press and hold the upright button to bring the backrest forward and retract the footrest. Release the button when the chair is in the desired upright position.

Swivel and Swing Function

The chair is equipped with a 170-degree swivel rotation and a comfortable rocking (swing) function.

- **Swivel:** Gently push off the floor with your feet to rotate the chair left or right. The chair will swivel up to 170 degrees.
- **Swing/Rocking:** The chair's unique gliding mountings allow for a gentle rocking motion. Lean back and forth to engage this feature.

Active Release System (Neck Support)

The integrated Active Release System provides optimal neck support. This mechanism can be adjusted with a single movement to customize your sitting experience.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Fjords Stockholm recliner.

Leather Care

- **Regular Cleaning:** Dust the leather regularly with a soft, dry cloth.
- **Spills:** Immediately blot any spills with a clean, absorbent cloth. Do not rub. For stubborn stains, consult a professional leather cleaning guide or product.
- **Conditioning:** Periodically apply a high-quality leather conditioner to keep the leather supple and prevent drying or cracking. Follow the conditioner manufacturer's instructions.
- **Avoid Direct Sunlight:** Position the chair away from direct sunlight and heat sources to prevent

fading and drying of the leather.

Mechanism Care

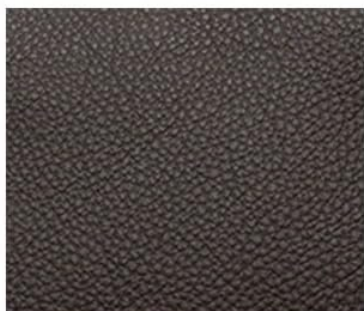

- **Moving Parts:** The reclining and swivel mechanisms are designed for long-term use. Avoid forcing the mechanism. If movement becomes stiff, contact customer support. Do not attempt to lubricate internal components yourself.
- **Electrical Components:** Ensure the power cord and adapter are free from damage. If any electrical issues arise, discontinue use and contact customer support.

TROUBLESHOOTING

If you encounter any issues with your Fjords Stockholm recliner, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not recline.	No power, loose connection, or motor issue.	1. Check if the power cord is securely plugged into both the chair and the wall outlet. 2. Verify the wall outlet is functional by plugging in another device. 3. Inspect the power cord for any visible damage. 4. If the issue persists, contact customer support.

Problem	Possible Cause	Solution
Swivel function is stiff or not smooth.	Obstruction under the base, or mechanism issue.	1. Ensure there are no objects obstructing the base's rotation. 2. Check that the chair is on a level surface. 3. Do not attempt to lubricate the mechanism. Contact customer support if the problem continues.
Unusual noises during operation.	Loose components or mechanism wear.	1. Stop using the chair immediately. 2. Inspect for any visible loose parts. 3. Contact customer support for assistance.
