## SETUP

### Charging the Karaoke Machine

The Burletta C10 is equipped with a Lithium Ion battery. To charge the unit, connect the provided USB Charging Cable to the DC 5V port on the control panel and plug the other end into a compatible USB power adapter (not included). The charging indicator light will illuminate. A full charge typically takes approximately 4 hours and provides up to 2.5 hours of playtime with the LED lights active.

## Microphone Setup

Both the wireless and wired microphones require batteries to operate. The wireless microphone requires 2 AA batteries (included). To install:

1. Unscrew the base of the wireless microphone.
2. Insert 2 AA batteries, ensuring correct polarity.
3. Screw the base back on securely.
4. Press and hold the power button on the microphone to turn it on.

The wired microphone connects directly to the MIC IN port on the control panel.

## OPERATING INSTRUCTIONS

---

### Power On/Off

To power on the karaoke machine, rotate the ON/OFF knob located on the control panel. The unit will automatically enter Bluetooth pairing mode.

### Bluetooth Connection

1. Ensure the karaoke machine is powered on and in Bluetooth mode (indicated by a voice prompt).
2. On your smartphone, tablet, or other compatible device, enable Bluetooth.
3. Search for available devices and select "Burletta C10" (or similar device name) to pair.
4. A voice prompt "Connected" will confirm successful pairing.

## Playback Modes

The Burletta C10 supports 6 playback modes. Press the 'Mode' button on the control panel to cycle through them:

- **Bluetooth:** Connect wirelessly to your smart devices.
- **USB:** Play audio files directly from a USB drive.
- **AUX:** Connect external devices via a 3.5mm auxiliary cable.
- **FM Radio:** Tune into your favorite radio stations.
- **Micro-SD:** Play audio files from a Micro-SD card.
- **PA Portable:** Use as a public address system.

### Light Effects

The speaker features a color-shifting LED ring light. Press the 'LED' button on the control panel to cycle through different light modes and patterns.

### Microphone Usage

Adjust the microphone volume using the 'MIC VOL' knob and add an echo effect with the 'MIC ECHO' knob. The system supports two microphones simultaneously for duets (one wireless, one wired).

## MAINTENANCE

To ensure the longevity and optimal performance of your karaoke machine:

- Clean the unit with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- Keep the machine away from water and excessive moisture.
- Store in a cool, dry place when not in use.
- For extended storage, remove batteries from the microphones to prevent leakage.

## TROUBLESHOOTING

- **No Sound/Low Volume:** Check the master volume knob on the unit, the microphone volume knob, and the volume on your connected device.
- **Microphone Not Working:** Ensure batteries are correctly inserted and charged in the wireless mic. Verify the microphone is powered on. For the wired mic, ensure it is securely plugged into the MIC IN port.
- **Echo Effect Cannot Be Turned Off:** While the MIC ECHO knob allows adjustment, some inherent echo may be present due to the karaoke machine's design.
- **Charging Issues:** Confirm the USB charging cable is securely connected to both the unit's DC 5V port and the power source.
