SETUP AND ASSEMBLY

This table is designed for straightforward assembly. Follow these steps carefully.

- 1. Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches.
- 2. Assemble the Steel Frame:** Connect the steel frame components using the provided screws. Ensure all connections are firm but do not overtighten initially.
- 3. Install MDF Storage Shelves:** Place the MDF shelves onto the designated supports within the steel frame. Secure them with the appropriate hardware.
- 4. Attach Non-Slip Pads:** Apply the non-slip pads to the top of the frame where the glass panels will rest.
- 5. Place Glass Top Panels:** Carefully place the reinforced glass panels onto the frame, aligning them with the non-slip pads. The glass edges are smoothly chamfered for safety.
- 6. Install Adjusters:** Screw the adjusters into the bottom of the table legs. These can be adjusted to prevent wobbling and ensure stability on uneven surfaces or carpets.

MAINTENANCE

Proper care will ensure the longevity and appearance of your coffee table.

- **Cleaning Glass Surfaces:** Use a soft, lint-free cloth and a glass cleaner to wipe the glass panels. Avoid abrasive cleaners or harsh chemicals that could scratch or damage the glass.
- **Cleaning Frame and Shelves:** Wipe the steel frame and MDF shelves with a soft, damp cloth. For stubborn stains, a mild soap solution can be used, followed by drying thoroughly.
- **Avoid Moisture:** Do not allow liquids to sit on the MDF shelves for extended periods, as this can cause swelling or damage.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Re-tighten if necessary.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

- **Table is Wobbly:** Adjust the levelers (adjusters) on the bottom of each leg until the table is stable. Ensure all assembly screws are tightened.
- **Glass Scratches:** To prevent scratches, avoid dragging rough objects across the glass surface. Use coasters or placemats for drinks and decorative items.
- **Difficulty Assembling:** Review the assembly steps carefully. Ensure all parts are correctly oriented. Do not force components together. If a part seems ill-fitting, double-check the instructions or contact support.
